

# INDUSTRIAL NOTES.

(Portland Correspondence.)

That Oregon should have an annual dairy show of large proportions is the belief of Dr. W. S. McClure, chief of the Bureau of Animal Industry in the Northwest. That the greatest exposition in the country, with the possible exception of the National Show at Chicago, could be held here each year is his statement, basing this prediction on the manifest advantages of the climate and all conditions that favor the dairy industry.

"Western Oregon," said he, "should become the greatest dairy country in America. Natural advantages here are equalled nowhere else and the state should exert an effort to increase its dairy output 100 per cent. An annual dairy product of \$100,000,000 is below the capacity of Oregon along these lines."

"If Portland would promote and develop a western dairy show, it will in a few years become the largest and most interesting livestock exposition held west of the Mississippi River. The result of such a show would be the stimulation of the dairy interests and hundreds of people would come to Oregon to engage in the industry."

Loyal Oregonians have reason to feel proud because of the tribute to Oregon apples paid by Prof. H. E. VanDeman, Judge at the Spokane Apple show, who declared the car of Spitzbergen, winning the sweepstakes prize, which were grown at Hood River, were the most perfect apples he had ever seen. Prof. VanDeman is a noted judge of fruit, having awarded the prizes at the Columbian Exposition at Chicago and he has also acted in a similar capacity at the leading fruit shows of the country.

February 1, 1911 is the date fixed for the inauguration of train service into Interior Oregon over the new Hill line up the Deschutes. By then it is expected the line will be in operation to Matolius, 150 miles south of the Columbia river. Grading has already been completed through Madras, six miles north of Matolius. Rails are now laid 30 miles south of the Columbia.

The display taking first prize at the recent Dry Farming Congress in Spokane was grown and exhibited by Tillman Reuter, of Madras, and it was so good that the exhibit has been secured for permanent display of the Chamber of Commerce of Portland. The collection of farm products is surprisingly complete and serves as a splendid illustration of what can be done on semi-arid lands without irrigation.

Four hundred thousand invitations to attend the Oregon Good Roads Convention in Portland, December 12, have been sent to representative citizens in every county of the state. The convention plans to put into definite shape the practical road-building campaign to follow the passage of the recent amendment giving counties the right to bond themselves for highway improvements.

## NEW CLUBBING PROPOSITION

We have arranged to offer in connection with this paper, the new monthly farm magazine just started at Lincoln, Nebraska, by Prof. H. W. Campbell and devoted to the subject of how to farm in the dry country and how to get best results from soil tillage under normal conditions. This paper is Campbell's Scientific Farmer and we offer it clubbed with The Times-Herald both for \$2.50 per year cash. Prof. Campbell's new paper is a monthly, check full of good things, the only paper of its kind in the world, and it embodies the results of the editor's many years of painstaking investigation of the soil tillage proposition.

## A Handsome Woman

Every woman may not be handsome, but every woman should keep with care the good points nature has given her. No woman need have sallow skin, dull eyes, blotchy complexion, who pays proper attention to her health. Where constipation, liver derangements, blood impurities and other irregularities exist, good complexion, bright eyes and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, a constant tired feeling—mean that the liver and digestive organs are needing help and correction. Chamberlain's Stomach and Liver Tablets give this necessary help. They work in nature's own way. They do not merely flush the bowels but tone up the liver and stomach to fulfill their proper functions. So mild and gentle do they act that one hardly realizes that they have been needed. Chamberlain's Tablets can be relied upon to relieve biliousness, indigestion, constipation and dizziness. Sold everywhere. Price 25 cents.
