J. H. Husers writes from Voltaire that the recent rains and chinook has taken off practically all the snow in that neighborhood and that other signs of an early spring is the arrival of "Honker" geese. Wm. McKenzie, who had just returned from a visit to outside points claims to be responsible for the arrival of the geese as he says they're like himself, couldn't find a better country than Harney Valley.

J. E. Rounseville and wife were in the city the first of this week being enroute to Portland and other outside points. Mr. Rounseville congratulated The Times-Herald on its handsome new home and said he was glad to see such enterprise. He further commended the county court on its action in determining to build a new court house. It meets with his hearty approval, in fact he said should be a \$100,000 building instead of \$50,000.

MARRIED—In Burns, Wednesday, by Dr. C. C. Babbidge, Mr. Silas J. Lewis, of Waverly and Miss Alyce Luce, of Riverside. The groom is a young rancher of this county having come to Oregon from Colorado and Texas about two years ago. The bride is a daughter of one of the county's respected pioneer citizens, though a native of Grant county she has spent most of her life here. They have purchased a place in the Waverly district where they expect to eventually make their future home; for the present they will be at the Chris Denien ranch near the Malheur-Harney county line. Hosts of their friends wish them "Bon Voyage" as they embark on their trip.

DIED—Mrs. Martha Baker died in Portland last Saturday directly following an operation on her throat. She had been afflicted for months with a growth and had intended having local physicians operate upon her but after they had made a careful examination they advised her to go to a specialist in Portland. Dr. Smith wrote Dr. Marsden that the operation was most difficult and after three hours of work it was found more extensive than anticipated, extending down into the chest where its removal was impossible. The growth was cancerous and had completely surrounded the windpipe which would have caused death in a short time. The body was shipped to Ontario for burial. Mrs. Baker was one of the esteemed pioneer women of this section and for many years lived on Silver creek. After the death of her husband several years ago she moved with her daughter to this city where she has since resided. She is survived by her daughter, Miss Nina, a most estimable young lady who graduated from high school last year; Robt. Baker is a step son. Mrs. J. A. Williams, of Ontario, is a sister to the deceased. Many expressions of sympathy are heard by the friends in this section.

The club made plans for a reception to be given with the aid of the college faculty to the students in the short course soon.

N. Henney and Fred Gehring were in from Sunset the other day. Mr. Henney came in to see The Times-Herald man and to express his admiration for the new office building which had been completed since his last visit to Burns. He also said the new court house met with his hearty approval. He believes in progression and thinks it high time we have our public records and officers in better quarters. Mr. Henney has resigned as post master at Loma and the office has been discontinued. The business of the office gained each quarter but it was not enough to justify the responsibility and he gave it up.
