The house committee on the three year homestead bill recommends two particular things in the amendment of the law. First, it reduces the period of residence required on the homestead from five to three years. Second, it permits the entryman and his family to be absent from the homestead five months during each calendar year of the residence period. These provisions are sensible and should be passed. The congressmen do not seem to realize the position of the homesteader and the hardships and inconveniences of securing a piece of government land and the law should be such as will give the homesteader a little relief from former restrictions.

BORN—Thursday, March 21, to Mr. and Mrs. Al Solinger, a daughter.

Miss Hazel Cozad has been suffering from an attack of appendicitis at the home of Mr. and Mrs. Curtis Smith, but is improving.

The base ball boys gave another of their series of club dances at Tonawama last night and a large number of guests were present.

Jasper Davis was down from Harney Wednesday looking after some business. Mr. Davis secured the necessary petitions to circulate as a candidate for county commissioner and had his announcement placed in the paper. He is one of our pioneers and needs no introduction to the voters. Mr. Davis would make a conscientious officer.

J. R. Jenkins came over from his home yesterday and reports range conditions rather backward in the Steens mountain section. As a general thing that territory is ahead of this in the spring but this season it is at least two weeks later. Mr. Jenkins states the lambing season begins about the 15th of next month and shearing a month later.

A meeting of the Harney Valley Rod & Gun Club is called for next Tuesday evening at the Presbyterian church for the purpose of arranging for the bringing in of the new game birds and fish promised by the state game warden. Permanent officers will also be elected. W. R. Dawson of Sunset reports a large membership for the club from his neighborhood which is gratifying.

ing, and it is hoped that many of those in that neighborhood will be present at the meeting Tuesday night.

The Lakeview Examiner says that J. E. Sawhill has severed his connection with the Bend Commercial Club and has accepted the position of Manager of the Burns Commercial Club. This is a mistake. Mr. Sawhill has not been tendered such a position.

"STRINGS AND OTHER THINGS."

The services at the Presbyterian church tomorrow have unusually attractive features for both morning and evening. At 11 o'clock in the morning the pastor will preach an illustrated sermon to the children the subject being "Strings and Other Things." The children are to bring a string about a yard long as their price of admission. The special music will be by the children. The Sunday School scholars will attend in a body. The evening service at 7:30 is laymen's night, the second of the booster series. The subject is "The Value of the Church to the Various Interests of our City and County," and will be discussed by Messrs. McHose, Whitney, Hibbard and Gault. The choir will furnish special music. If you are interested in the "Get-together" movement you can not afford to miss any of this series.

PURPOSE OF HOUSING CHICKENS.

Why many poultry houses fail to meet the requirements for protection to egg producers, and the main points which should be observed in building hen houses, are told by Prof. James Dryden in one of his circular bulletins.

"The purpose of housing fowls is to increase productiveness," says Prof. Dryden. "A little shelter from the cold winds and storms will add to the comfort of the fowls and therefore to the egg yield. A cold wave means a check to egg yield, and the reason is probably because the change means a sudden demand for increased fuel or food to keep up the heat of the body, and the food that has been going into the making of eggs will be drawn upon for that purpose. It is the food that furnishes the heat."

Too great difference in the temperature of the house by night and day is given as the principal reason why many houses fail. A house with double walls and windows will never be warm or dry without artificial heat, which has not yet been proven practicable.

"The main requirements of a good poultry house are good ventilation, for fowls require much more fresh air than other farm animals; protection from cold winds and storms," says Prof. Dryden. "Fowls object to cold winds. Unless the hen is provided with shelter where she can scratch and exercise she will not be productive. Activity is the life of the hen."

W. R. Dawson and family were all up from Sunset yesterday and had a family group picture taken. This is the first time the entire family have been together for several years.

W. B. Shelley is making arrangements to open a new harness and saddle shop in the Hissner building. He expects his large stock of goods here in readiness for opening about April 10, perhaps sooner.

The name of J. E. Sizemore appears in our announcement for county commissioner. Mr. Sizemore is one of the heaviest taxpayers in the county, owning a large cattle ranch near the west end of Harney lake. He is a successful business man has good executive judgment and would make a good officer.

NEW 1912 SPRING GOODS.

Just received by stage at Brown's Satisfactory Store first showing of New Spring Silks. These goods are exclusive in design. This beautiful line of Silks consists of Foulards, Voiles, Silk Gingham, Chiffon Taffetas, Crepe Charmeuse, Crepe Mettors, Crepe de Chine and Nainsoins. You will find a stock of goods in these items that have the Style, Beauty and Quality. N. BROWN & SONS.

DIED—At the family home near Harney Lake, on Tuesday, James Frederick, the little son of Mr. and Mrs. Otus Sizemore. The little fellow was two years and ten months old, a very bright child and one who won the hearts of all who knew him. It was thought he had scarlet fever, but Dr. Griffith was called Monday morning and found the little fellow had diabetes. The baby was brought to this city and the funeral service held at the Presbyterian church, being conducted by the Rev. Dr. Babbidge. The bereaved parents have the deep sympathy of the entire community.

Ora Hamilton arrived here last night from Enterprise where he is interested with his father and brother in the drug business. He reports the members of the family well.

A. G. Kingman, of Malheur county, has announced as a candidate for representative from this district. He has been a resident of that county for several years where he bears an excellent reputation as a man and is familiar with the legislative needs of that portion of the district. He pledges himself to visit Harney County in case of his nomination and election and get acquainted with our needs and wishes.

The First National Bank of this city has received official notification of its designation as a postal savings depository for the postal savings bank recently established at the Burns postoffice. The high standing of the First National is again attested by the fact that it is authorized to receive 62 1/2 per cent of the entire deposits received by the Burns postal savings bank. An interesting fact in connection with this appointment, is that this bank, in qualifying as such depository, under the requirements of the postal savings law, offered and accepted Burns securities, bonds of the City of Burns and of school district No. 1, (Burns) thus demonstrating that Burns' bonded obligations are considered as good as the best.

Henry Fries and wife, of Seattle, came in last night by way of Bend in company with John Gilchrist and party. Mr. Fries is interested in some 2,000 acres of land out near Iron mountain which he is having developed.

Peterson Bros. & Dunbar Show Co. will entertain at Tonawama during four nights next week beginning on Wednesday, March 27 and continue including Saturday night. The entertainment consists of vaudeville, singing, acrobatic turns, dancing, sketches etc. The company has its own band.

LOOK! LOOK!

Work horses and mules for sale. Suitable for ranch work or grading purposes. Are well broke. Intending purchasers would do well to come and look this stock over before buying elsewhere. Also have 150 head of unbroke mares and horses, suitable for all purposes, and 100 head of 2 and 3 year old mules. Stock can be seen at the Hanley Ranch, three miles east of Burns. JOHN G. SOUTH.
