FAIR WEEK EXTRA. NO. 1.

BURNS, OREGON, MONDAY EVENING, OCTOBER 2, 1911

PRICE FIVE CENTS

## THE CENTRAL OREGON DEVELOPMENT LEAGUE

### Burns and Harney County Extend You a Hearty Welcome

"O-R-E-G-O-N  
U-N-I-T-E-D  
OREGON UNITED  
HIP, HIP, HURRAH!"  
"WHAT'S OUR SLATE?  
BUILD OUR STATE!  
BUILD OUR STATE!  
THAT'S OUR SLATE!  
BURNS—HOT STUFF!"

C. C. CHAPMAN, The "All Oregon Booster."

Thus the big Portland delegation greeted the cheering people of Burns at 2:30 this afternoon as the dozen autos stopped before the accommodation headquarters. They were led by C. C. Chapman, the "All Oregon Booster."

A very heavy rain storm yesterday afternoon prevented the several cars from Portland and other western points reaching Burns on time, therefore there has been no formal meeting of the Development League. In the absence of C. C. Chapman and president Hanley no program had been arranged up to three o'clock.

Lakeview is here in force, be-

ing the only delegation, with the exception of Vale, to reach us in time for the time scheduled to open the meeting. Twelve more autos arrived late this afternoon—the Portland delegation of 60 men.

An elaborate complimentary luncheon was served to the visiting delegates at noon. It was under the direct charge of Wm. Farre who was complimented on its excellence.

President Hanley went out yesterday to meet the bunch and started on over to Prineville to accompany the Hill party in but has turned toward Burns since it is not certain that Mr. Hill will make the trip owing to the condition of the weather and roads. Mr. Hill may yet come, however, as the weather bids to be fairer and the Burns-Bend road has been suggested as the route to come.

The meeting was called to order by Judge W. S. Worden of Klamath Falls, Vice-president in the absence of President Hanley.

Mayor Clevenger welcomed them in a few well chosen remarks.

Judge Wm. Miller welcomed them on behalf of the Burns Commercial Club.

Judge Miller was followed by G. F. Johnson, chairman of the executive committee of the Portland commercial club, who spoke of the appreciation of the Portland delegation of the opportunity to be present. Not one wanted to turn back on account of bad weather.

C. C. Chapman followed with an enthusiastic address on loyalty to the organization and necessity of united boosting for the whole state.

There will be an evening session at Locher's hall but no pro-

gram has yet been arranged—the speakers not having been assigned at the time of going to press.

The Times-Herald did not get a complete list of the Portland delegation before going to press, owing to the lateness of the hour. Among them are C. C. Chapman, Phil Bates, Marshall Dana, Wm. McMurray, of the O-

OUR ONLY "BILL" HANLEY

W. R. & N. Mr. Miller and Mr. Robinson of the same company. In all there are 60. The other delegations who arrived earlier are:

Bend—Dr. Coe, A. O. Hunter, J. E. Sawhill, Elmer Merrill, Judge Ellis, A. M. Lara, J. A. McGilloray.

Vale—H. R. Dunlop, G. W. Hayes, Leonard and Emory Cole. Lakeview—V. L. Snelling and wife, W. H. Shirk and wife, F. P. Light, Bert and Guy Rice; Hon. W. Lair Thompson, Ed. Brittain, Jack Bachelder, J. C. Dodson, J. N. Watson and wife C. M. Faulkner and wife.

Klamath—Judge W. S. Worden and wife, S. T. Summers, C. T. Olliver.

The largest exhibit so far is the one made by Ralph Hibbard, made up of products raise of his Prather creek farm.

His farm is given over to crops of a diversified nature, and he raises everything to gladden the heart of the most enthusiastic farmer, palate of a particular vegetarian. One should see his melons, tomatoes and other vegetables and fruits and be convinced, that comes to the farmer that works.

The Drewsey exhibits are just arriving as we go to press. While these exhibits have not been placed—if one can judge by the mammoth pumpkins, and squashes it will be worthy of our closest investigation.

The grain and grass exhibit promises to be a good one, they are coming from all parts of the county.

The grain is of an excellent quality and it does not take much of a prophet to take a peek into the future and see our valley given over to the fields of golden grain.

Grasses, such as alfalfa, red top, clover, also timothy, vetch and field peas are on a par with those grown in other parts of the country. These products are suitable for the raising of horses, cattle, pigs, sheep etc. If we were suggesting we might say as a word of admonition that "pigs is pigs," and there is money and good money to the producer.

While we have never claimed this country as a fruit country, yet in the face of the fruit that is now on exhibition and that which is coming in we will have to pull in our horns, and become a fruit boomer as well; for we found apples, (many varieties) plums, peaches, pears, melons, cantaloups, etc, which demonstrates that fruit can be raised, and what one man can do another can also. While our prairie lands may wave in golden grain, our hills, under proper cultivation and irrigation will produce as good and hardy fruit as found in some of the valleys now noted for fruit production.

The vegetable crop this season has been good.

Special mention might be made of the corn brought in by Mr. Chas. Wilson. The stalks are about ten feet high.

One of the most peculiar vege-

tables is the kahlrabi, which is a cross between the cabbage and turnip it is said to be very palatable. There are a number of samples of this appetizing vegetable.

Tomatoes can be found in many of the exhibits, they will speak for themselves, as to the mildness of the climate and quality of the soil.

Cabbage can be found that is as large and solid as needed and is guaranteed to make the finest quality of sauer kraut to gladden the hearts of expected German settlers.

The sugar beets are of a very fine quality according to the testimony of experts who have seen

WM. M'MURRAY, General Passenger Agent, O.-W. R & N Co.

those raised here; it will not be very surprising if in about two years we will be placing samples of sugar on exhibition also.

Other features of the fair are merry-go-round, shooting at moving animals, throwing at the babies, and all concessions that go toward making up a good live fair.

CLOTHING SALE AT THE BUSY CORNER STORE.

W. H. Shirk is among the Lakeview delegation to the Development league meeting. Mr. Shirk is now president of the First National Bank at Lakeview and this is his first visit to Burns for several years. He is having a very pleasant visit with old time friends with whom he used to be so closely connected in business matters. He is accompanied by his wife.
