The Times-Herald would urge the voters of this school district to attend the bond election on May 12. It is a very important matter and should have particular attention. We must have a new school building; the district has sufficient taxable property to justify a bond issue for such purpose; the voters are almost unanimous in favor of issuing bonds; yet very few voters attended the last election for that purpose. It is a reflection upon our public spirit and patriotism—it doesn't look good to bond buyers. We may acquiesce in every particular with the movement and consider that those who do cast their votes are sufficient but it is not. Every voter in the district should attend—even the ladies should go and cast their votes.

The matter of location is not to be considered at this election but will be left to the school patrons at the regular election in June. That is the time to settle the location of a site for the new building but bear in mind we must have the building and the larger the vote the better effect on the bond market.

The Times-Herald would urge upon the water users of Harney Valley the importance of the suggestion made last week to have the water rights of Silvie River adjudicated. There is no occasion for delay and every reason for immediate action. The irrigation project under investigation is to a point where this step is now necessary and litigation and delay must be avoided. The Times-Herald knows there has been some prejudice expressed against the State Board method in the past, but this was immedi-

ately following its creation and before the new law had been put into actual use. If any one has a better, more equitable manner of adjusting the rights let him come forward with it.

The Times-Herald learns that more than one application has been made to the State Engineer asking adjudication of the water rights on Silvie River. None of these were asked by the gentlemen promoting the irrigation project—they have been asked by water users. This has caused some preliminary investigation by the State Engineer which may result in the work being taken up this season provided there is an inclination shown by a sufficient number of users.

NEWS FROM VALLEY VIEW.

Sunday School was well attended, Sunday, 33 being present.

The Fair committee has kindly set Thursday of Fair week for Grange day. The Valley View and Rye Grass grange (which is at the Denstedt school house) will work together and both cooperate with the fair committee to make that day as well as every other day of the fair a success. While the grange is in its infancy yet, and not very numerous in this valley, we will do all we can and as we increase in numbers we increase in strength. The grange will have a booth at the Fair and a place for the ladies and children to rest.

We saw the famous broncho squeezer, walking toward Valley View on his way to the hills he chanced to meet an old friend and the poor Bronco had to content himself with tagging along behind.

Walter George another famous broncho buster paid us a flying visit on Monday. Come again Walt we will not tell on you next time.

H. F. Huntley's patent bread mixer is still standing idle on the shelf for want of someone to turn it. Girls if you knew how easy it is to turn you would all apply

for the job. H. F. has been wearing his heart on his sleeve all winter until it is frostbitten.

Leap frog is a very exhilarating and exciting sport if you don't believe it ask the teacher and big girls of the Valley View school.

Mr. and Mrs. Scott Hayes and family visited with friends here on Monday.

Will Cobb left for Vale Monday for a load of freight.

JACK RABBIT.

OLLIE RIGGS BAKER.

The body of Mrs. Don Baker, the woman who took her life at Wild Horse last Friday evening, arrived in Burns last Sunday morning. Mr. Robt. Miller, of the P. L. S. Co.'s White Horse ranch driving day and night with chagrins of teams.

The funeral was held on Monday afternoon, Rev. C. W. Holloman conducting the service at the home of her mother, Mrs. Riggs; interment being made in the Burns cemetery.

Deceased was thirty-five years old belonging to one of the pioneer families, having resided in this section for twenty years and numbered many friends among the old time residents of the county. She had been in poor health but was thought to be improving. Deep sympathy is expressed for the bereaved relatives. She leaves besides her husband an aged mother, Mrs. E. J. Riggs, two brothers, Matt and Charles, two sisters, Mrs. T. H. Short and Mrs. Frank Baker, all of whom reside in this place. Another brother, Harry, lives in Lake county.

AUTO TRUCK FOR FREIGHT.

Homer Cecil came in Thursday afternoon with a handsome new White automobile which he had recently purchased in Portland. C. A. Bedell came up with him. He was also accompanied by Elliott E. Brett, sales manager for the White Motor Car Co. The latter also drove a machine in and is investigating the prospects for an auto truck line from Bend to Burns. Mr. Brett's company has a large auto truck now in operation in the Deschutes section and if he can secure sufficient encouragement from local business men will put in one or more to operate between this city and Bend for quick freight service. He should receive encouragement.

ODD FELLOW LODGES CELEBRATE.

Ninety-Second Anniversary of Founding of Order in United States

Wednesday was Odd Fellow day in Burns and a large number of the members of the order gathered in Burns for a re-union and celebration of the 92nd anniversary of the order in the United States.

Harney Lodge, No. 77 has a membership of some 125, Sylvia R. D. Lodge No. 43, has some 150 members. Not all the members were present but with visitors and the families it was estimated there were at least 350 people attended the celebration and participated in the festivities of the evening.

The parade in the afternoon was a feature. Owing to threatening weather the parade was called off at one time but later it was decided to have it and several members had gone away and did not participate. The Burns band led the parade which started from the Odd Fellow building and marched to the corner of The Times-Herald office then north to Locher's hall and back to the hall. There were between 50 and 60 members of the subordinate and Encampment in the parade.

A fine program was rendered in the hall at 8 o'clock. The lodge room and banquet room were handsomely decorated with the colors of the order and the house was packed with member and their guests.

Mr. A. B. Whitney gave the principal address of the evening in which he paid a high tribute to the order. Mr. Whitney gave an outline of the principles and work of Odd Fellowship and by statistical references showed the great good accomplished by the brotherhood throughout the world.

Dr. J. W. Geary, Noble Grand, presided and was assisted by Archie McGowan acting Vice-Grand and L. M. Hamilton acting chaplain. The historical review prescribed in the book of forms of the order was gone through by these officers.

The program was:

Opening Chorus - Mixed Voices
Historical Review, Lodge Officers
Male Quartet - - - - -
Cornet Solo - - - - - Homer Reed
Address - - - - - A. B. Whitney
Ladies Quartet - - - - -
Recitation - - - - - Nina Wiseman
Vocal Solo - - - - - Mrs. Wm. Farre
Violin Solo - - - - - Ora Hill
Male Quartet - - - - -
Vocal Solo - - - - - Louel Smith
Recitation - - - - - Mrs. J. O. Cawfield
Vocal Solo - - - - - Platt T. Randall

Mrs. Cawfield responded to a very enthusiastic encore in a very pleasing manner. Platt Randall had to give those present more of "The Party at Odd Fellow Hall" to satisfy them.

Immediately following the program the lodge room was arranged for dancing and while the young people enjoyed this feature the older ones and children repaired to the banquet room where they were served with one of the finest suppers ever set down to in Burns. Everything possible to secure in the way of good things to eat was spread before the guests.

The dancing party lasted until about 2 o'clock the following morning.
