HIGH SCHOOL COMMENCEMENT.

The graduating exercises of the Harney County High School were held at Locher's hall last evening. The building was filled with the friends and relatives of the class and the exercises were very good, indeed, each participant being warmly applauded.

The high school is growing in number of pupils and popularity each year and has become one of the best educational institutions in the state and one in which the patrons and taxpayers take pride. The class of 12 just graduated is the largest in the history of the school and comprised six girls and six boys. They were: Eula McKinnon, Nina Baker, Emma Johnson, Lenore Sizemore, Nina Wiseman, Bessie Swain, Merle Bennett, Ralph Irving, Gus Bardwell, Waldo Geer, Sherman Smith, Chester Mace.

Dr. W. L. Marsden made the class address and caused most favorable comment. The Doctor did not speak from notes but gave an extemporaneous address of high class that did him great credit. It was one of the best we have ever heard.

C. H. Leonard was called upon at the last moment to present the diplomas. Mr. Leonard addressed the class briefly but what he said was exceptionally good and much appreciated by the class and all present.

The Times-Herald will not make individual comment upon the members of the class. Each number was well performed and the people of Harney county are proud of the young ladies and gentlemen.
