There is really no just ground for complaint about the action of the county court in starting to build a new court house. It should have been done before. The importance of the records alone is sufficient to cause any sane body of men having the interests of the county at heart to make suitable provision for their safety. We have outgrown the dry goods box period and should at least keep abreast with our neighbors all over the state. The taxes in this county are lower even with the building fund added than any of our neighboring counties and they have fine court houses—even more expensive than the one to be erected here. The present tax is not a burden upon anyone. Why should there be a complaint? The taxpayers of the city of Burns will have to stand a greater tax than any other portion of the county with their fine new school building bonds, the regular city levy and the proposed bond issue for water works and sewer will make quite a tax but Burns is willing to assume such responsibilities. The citizens have always been awake to the advancement of the entire country and have gone down in their pockets to assist in building school houses in various districts, sent delegations at their own expense to confer with railroad people, development leagues and all gatherings where Harney county should be represented and where it was thought the advancement of the country in general would be helped. They were untiring in their work to secure the experiment station and have kept Harney county advertised to the outside world by personal contributions to put out descriptive pamphlets. The citizens of Burns have earned the gratitude of public spirited men for such work and such men are in favor of putting up a court house at the county seat that will be ample for years.

BOYS' HOG CLUBS.

Boys' hog clubs to the number of five or ten in every county, working on the same principle as the great system of corn clubs fostered by the Agricultural Department throughout the corn belt of the nation, are to be features of Oregon development work. Superintendent Alderman of the state schools yesterday listened to plans for the work unfolded by Secretary O. M. Plummer, of the Union Stockyards, and gave his indorsement, says The Telegram.

Hog clubs will not be a portion of the agricultural club plan for the schools, but will be started as a separate institution, to get immediate results in production of the much-needed porker in the Pacific Northwest. Texas now has a mighty system of boys' hog clubs, which is working wonders in educating farmers as to the wealth that may be secured from this humble branch of livestock.

For some time the Union stockyards has been planning to send one or more men into the country in an effort to organize boys' clubs for raising hogs. Superintendent Alderman also is arranging to send out men in his agricultural club work. At a meeting yesterday they agreed that

BURNS GETS BUSY

The recent action of the progressive business men of this city in getting data before the railroads and offering inducements to have a line extended to Burns was timely and will surely produce results. Representative men have been sent to both Salt Lake City and Portland with definite information and concessions that will appeal to railroad officials.

Burns is ready to do her part toward bringing a road direct to this city and there is every reason to believe the railroad people will take favorable action. Right of way can be furnished and a pioneer citizen has agreed to deed the road forty acres of land for terminals free of cost.

SUNSET NOTES

The Sunset people are showing the same enthusiasm in the Grange organization that they showed a few years ago in getting a school started and in building the best rural school house in Harney County. The Grange was organized a few weeks ago with sixteen charter members; already they have received enough applications to double their number. We predict that Sunset will have the largest Grange in the county within a year.

Sunset people are praising the actions of the progressive board of county commissioners in levying a tax for building a new court house. When it comes to public improvements Sunset is there with both feet.

It is announced in Sunset that Sidney Comegys is coming out for sheriff. Sid will find a good many loyal democrats in Sunset.

The continued roar we have heard in the East the last few days is not the Harriman and Waverly people shooting rabbits, as we had supposed, it is the Harriman railroad people constructing that tunnel in Malheur canyon.

The Sunset ladies, who thought Dog mountain was such an undesirable name for such a beautiful country, and changed to Sunset Valley, now seem to think Dog mountain is about the right name since the Harriman people refer to it as an objective railroad point.

A splendid musical program will be rendered on January 20th at the opera house under the auspices of the high school. Prof. C. B. Smith has secured the best musical talent in the city for the occasion and the program under his direction is certain to please. The proceeds will go to the high school piano fund.—Enterprise.

ARTHUR HORTON DIES SUDDENLY.

Arthur Horton died at his home in this city early Monday morning from the effects of quinsy, an abscess having formed and choked him before aid could reach him.

He was out on Friday and helped to shovel snow off the Odd Fellow building roof. That evening his throat became sore, but he did not remain at home, going to a meeting of citizens at the court house to discuss water works and sewer systems. On Saturday evening he told his brother H. M. Horton he felt too bad to go to I. O. O. F. lodge, but then he did not consider his ailment serious.

He had gotten up Monday morning, started a fire and was preparing to heat some water to bathe his swollen throat when he sat down in a chair and expired.

Mr. Horton was a very quiet, unassuming man who had worked hard since coming here. He was an energetic man who attended strictly to his own affairs and a man who could be depended upon in whatever he undertook. It was a great shock to his family and friends that his life was cut short so suddenly while in his prime.

Arthur Horton was born Aug. 4, 1875 in Nevada county, California, coming here several years ago and associating with his brother, H. M. Horton, in the electric light plant and other enterprises. He leaves a wife and two sons four brothers, Dr. H. M., Dean and Marion Horton of this county; Harry Horton, another brother in Mexico, a sister in Seattle and his mother in California.

Funeral services were conducted at the family home Tuesday afternoon by Rev. C. W. Holloman after which Harney Lodge, No. 77, I. O. O. F. of which deceased had just been installed Noble Grand, took charge of the remains and that impressive ceremony was held at the cemetery attended by one of the largest gatherings of the members of that order ever attended in this city.

ITEMS FROM VALLEY VIEW.

Valley View Grange No. 459 met at the school house on Jan. 13th and installed officers for the ensuing year: C. D. Howard, Master; C. C. Rycraft, Overseer; Hazel Cobb, Lecturer; J. M. Hoffeditz, Secy.; A. S. Whitney, Treas.; Harry Buck, Steward; Martin Buck, Asst. Steward; Mrs. Martin Buck, Lady Asst. Steward; A. B. Whitney Jr., Chaplain; T. Wilfong, Gate Keeper; Mrs. O. W. Cobb, Ceres; Mrs. Geo. Cobb, Pomona; Mrs. Mary Rycraft, Flora.

We are glad to say Valley View has no one on the sick list at present.

Max Plath is living on his homestead.

School is running merrily along with the usual attendance.

There will be a pie social given at the Valley View school house on Saturday at 7 p. m. on Jan. 27. A literary and musical program will be features of the evening. Everybody invited.

H. F. Huntly who left for Seattle some time ago, reports he is homesick to get back to Harney county. What is the reason?

C. D. Howard came down from the Corten place near Burns to attend the Grange meeting, on last Saturday.
