Three Months \$3.50

JULIAN BYRD - Manager

A farmer took two thousand bushels of wheat to market and there was little demand, the dealers all being supplied so he was compelled to sell it a bushel at a time to the people living in the town, and most of them not having the change promised to pay soon as they got the money. The farmer considered that he had done the best possible thing and he knew that all the people were good for the bushel of wheat but do you know when it came to squaring up these two thousand accounts the farmer had an awful time and he immediately went to the office of his county paper and squared his subscription for one year in advance, saying he knew just how it was when a man had a couple of thousand small accounts. And it is the same in all newspaper offices, says an exchange.

That's the situation with us at present. The Times-Herald is having a fine office building

erected that will cost several thousands dollars and would like to have its subscribers respond to its requests. A large number have paid during the last two weeks but a larger number haven't. We hope that these will "come across" as soon as possible.

From present indications we are going to have the best county fair this fall in the history of the county and that there will be many noted people from the outside to view it.

The meeting of the Central Oregon Development League the same week will bring not only distinguished visitors from the big commercial and railroad centers, but many of our neighbors from Crook, Lake and other sections comprising the territory which the league represents. It was very fortunate to arrange to have these visitors during fair week when they will have an opportunity to see what this big country can produce. The premium list has been enlarged and will be most attractive to exhibitors—especially the dry farmers who have had an uphill struggle and who welcome the new experiment farm.

Rough lumber \$15.00 per M. at Mill. BURNS MILLING CO.

MRS. R. J. MCKINNON.

Mrs. R. J. McKinnon died at her home up the river last Tuesday evening after an illness of some two weeks with spotted fever. It was more or less a shock to the many acquaintances of the family as but few knew of her illness.

Mrs. McKinnon was one of the best known and highly esteemed pioneer women of this country where she has resided since 1888. Mr. and Mrs. McKinnon had reared a large family and had made an ideal home on a small farm north of Burns where they were spending their declining years in comfort with several of their children within short distances who made frequent visits to the home. Mrs. McKinnon always had a cheerful welcome for her visitors and her genuine frontier hospitality was appreciated by a wide acquaintance.

Deceased was formerly Emily H. Long and she was married in Iowa on November 7, 1858 coming with her husband to the west in 1863, settling in California. They came to Harney county in 1886 where they had since resided. She was the mother of twelve children, nine of whom survive her. J. E. McKinnon of Baker county, Thomas who is now in Iowa, Mrs. Ida Campbell of California, Mrs. Lucy Baird of South Dakota, Robt. J. McKinnon of this city, Mrs. E. M. Clark of Mann Lake, Mrs. Alice Clark of Redmond, Mrs. Thomas Cleveland of Van, and Mrs. Joel Smith of Ontario. All but the first four are here for the funeral and to comfort their aged father.

The funeral will be held this afternoon from the family home up the river, the service will be conducted by Rev. C. W. Holloman of the Baptist church. Interment in the Burns cemetery. The entire community extends sympathy to the bereaved family and mourns the loss of a most estimable friend.

GREAT NORTHERN FAIR PREMIUMS.

The secretary of the Fair Association has just received a letter from E. C. Leedy, General Immigration Agent of the Great Northern Railway in which he states that President Hill appreciates the co-operation received from the Association in the way of collecting exhibition material for the exhibit cars last season and he again offers a cup and prize ribbons at the fair this year.

According to this advice the prize ribbons will be furnished for all premiums of farm products, grains, grasses, vegetables, fruits ect. The silver cup will be awarded to the best individual collection of such products by one individual. This will cause considerable interest and rivalry among exhibitors as the magnificent cup given by Mr. Hill last year were larger and finer than was ever anticipated. Many vowed at last fair that the individual who carried away a Great Northern Railway silver loving cup this season would have to hustle.

This generous offer of the railroad people adds much interest to the fair and is much appreciated by the management. These prizes in connection with several specials offered by the Association makes the collection and display of Harney county products very attractive to prospective exhibitors.

The Times-Herald hopes local business men will also come forward with special premiums.

FOR SALE BY OWNER.

1 section, 640 acres, level unimproved sage brush land in Harney Valley, can be subirrigated. 160 acre tract, fenced, good house deep well and otherwise improved. 160 acres tract unimproved. Prices made to suit intending settlers. No speculators need apply. Inquire at this office.

ESTRAYED OR STOLEN—From my place at Harney about May 15, two sorrel mares weighing about 1500 each. One is 5 years old branded J. P. connected on left shoulder, the other is about 12 years old inclined to be a little "hog backed" not sure to her brand. Both are broken. A suitable reward will be paid for information leading to their recovery.

J. P. WITHERS.

The vacation period is here proper—every one who can have left for the cool retreats in the mountains. The Home Hotel is the comfortable place to board.

Dissatisfied with Court Action.

EDITOR THE TIMES-HERALD—In your issue of July 15th you state petition of O. S. Preston and others for change in road south from Weaver springs was denied because of no petition having been filed and affidavit defective. Now this is doing the residents of Weaver Springs and Glenlock settlements a frank injustice. A copy of the petition was filed with the county clerk also an affidavit stating that a copy of the petition was posted at the beginning of road petitioned for also one in center and one at its junction with the Narrows and Weaver Springs road also one posted at the Court House. On July 6th I personally went before the court to urge our claims and to give any information they might wish in regard to it. I was informed by the Court that the law required that an affidavit be filed stating where the petitions had been posted, and that we having failed to do so invalidated our petition. I assured the Honorable Court I had filed such a petition with the clerk. They got the papers and looked them over again and found the affidavit and after asking me several questions in regard to the road, assured me that they would order it viewed. Now Mr. Editor it seems incredible to me that the Honorable Court would trick us in the way you say after having given me the assurance that they would order it viewed. The road asked for is only ten miles long and will give us an outlet to both Burns and Narrows. On the Narrows and Weaver Springs road every homesteader but two between Weaver Springs and the Narrows and Iron Mountain road have commuted and left their claims. At the request of A. McKenzie we asked for a discontinuance of the Weaver Springs and Narrows road for a short distance and connect with our road a little farther south so there would not be a road on both sides of his Weaver Springs land and save the building of a small bridge, now there are 8 or 10 persons on this short piece of road that will put out from 80 to 200 acres of grain this fall and we will also build a school house. We want to make Permanent Improvements and can't tell where to plant trees or fix our lawns until we have established a road this is a new settlement only one person having been here quite three years.

Now, I challenge the Honorable Court to show us any place in Harney county where as much has been done in so short a time on so short a piece of road. We do not ask the county to do any grading all we ask is to establish the road and give us the privilege of doing what little is necessary to put the road in shape for travel. Within the last two years the settlers of Weaver Springs and Glenlock have bought \$500 worth of plows alone from Burns merchants, ought we not to have an established road instead of having to break a new one through the sage brush every time a new ranch is opened. We hope you have made a mistake, we are lothe to think that the Honorable County Court would do us such rank injustice after all we have done to help develop the county. O. S. PRESTON.

WARRANT CALL.

Notice is hereby given that there are sufficient funds in the county treasury to redeem all Harney county warrants registered prior to May 1st, 1911. Interest ceases on all such warrants from July 8, 1911.
