CLEANING AND PRESSING

The Times-Herald

JULIAN BYRD
SATURDAY, NOVEMBER 19, 1911
SUBSCRIPTION RATES:
One Year \$12.00
Six Months \$7.00
Three Months \$3.75

The Times-Herald begins its twenty-fifth year with this issue and is the only paper in Harney county to have a complete file of its issues and never miss a publication during that period. The present manager has been with the paper almost constantly since December 1889, being away only a short time, and feels a pride in his long association with the publication and his very pleasant business relations with hundreds of Harney county citizens. He has always been able to meet his obligations promptly and satisfactorily and is not owned by any political boss or ring. The paper has had practically his entire attention during these years and its volume of business has grown each year. The Times-Herald will move today into its new home which will stand as a monument to its success during past years. The Times-Herald building just receiving its finishing touches is one of the most substantial in

Harney county, if not the best. There is no mortgage on it and the manager might say in passing that it is the property of the manager of this paper and his estimable friend Phil G. Smith. It was built primarily to house The Times-Herald and give it a permanent home among the business institutions of Burns. The paper is well equipped in its mechanical departments—even better than some daily papers—and when the business demands more such additions will be added. The Times-Herald enjoys the confidence of the business men of Burns and the surrounding country in a way that is gratifying to the manager and he hopes to be of greater service to the Harney country in future than in the past. After today its friends will find this paper in the new Times-Herald building where they will be most welcome at any time. It has been quite an undertaking to complete this handsome modern building and we wish to express our appreciation of the promptness with which a large number of debtors have responded to a request to help. **PUMPING IRRIGATION PROJECT.** C. J. Sarvis, assistant engineer of the Central Oregon Irrigation

Co., was in the city this week from Lawen and vicinity where he has been for several weeks consulting with land owners and securing contracts for his company. Mr. Sarvis is connected with the concern organized by W. C. Parrish, who spent some time here last winter interesting local people in his scheme to pump water from Malheur Lake by electric power for irrigation purposes. Mr. Parrish has succeeded in organizing his company and it is ready to begin active operations next season. It claims to have already secured water power at convenient distances for transmission sufficient to irrigate 35,000 acres. Mr. Sarvis arranged with The Times-Herald to print the prospectus for his company and the job will be completed next week.

IN HONOR OF DR. MRS. BABBIGE

The reception to Dr. and Mrs. Babbidge Monday evening at the home of Mr. and Mrs. Gault was a most enjoyable affair. In the receiving line were: Mrs. Swain, Mr. and Mrs. Whitney, Dr. and Mrs. Babbidge and Mr. and Mrs. McHose. Many members and friends of the church called to greet the newly installed pastor and his wife and the spirit of good fellowship and appreciation of our new leaders in the spiritual work of Burns that prevailed was a good omen of what is to be in the church life the coming year, for with co-operation the Lord will richly bless their labors here. The program was a treat from beginning to end being carried out as printed in last week's issue with the exception of the visiting ministers not being present. In addition Mr. Platt Randall sang the "Holy City" and Mrs. Stephen (Auntie) Lampshire gave two readings that were especially enjoyed. Delicious refreshments were served consisting of coffee, cocoa and cakes. The dining room was prettily decorated with Japanese lanterns, the table lighted by shaded candles. Mrs. Kellogg and Mrs. Blott poured the coffee and cocoa; they were assisted in the dining room by Myra King, Helen Purington, Roberta Hibbard and Ruby Dalton. Mrs. Julian Byrd was chairman of the refreshment com-

mittee. Mrs. Beery, Mrs. Sprague and Mrs. Boyer assisted in the kitchen. The Ladies' Aid Society feel that they owe Mr. and Mrs. Gault a vote of thanks for their hospitality in opening their home for this affair. G. M.

FINE TRACT CHANGES HANDS.

J. W. Sayer and wife have disposed of their small tract adjoining the Homer Mace place on the River to Mr. Mace for a consideration of \$3000. There are some 12 acres in the tract most of which is in timothy hay. It is well improved with a large roomy house, granary, barn, etc. This tract was originally a part of the Haskell place of which Mr. Mace is owner, and was purchased by Mr. Sayer for a mill site and home. The mill was destroyed by fire several years ago and instead of rebuilding there and floating the logs down Silvie's River in flood time the mill was re-established in the mountains. Mr. Mace will improve the property which will make an ideal country home.

CHANGE IN TELEPHONE STOCK.

J. R. Jenkins, the Steens Mountain sheepraiser, while in Burns this week disposed of his stock in the Union Telephone & Telegraph Co. to Geo. Fry. L. E. Laurance also sold his stock to Mr. Fry but will continue as manager of the company as in the past. Mr. Fry states that there is no immediate changes contemplated in the affairs of the company, that Mr. Laurance will be the active manager of the concern for the present at least. Perhaps some improvements will be made in the service a little later.

VIRGINIA VALLEY NEWS.

Death has again visited our valley, Saturday evening Mr. Benedict Cameron passed away. He had been a sufferer from asthma for about six years and came to Oregon in the hope of getting relief arriving here Nov. 1st. He came out here to look at the country last spring and getting much relief while here decided to take up land. He accordingly bought Mr. Lockhead's relinquishment and his son James

purchased the adjoining one from Mrs. Nellie Moss. They returned to their home in Montana to dispose of their stock and land there and move here this fall. Mr. Cameron was a native of Italy but had been a resident of the United States for many years. He was about 48 years old and had been for many years a member of the Masonic fraternity. Besides a wife he leaves three sons and a daughter who have the sympathy of the entire community. Upon conference of the residents of this valley it was decided it was time we had a cemetery nearer than Burns or Harney the journey to either place is long and in cold weather a very hard trip. According to a number of the men selected a site and Mr. Cameron was laid to rest on a knoll about a mile east of our new school house.

Joe Rutherford made a flying trip to Burns on business.

Alva Quier left Sunday morning for Skull Springs to notify the Cameron boys of the death of their father. James and Ben Cameron had gone to that place for the last load of their household goods. All arrived home Tuesday evening.

Our freighters, Daniel Quier and son Harley, B. F. Steele and Don Henderson all arrived home Thursday just in time to miss the bad weather. They met some rain and snow but not severe weather.

Mr. Steele brought in a new stove and other supplies for the school.

Elder Quier preached in the new school house for the first time on Sunday Nov. 12th. Quite a number came out and the attendance would have been larger had it been a pleasanter day.

Mr. Cullen has finished a small addition to his house. Mr. Steele is adding a bed room to his home and Mrs. Cameron and Mrs. Hastie are ceiling and finishing their houses on the inside so we will be better prepared for the next cold spell.

Mrs. Millar has a fine lot of fall and winter millinery on display which the ladies should call and see at once.
