

MARVELOUS MUSICAL ABILITY.

(Continued from page 1.)

with further training, we predict a brilliant future and promising position in the world of music at some near future date, for this accomplished little lady.

The stage scenery was arranged in an artistic manner and harmonized attractively as a background for the beautiful flowers which were in evidence for the occasion and mingled with the fragrant odor of the lilacs and apple blossoms etc. which scented the entire hall, it lent a most refreshing and inspiring atmosphere to all present.

Among those who assisted in the program with the violin were the Misses Viola Richardson, Agnes Foley, Violet Harkey, Kathleen Jordan, James Walkup and Milton Brown.

At the piano were June Dalton, Woodbridge Geary, Nora Martin, Miriam McConnell, Gwendolen Lampshire, William McHose, Violet Terrill, Dewey Robinson. The classes were assisted by Nathan Brown and Evelyn Byrd on the piano and Charles Foley, cornet.

All distinguished themselves and executed their respective parts in a pleasing and modest manner. Miss Hazel Cozad sang two very pleasing songs, which were well received, and rendered in a most impressive way.

Messrs Ludwig Johnson, Waldo Geer and Allan Biggs each sang their songs in a manner most delightful to the audience and were heartily encored after each number.

In conclusion we trust that the splendid work thus accomplished and that under way, will be merely the stepping stones for our little performers, and that they will receive every encouragement and assistance possible as their work and advancement largely depends on the encouragement received alike from public and parents—we say, its noble and grand, keep it up, the results will be better men and women, and happier homes for all concerned.

Socialists Nominate Ticket

The socialists of Harney county held a mass convention at the court house in this city last Wednesday forenoon and nominated a full county ticket and a partial district ticket. They also passed resolutions a copy of which is published below:

We, the Socialist party of Harney county, in mass convention assembled hereby affirm our support of the principles of Socialism as expressed in the National platform of the Socialist party.

We are unalterably opposed to the present economic system which gives to the few who do not toil far the greater part of the wealth that is created and gives those who do the world's work only a bare subsistence.

In as much as our party candidates for county and district offices will place their signed resignation in the hands of the party organization, we state emphatically that we will place in effect the resignation of any such candidate who, after election, fails to do his duty as an officer or who fails to keep his pre-election pledges.

That our candidate for commissioner be pledged to oppose the appropriation of any unusually large amount of money until the matter has been referred to and approved by, the people of the county.

We are opposed to any action to abridge the rights of free speech and a free press. The following are the candidates nominated: For joint-senator for Harney, Grant and Malheur counties, R. A. Eames, of Vale, Malheur county.

For joint-representative for Harney and Malheur counties, J. Edwin Johnson of Vale, Malheur county.

Wright, superintendent of banks, deposits have increased from \$114,339,473, on March 7, 1911, to \$127,136,997 on April 18 of this year, a gain of \$12,797,524, or more than a million dollars a month during the year.

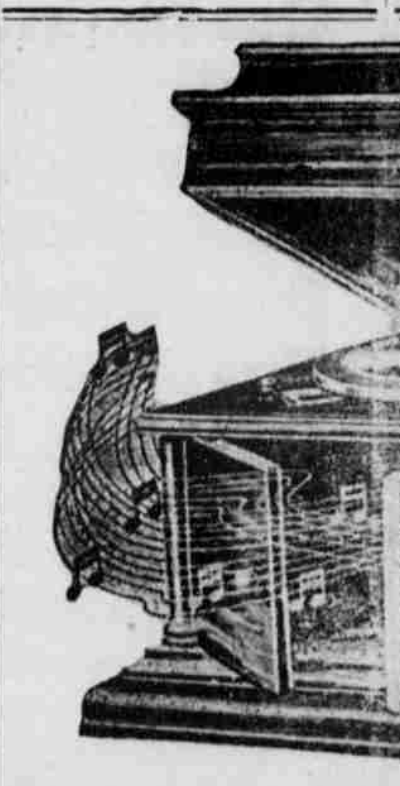

Land offices report a great deal of inquiry for vacant land in this state and it is expected that 1912 will be notable for the large areas of the Government domain to be taken by settlers. The change in the land laws, allowing a residence of three years on a homestead preliminary to making proof, which has passed both houses of Congress and waits only the signature of the president, is making public lands more attractive than ever before to the settler.

Portland people are discovering Oregon. During the past week an excursion was run into the Tillamook country that was an eye-opener to the 100 participants. Only a small part of the crowd had ever been to Tillamook before and they came back to Portland singing the praises of that favored section. As Portland people become better acquainted with the rest of the state and learn that everything they have comes from this outside territory, it will be better for all concerned.

Russian Spelva, or Emmer, a grain that thrives on the steppes of Russia, is expected to find a congenial home in the dry-farming country of Eastern Oregon. Umatilla County farmers are to introduce it experimentally this year. It resembles both oats and barley and requires but little moisture to make the crop. It has shown good results in North Dakota and will probably do well on light lands of the interior.

Commercial organizations will co-operate with state authorities to secure the passage of a stringent "Blue-Sky" law that is expected to curb wildcat real estate operators. The proposed measure will provide penalties for false statements in advertising.
