Our town will celebrate the fourth—which it should every year. It's a true sign of loyalty to the city and country people. Everyone should do their part willingly and make it a grand gala day for everybody.

While things are perhaps a little quiet in our city for this time of the year, it is nevertheless a fact that Burns is comparatively more than holding its own with towns several times its size in the state, so don't kick—you have none coming.

Don't you think The Times-Herald is a rather healthy looking weekly? Just reflect and see if you don't feel like helping it along with your little contribution in the form of a business card, ad or subscription. We'll appreciate it, and be a bigger and better booster.

No organization in a community is of more importance than the band. It is always a true guide to the progressiveness of any city. You will often hear the remark, "That town is a live one, and its full of good people and has a corking good band—best I ever heard of its size." All of which merely goes to show that any locality is judged largely by the company of musicians it keeps. Boost for your band, it represents to the outside world what you are and where you're at.

It amuses us in one way, and irritates us in another, to hear some of the drones of this town, continually finding fault with their occupation and surroundings, when in fact you couldn't drive them away. If you did—they'd only come back, as others have done. Yet we despise a man that has made his home and all he has in this country—that kicks. Any man who considers his holdings at a valuation in the neighborhood of \$25,000 has no kick coming, be his circumstances what they may, and such ungrateful beings are more to be pitied than censured, for they lack the greatest gift that God has bestowed upon man—gratitude.

There are some people in this town, as well as other towns, who rather than lend a helping hand toward any public, patriotic or social undertaking, would sooner be excused, and in place, prefer to witness the efforts of others, who do their part willingly towards helping make any new venture a success at all times; and not only that, but

there are among these some who make a practice of constantly complaining, criticizing, condemning or finding fault, one way or another; anything so it seems, just to be everlastingly "knocking," so to speak. This is entirely wrong and should not be—whether done in ignorance or knowingly, these remarks are certainly out of place and the custom radically wrong. Such expressions will neither gain or retain friends—and are not elevating in the least. It should be understood when any progressive movements are undertaken for the benefit and amusement of our citizens, and instruction and inspiration for the children, it is wrong to put a damper on it, either before, or after it is over; whether it proves a success or otherwise—they don't deserve it. These undertakings are given by people who manifest the right spirit and that's what counts in "making things be as they should in this town," on all occasions. On national holidays, particularly, we feel it is the duty of every person who can, or has any talent or ability, to take part in their respective calling, by so doing, make themselves, their friends and their town, bear in mind, we need most essentially above all other things—"perfect harmony." It should not be forgotten there are always two views to be taken into consideration—directly and indirectly, and people who do so, will not fail to keep their opinion to themselves if things do not just "suit their fancy." Still, strange as it may seem, some people are most contented while "trying to make other people miserable," and glory in it.

NO MORE SMALLPOX.

The few cases of small pox that were developed in Burns were so completely isolated and special care taken that no new cases have developed and this city is now entirely free from the disease. It has caused some uneasiness upon the part of some but there is no longer any danger. The reports that have gone out respecting the disease has hurt Burns to some extent in a business way, as it was greatly exaggerated. There have been but few cases, yet the knocker has caused the general public to think a terrible epidemic has been raging, while as a matter of fact those who were afflicted had only mild cases.

The Times-Herald is informed that there should be some work done on the roads over around the OO ranch. Many new settlers in that section find it almost impossible to reach Burns at this season of year and this could be remedied by a small amount of work.

Thos. Colopy and Carl Hamann are recent arrivals from Nebraska. They are here to look over the country with a view of investing.

GETS SHIPMENT OF BROOD SOWS.

(Continued from page 1.)

secure a start that will mean fortune for himself and great achievement for his neighborhood. We are very short of livestock in Oregon. We send away millions of dollars each year for veal, pork and beef, as well as for live animals. Yet there is no better place under the sun for the pursuit of animal industries than in this state. With fifty banks to emulate the example of Mr. McKinney, some, of course shipping in cattle and sheep, we would soon see a different story on the pages of our imported sheets. Indeed, we ought to be exporting meat products and fine breeding stock, and will be in mighty short order if our country bankers and wealthy business men act with the wisdom displayed by those who have pointed the way.

CROP OUTLOOK NEVER BETTER.

With more rainfall during this week the crop outlook for Harney county has been increased. It has been a most favorable season throughout and with these late rains followed by warm weather the crops are growing in such a manner that every farmer feels like a bond holder and his greatest concern now seems to be what he will do with his big crop. This question need not cause any uneasiness, however, as we have never yet had an over production and with the railroad building in and the influx of new people there will be a market for everything raised. The abundant moisture has also made the range the best it has been for many years and since a large percentage of stock has been sold and driven out those who do have stock on the range will receive the benefit. The cattle and wool market are good and everything points to a very prosperous year for this section.

ROADS AND BRIDGES BAD.

Parties who have recently come in from Bend report the roads are badly dug out in places by the heavy auto trucks and many of the bridges are in bad shape from the heavy loads being hauled over them. This is a matter that should have immediate attention from the authorities as this is one of the most important thoroughfares in Eastern Oregon if the bridges are not strong enough to bear up the heavy traffic they should be made better. It is time that we take into consideration the heaviest loads and prepare our roads and bridges for such. It seems the trucks are responsible for the bad roads between here and Bend, great holes being scooped out in places and never filled again. This no doubt was during the wet season and caused by getting stuck in the mud.

SERVICE TO THE STATE.

The aim of the Oregon Agricultural College is thus explained in the introductory words of the new illustrated booklet on "Dignifying the Industries" just issued:

"Service to the state in all its needs; aid to the individual in his preparation for life, and the community in its efforts in behalf of the citizens; in a word, a material addition to the prosperity, the health and the happiness of all who come within the wide radius of its influence; this is the aim of the Oregon Agricultural College. The home the heart of the community; the marts of trade, and all the vast multitude of agriculture and professional activities which fill the larders and coffers of the world, receive each year from the college gates hundreds of new recruits. They are girded with a knowledge bought by years of hard study, and eager to apply in making their homes, their farms and orchards, their forests and mines, their towns and cities the best in the state, and their state the greatest in the nation."

The three-year homestead bill has been passed and signed by the president. This is good news to the many homesteaders in the west and will prove of great benefit and convenience toward the settlement of the county.

There will be a social dance given under the management of the Tonawama hall on Friday evening, June 28th. Dancing commences at 9 o'clock sharp. Music by Tonawama Orchestra of five pieces. Everybody invited.

The Tonawama Band will give its first open air concert in the public square between the Burns hotel and Harney County National Bank, next Thursday evening. After that the concerts will be given on Wednesday evenings.

The Central Oregon Trucking Co. have recently added two new Packard trucks to the Burns-Bend run and are now bringing in freight rapidly. The road has been the only drawback to these trucks, the machines giving no trouble whatever.

Special Agent Boyer of the General Land Office and J. W. Biggs returned from a trip to the Denio section the first of the week where they were looking after some contest cases. The latter was called immediately to Portland by telegram.

Presbyterian Church tomorrow: Sunday school 10 a. m. Morning Worship at 11 a. m. Theme—"Restored Joy." Twilight Service at 7:15 p. m. Subject—"The Yoke of Christ." The twilight service will be held on the lawn weather permitting, if stormy or cold will be held in the church at the same hour.

The reading rooms in The Times-Herald building will be publicly opened next Saturday afternoon, June 22, from 2 to 5 o'clock. Every citizen of Burns who is interested in this worthy undertaking should visit the rooms sometime during these hours and help start the enterprise off with a push. There is a rumor afloat that light refreshments will be served.

Mrs. Martha Sagers was down from the mill yesterday.

In order to meet the price of Flour hauled in from the R. R. the Burns Flour Milling Co have reduced flour to \$7.00 bbl.

Shelley, the harness maker, is doing a nice business and says his ad in The Times-Herald is sure bringing him results.

I. Schwartz is having a good run on his special line of coffees that he is advertising so extensively in The Times-Herald.

The weather man is not hanging us out just the right thing at the present writing, but we won't complain of the rains, even though it is a little cool.

Geo. Young is preparing to again open his meat market in the building he has occupied for some time. He expects to be in readiness the coming week.

A. K. Richardson is advertising a nice display of late goods in his windows, as well as carrying a good ad in The Times-Herald, and is doing the business.

Don't forget the big dance at Tonawama hall, Friday June 28. Music by Tonawama Orchestra. All the latest and popular dances will be played. An enjoyable time in store for all attending.

The First National Bank believes in a liberal use of printers ink in the columns of The Times-Herald and getting good results. Just keep your eye on their ad from this on, and get some interesting and profitable reading.

C. E. Beery, democratic nominee for county surveyor, is back from the southern part of the county where he is doing the engineering work on a big irrigation project.

The Harney County National Bank was so well pleased with the artistic appearance of their ad in The Times-Herald calling attention to the purchase of brood sows by Mr. McKinney, that they had 600 extra impressions run off this week at this office, for general distribution among the farmers and ranchers. That's enterprise for you, and a source from which they are bound to obtain results.

Present indications are that Taft will be the regular republican nominee for president, but "Teddy" will also run—that's a cinch. He is going to keep it up and raise as much fuss as possible.

Last Chance.

Sales of land on the West side has been better than expected. Many deals have been closed and homes will be built during the summer and fall. Present prices will only prevail during the coming week, after that time prices will be subject to change. The outlook justifies better prices and land values are steadily increasing. Better buy now. See to it that you make selections during the next ten days or your opportunity to get a little chicken ranch in town lots at present prices will be gone. Never so cheap again. See M. L. Lewis at Young's Store.

FOR SALE BY OWNER.

1 section, 640 acres, level unimproved sage brush land in Harney Valley, can be subirrigated. 160 acre tract, fenced, good house deep well and otherwise improved. Prices made to suit intending settlers. No speculators need apply. Inquire at this office.

The Sinking Titanic.

"WOMEN AND CHILDREN FIRST." This was the order on the sinking Titanic.

Brave husbands and fathers assisted their wives and children to life boats and safety, while they knew they, themselves must perish.

They were indeed heroes. But you too may be a hero by placing your wife and children in "Oregon Life's" life boat.
