## CLEANING AND PRESSING

The Times-Herald

SATURDAY, NOVEMBER 11, 1911

### SUBSCRIPTION RATES

One Year	\$2.00
Six Months	1.00
Three Months	.50

The Times-Herald is now in its new and permanent home. It is the first time in twenty years this plant has been moved and it was a big job. The machinery in this office weighs a good many tons, not including the cases, stock of supplies and other accessories. The presses, the gasoline engine, the imposing stones, etc., are not infants by any means.

We have had considerable trouble in getting the machinery assembled and working satisfactorily and it will yet require considerable time until everything is adjusted. However, we are pleased to make this presentable appearance and on time.

We are not yet in company receiving condition but our friends are invited to call and will be given a hearty welcome and the use of the only chair in the house. In the evolution from the old to the new we left a good many relics as well as cob webs, and in our new surroundings with the

especially fine light from our big windows, we will be uncovering and clearing up the accumulation of these past years.

The Times-Herald is pleased to announce definitely the actual beginning of railroad construction in Harney county in this its first issue in its new building. The manager of this great religious weekly has labored long and faithfully at railroad building and has repeatedly given it cheering news to its many readers in Harney county who have patiently awaited this announcement.

Now it seems he must turn over his job to chief Stradley and turn his attention to other matters for the up-building of Harney county. Well we're willing. In fact we had tendered the railroad job to Mr. Stradley several times before, but he took his own time about taking the responsibility off our shoulders.

The Times-Herald has been informed that since the Horon Bros. have expended large sums of money and erected necessary buildings, installed big turbines and made other necessary preparations for power at the Sweetwater near this city, the P. L. S. Co. has forbidden them using any water for such purposes. This is not only a disappointment to the

Horon's but a loss to Burns as power plants and manufacturing establishments are desired. Just how the matter will be adjusted is not known. The Times-Herald does not pretend to know the merits of the case nor does it desire to appear pertinent, but this is a situation that should be avoided if possible and hopes it may be adjusted in some manner that will permit of the use of the water for power purposes.

At a recent election held in Lakeview to vote additional \$20,000 bonds for a high school there was not a vote against it. That's the right spirit and speaks well for the community.

### AN AWFUL MESS

Right on top of the definite announcement of the Harriman system that the east and west line through Harney county would begin comes the Portland Telegram with the news that the Hill system through its connections was planning an immediate invasion of this territory and that one coast terminus would be at Coos Bay. The Eagle says the Sumpter Valley contemplates extending on down the John Day the coming year and its "cinch" it won't stop until it finally reaches Burns and the Big Harney country, so the first thing we know we're going to have an awful mixup of railroads right in our midst.

### WILL EXTEND RAILROAD

The extension of the Sumpter valley railroad will be made as far as John Day next Spring and summer provided, however, rumors and sidewalk stories are true. Prominent Baker citizens who have an ear close to the management are authority for the statement. The building of the road will depend of course somewhat upon the attitude of the people as there would be no disposition on the part of railroad officials to push the line over and through private property by exercising the right of eminent domain. If rights-of-way can be peacefully secured it is more than likely, in fact it is stated that the extension will be made during the coming year. The Burns traffic is becoming a source

of profit for the railroad and in order to hold it the distance must be reduced as the Bend haul is becoming attractive to many shippers.—Blue Mt. Eagle.

### TWO PLEASANT SOCIAL EVENTS

The two rally day socials given by the Sunday School of the Presbyterian church yesterday afternoon and last night were a marked success. In the afternoon the primary and junior departments of the school and their friends were guests and entertained with games and refreshments suitable to their ages. More than one hundred of these little folks turned out and enjoyed themselves.

In the evening the other departments and their friends filled the church and were delighted with the entertainment and novel features offered. There was a yacht race in which the women and girls were successful over their male contestants; a blackboard drawing contest which Miss Collins of the public school carried off the honors; a cracker eating contest won by Mrs. Smyth; a vocal solo by Mrs. Harry McHose and remarks by the pastor. Refreshments were served and a general social time was had before home going.

The general committee having charge were Mrs. W. L. Ross, Miss Pearl Ellis, Miss Myra King, Miss Leila Egli and Mr. Beuss Byrd.

The rally day feature is to be carried out tomorrow in the church services of which announcement is made in another column.

### AN AUTOMOBILE ACCIDENT

Mrs. J. Percy Geddes of Vancouver, B. C., met with a painful accident Thursday by being thrown from an automobile. The lady is a niece of Mrs. Wm. Miller and has been visiting here for several weeks. She had started on her return home by way of Bend Thursday when a front wheel came off the machine while in motion throwing the passengers out. Mrs. Geddes fell on her face, being so muffled in wraps that she could not use her hands to break the fall causing a slight concussion. The lady was unconscious for some thirty minutes and was brought

back to Burns for medical attention. She has suffered considerably from the bruises but is resting very well at the home of her aunt.

### A SERIOUS OPERATION

Mrs. E. C. Bulkley of Silvies is recovering nicely from a very serious operation performed by Drs. Marsden & Griffith last Thursday afternoon. The surgeon removed a tumor from the abdomen that weighed 32 lbs.

It was one of the most difficult surgical operations ever undertaken by the Doctors and its removal was a terrible shock to the patient who is a woman just middle age. However, Mrs. Bulkley stood it fine and has rallied in a remarkable and satisfactory manner.

The patient is being cared for at the home of Mr. and Mrs. Harry C. Smith in this city.

### ELECTRIC LIGHTS

The electric lights have been turned on during the week but serving only a portion of the city. The mill is using the power night and day and there has not been sufficient to supply the entire city but Mr. Wheeler informs The Times-Herald the residence power will all be supplied with lights by the first of next month.

They are attaching the wires on the Times-Herald building today and they will be tested out in various parts of the building to make sure all connections are right before they are put in actual service. The hall will be in readiness for the Mother's Club Thanksgiving dinner on Dec. 1.

Postmaster Logan in his annual report of the money order department ending Nov. 30, makes the following showing: number issued, 5,648; amount \$36,907.76; number paid out, 3,522; amount \$26,774.48. International orders, number 45, amount \$380.32; paid out, 15, amount \$207.70. When it is realized that each one of our two banks represent a like volume of exchange in money order business the showing for our little city is more than creditable.

### FOR SALE BY OWNER

I section, 640 acres, level unimproved sage brush land in Harney Valley, can be subdivided. 160 acre tract fenced, good house, well and otherwise improved. Prices made to suit intending settlers. No speculators need apply. Inquire at this office.

### NOTICE TO HUNTERS

Having leased the hunting privileges, all hunters are hereby notified not to trespass on my land which is known as the "George Place," and borders on the north line of Malheur Lake, and which is seven miles southwest of Lawson.

ADAM GEORGE.

## Brown's Satisfactory Store LOWER PRICES

We are in a position to make you a price than any quotation submitted by any Harney County merchant, us the list. We will sell under it. This includes STUDEBAKER WAGONS, BUG-

**Brown'**  
N. Brown & Sons  
BURNS, OREGON

Who wants those swan feathers at Cheever's?

Rough and dressed lumber of all kinds now on hand at the Williams Bros. Saw Mill, Rough lumber \$15 per thousand.

Don't waste your money buying strengthening plasters. Chamberlain's Liniment is cheaper and better. Dampen a piece of flannel with it and bind it over the affected parts, and it will relieve the pain and soreness. For sale by all dealers.

### WARRANT CALL

Notice is hereby given that there are sufficient funds in the county treasury to redeem all Harney county warrants registered prior to August 1, 1911. Interested parties on all such warrants Nov. 4, 1911.

SIMON LEWIS,  
Treasurer of Harney County.
