Harney county products should have first consideration from Harney county consumers. This applies particularly to flour, vegetables, fruit, pork, bacon, lard, etc., all of which can and should be raised by our producers in sufficient quantities for home consumption and will be this year. The prospects for crops were never better and our farmers should be encouraged. Let us all have this motto: Harney county products for Harney county consumers.

The interests of labor, the freedom of our people now and forever, demands that each of us do our little part. Study well the conditions as you find them, and vote for the man you think will do things for the betterment of mankind, along the lines of a conservative reform, and you won't regret the act, whether he is a democrat, republican or whatever he chooses. Its the man behind the votes that makes the big politician—and you are one of them.

The spirit of humanity, justice and the brotherhood of man is growing in the minds and hearts of the people of this country—and its right it should.

**SUNDAY MATINEE AND BAND CONCERT.**

A Sunday afternoon band concert and matinee is scheduled for June 16th at the fair grounds.

The Tonawama Band of twenty-six pieces will be out with some late popular music and Mr. Johnson has some real classy harness horses and will put two events on the track during the afternoon.

The band will start from the Tonawama Theatre about two o'clock and march to the grounds and the people will be given a real treat during the afternoon. Adults will be charged 25 cents and children 15 cents admission at the gate, grand stand seats inside the grounds being free.

This diversion will meet with popular approval and no doubt will be attended by a large number of our people.

He told his 12-year-old to milk the cows, feed the horses, slop the pigs, hunt up the eggs, feed the calves, catch the colt and put him in the stable, cut some wood, split the kindlings, stir the cream, pump fresh water into the creamery after supper, and to be sure to study his lessons before he went to bed. Then he went to the farmers' club to discuss "How to keep the boys on the farm." —Enterprise

**BRINGING HOGS TO THE COUNTRY.**

The Harney County National Bank of Burns, will have several carloads of brood sows which will be sold to the ranchers in this county, at actual cost, and on one year's time. This bank really stands for something in this community. It represents our idea of what a bank should really stand for in a community. It is not only a financial institution but an institution that uses the money it gets from the community to build up the community. That's fine.

**LEOTA HOWARD CO. WEDNESDAY.**

The Leota Howard Dramatic Co. will open in Tonawama on Wednesday, June 5 instead of Monday. Ticket sale now on at the opera house.

Owing to the recent rains the Leota Howard Co. cannot reach Burns in time to open their week engagement until Wednesday, June 5. The roads have been put in bad condition, hence the delay.

The opening bill will be "The Power of Truth" a comedy drama in four acts, the scene being laid in Utah and deals with Mormonism. This is a very popular play and has met universal praise wherever it has been put on by this company. The excellent reports from other places respecting this company assures the playgoers of this city a week of pleasant entertainment and they will find the house well filled for each performance throughout their engagement here.

**A. S. Swain and son Albert are up from the ranch.**

The Boy Scouts made a very fine showing in the parade last Thursday and are a credit to Burns in every respect. These young men are the pride of their homes and the drilling they receive is such as will develop a robust and healthy constitution, and make them manly in every respect. Let the good work go on.

On Wednesday Judge Davis moved his family and household goods into his own house located on Main Street. The house has been entirely redecorated and fitted up with electric lights and city water, and the beautiful grass lawn, which surrounds it, makes a home which anyone would be proud of, and proves that Vale can have as attractive-looking residences as any city in the country. —Enterprise

J. E. Sawhill, who returned from Portland last week, reports that he, with Burns men, has received the selling agency for some 290,000 acres of Harney county land belonging to Bill Hanley. J. J. Donegan and Sam Mothershead will have charge of the work at Burns, and Mr. Sawhill here. Probably an office will be conducted here, and perhaps one at Portland also. —Bend Bulletin

As the parade was started under the command of Commander Welker, the Tonawama Band filled the air with martial music, while passing down main street and as the line of march got under way it presented a picturesque effect and impressed many with the appropriate manner in which the loyal citizens of Burns demonstrated their reverence for the defenders of the flag, both living and dead. Burns has never before been so enthused with the spirit of devotion to this sacred cause, and the spectacular sight of all combined, made everyone feel that the cause for which so many fell, and the country in which we dwell, is still dear to our hearts, and cherished by young and old alike. The scene was beautiful and impressive in extreme, and as each year passes, let us hope it will be bigger and better—as it should.

When the cemetery was reached, the drums were muffled and the parade slowed down to the step of customary regulation, and passed into the grounds, where the graves were surrounded by citizens and little girls, who proceeded to distinguish the graves of the fallen heroes and beloved ones.

The ceremonies here were opened by Capt. A. W. Gowan, followed by a prayer by Commander Welker. Next Capt. A. W. Gowan, delivered a very impressive tribute to the dead and his remarks were both inspiring and instructive of the the sacred occasion and loyalty to our country. Commander Welker next delivered a patriotic reading to the war veterans and those present, and was in turn followed by Rev. Dr. Babbidge who led in prayer for the fallen dead and the preservation of peace and our country's union. The firing squad then saluted the dead with the customary three volleys, which was followed by the National Hymn played by the Tonawama Band and closed with "Taps" for the dead by Comrade Struck, the veteran trumpeter.

The day in all, was most fittingly observed and more so than has been the custom. It is both right and loyal for all to observe this occasion in the most sacred manner, and let us hope that the example thus set before us will be kept in mind and in years to come held in observance with the day especially set aside for commemorating the dead, that we as a Nation might live and enjoy the blessings of freedom and peace in the land of prosperity and happiness.

Best flour (guarantee) \$8.50 bbl. Harriman Mercantile Co.  
Dry slab and pine wood \$6.50 and \$7.00 per cord, cash only at Lumber yard.

It is time definite announcement of the 4th of July celebration was made.  
Miss Hazel Cozad left for Canyon City this week to spend a few weeks of her summer vacation at that place.

Clay Clemens mill is the nearest one to Burns where all kinds of lumber both rough and dressed can be had. Near Canyon road. Call him by 'phone.

FOR SALE—Wood or posts in the timber, or here in town. Leave orders at Lunenburg, Dalton Co. or Schwartz's. Satisfaction guaranteed.

FRANK JACKSON.  
Mrs. Beadle, mother of Mrs. H. W. McHose, and Herbert and Forest Albright left Wednesday morning on their return to Decatur, Ill., after a month's visit in this city. The boys return to their former positions.

Geo Howe and wife came over from their Calamity creek home this week, the latter to consult her physicians. Mrs. Howe remained in town for medical treatment. Mr. Howe says they are running the saw mill now and he returned to assist.

R. O. Morris, of Emporia, Kansas, was here for several days this week looking after some property interests he has in this city. He is quite favorably impressed with this section and may develop some of his property in Burns should conditions warrant.

The bright warm days following the fine rains of the past several days is making crops grow as they never did before. Prof. Scudder is going to be agreeably disappointed when he visits this section again and finds the dry farmer right on the job with every prospect for a bounteous yield in spite of his predictions.

It is now well known that not more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by all dealers. 29-33

The Tonawama Band consisting of twenty-two members made their first public appearance on our streets last Thursday, and made a splendid showing, as well as proving a pleasant surprise to the citizens of Burns. That they will be a credit and benefit to our town in more ways than one is a certainty, and everyone is delighted with the new organization.

**The Sinking Titanic.**

"WOMEN AND CHILDREN FIRST."  
This was the order on the sinking Titanic.  
Brave husbands and fathers assisted their wives and children to life boats and safety, while they knew they, themselves must perish.  
They were indeed heroes. But you too may be a hero by placing your wife and children in "Oregon Lifes" life boat.

**PUBLICITY RAILROAD MEN PAY BURNS A VISIT**

(Continued from page 1.)

for Prineville and we may look for good results from the visit to our section. They were all impressed with this big territory and the general conditions of weather and crops were such as to bring forth good reports.

Mr. Gray, the new president of the Great Northern, and L. W. Hill, the retiring president, are both friends of this section of the country and the people of Harney county fully expect to see that big railroad system in here before very long. The gentlemen who visited us this week gave no expression in respect to the extension of the Hill lines to Burns, yet they said they were confident such were in the plans of the future.

The visits of such men are certainly to the advantage of this country and The Times-Herald is pleased to note the favorable impressions made and the kindly and unselfish interest shown by the citizens of Burns in advancing the development of the Big Harney Country.

**HARVEY DIXON.**

Brief mention was made in our last issue of the death of Harvey Dixon, who passed away at his home near this city last Saturday morning. The writer had known Mr. Dixon since he came to this section with his estimable family almost 30 years ago, and shared his friendship with many other pioneer people who found him a good, upright neighbor.

Mr. Dixon was born in Illinois December 25, 1838 and crossed the plains to Oregon with an ox team in 1852, later going to California where he worked at mining for a time. After the Indian war, in which he participated, Mr. Dixon again settled in this state near the mouth of Rogue River. In 1861 he removed to Walla Walla, Wash., and conducted a pack train to British Columbia, Lewiston, Canyon City and other interior points. He was married to Miss Mary E. Demaris in 1868, came to Prineville in 1873 and to this place in 1883.

Although quite advanced in years Mr. Dixon was a very active, hard-working man up to a short time before his death, which was caused from Bright's disease. He is survived by his wife and two daughters, Mrs. Frank Whiting and Mrs. Thos. Baker, all of whom have the sincere sympathy of this neighborhood. The funeral was held Sunday afternoon from the family home, the services being conducted by Rev. Dr. Babbidge of the Presbyterian church.
