A Lack of Unity.

We are all working for a common cause and each wants to do his part toward the upbuilding of the country and our little city, yet we are working at cross purposes to some extent. One man says the other fellow is not doing the right thing, although he is given credit for being sincere in his efforts. Wouldn't it be better to all get together and discuss matters and see if we can't settle on some plan of action that will meet general approval?

The matter of sewerage and water, for instance, is a good subject to discuss; the weeds that are so unsightly and which are going to cause us trouble is another; the general condition of the country with the prospects of great change when the railroads come and our oil prospects are no longer prospects but realities. There are many things in common that should be given attention.

Sunday School Rally Day

The Second Annual Rally Day of the Presbyterian Sunday School will be held next Sunday morning at the regular Sunday School hour, at which time a suitable program will be rendered by members and friends of the school and reports of the several departments will be given as well as an appropriate address by the pastor. A special Rally Day offering will be taken for the development of the Sunday School work.

Preceding the Sunday observance of Rally Day arrangements have been made for the entertainment of the school and its friends with two socials to be held next Friday afternoon and evening. The afternoon will be devoted to the children of the school at the church and on the church lawn; the children will be entertained with suitable games and other features and they will be served with refreshments; the evening will be for the reception and entertainment of the larger members and adults of the school and their friends—there will be some music, entertainment and refreshments.

Miss Nina Wiseman has charge of the entertainment for the children's party and Mrs. W. L. Blott for the adults; Mrs. Geer, Mrs. Gemberling and Mrs. I. Schwartz are providing the refreshments for both socials; Mrs. McHose and Mrs. Rohn are preparing the programs to be rendered for the several occasions in connection with the observance of Rally Day.

Newspapers Good Work

If the people of any community were as loyal to the interests of their community or town as the newspapers, we are sure a more congenial state of affairs would result, and what a splendid competition this country would witness. But they are not. Nor is any considerable part of the people. Nor are all the business men or the farmers and ranchers. That town succeeds just in proportion to the zeal with which its leading citizens back up the patriotism of its newspapers.

The true newspaper devotes columns and pages of space to boosting the city in which it is published. The most loyal and devoted boosters of any city are found in its newspaper offices. There is a sneering class of people in every city who, finding no good in anything, decry the newspapers as mongers of sensation and destroyers of character. They demand the news, and the newspaper that is a faithful mirror holds up to its readers the reflection of their own doings. If the community is bad its newspaper will show it, and if it is good, will do likewise.

The Fat Of The Land

Assessor Donegan and Clerk Waters, accompanied by Mr. Blodgett, a recent arrival from South Dakota, arrived home on Wednesday last from a tour of the southern part of the county. Mr. Donegan brought in some splendid specimens of the products of that section which had been sent to the manager of this great religious weekly, also some for the fair. Some fine grasses and pears have arrived from the Alvord ranch of Frank Clerf; squash from the J. C. Beatty farm and melons from the farm of A. H. Hollis. The latter were sent to the Times-Herald man as well as a pumpkin from Frank Clerf. We are certainly living on the fat of the land since the crops have begun to mature and appreciate these gifts, but want more of such for the fair. That's the place we are going to advertise the resources of this big country and there should be sufficient specimens of each to make a good showing.

Products are coming in for the exhibition and some of the finest samples of grain any country can produce have been received as well as grasses and vegetables. The latter should not be brought in so far ahead of the exhibition as they will winter, but they will be given the best care possible. Some of the finest grain received has been damaged by the over supply of rain which has visited us since it was cut and it has discolored the sheaves until it is hard to get the best samples for exhibition purposes.

Among other samples received from a distance during the week is a load from the Waverly section brought up by Mr. Brake-man and some fine dry farm specimen from the Welcomeville district brought in by James Reel.

Pioneer Lady Dead.

Mrs. Mary E. Haley died at her home near the lake last Wednesday afternoon, September 18, aged 77 years. She had been in robust health up until last January and this spring her physician found she had a tumor but owing to her advanced age did not consider an operation advisable. Mrs. Haley came to Harney Valley with her family in 1886 and has resided here since. Her husband died 19 years ago and was buried at Baker. She was married in Illinois and crossed the plains in 1852 coming to Oregon but later they moved to California, living there from 1867 until 1883 when they returned to Monmouth, Polk county and from that place here.

Mrs. Haley is survived by five children, E. T. and Scott Haley of this county, Mrs. Bart Cronin of Ontario, Mrs. John Gardner and Mrs. George L. Baker both of whom reside in this county. Deceased was highly respected by the pioneer people of this county who knew her. The funeral was held in this city Thursday afternoon, services being conducted by Rev. Dr. Babbidge of the Presbyterian church at the cemetery. The bereaved relatives have the sympathy of many friends.

ADDITIONAL LOCALS.

W. L. Best is over from Silver Creek.

G. S. G. L. Hembree is in the city from Riley.

Otto Nystrom is up from his farm near Princeton.

J. H. Miller and P. J. Connolly are over from Drewsey.

Bring in your exhibits for the fair next week—don't forget it.

Dr. Horton and S. M. Brown spent the past week deer hunting.

Miss Helene Swain opened school at Lawen last Monday morning.

The weather is ideal for harvesting and farmers are taking advantage of it.

The usual picture program at Tonawama this evening and tomorrow night.

R. A. Miller came in from the farm yesterday to bring his family in to reside during the school year.

Arthur Elliott and wife leave tomorrow for Idaho points where he has some contract work pending.

E. S. Fuller, a special agent of the general land office with headquarters in Portland is here on official business.

F. A. Hedstrom, formerly located at Fairbanks, Alaska, is in the city. He is looking for a location and is quite favorable im-

ADDITIONAL LOCALS.

Ralph Beery was up from Sunset Thursday.

H. N. Foss was up from Har-riman this week.

R. L. Haas was registered at the Burns Thursday.

J. B. Johnson, a civil engineer, is a recent arrival from Spokane.

John Farrera was over from his home on Calamity this week.

The base ball boys gave a delightful dance at Tonawama last night.

Ben Brown, Archie McGowan and Harry Smith are back from their hunt in the mountains. They secured a deer.

A "Merry-go-round" has just been set up on the vacant lot back of the First National Bank and the little folks are delighted.

Mrs. Geo. Sizemore, agent, for Victor Ladies' Tailoring Co, invites the ladies of Burns to call and see new fall and winter samples.

Tonawama pictures are pleasing a large number of patrons and it is the intention of the management to secure some special features in the future that will be worth while.

Rev. C. A. Phipps, of Portland, secretary of the State Sunday School Association, is here to attend the convention of Sunday schools which convenes this morning at the Presbyterian church.

Judge M. J. O'Connor, E. J. Catlow and H. W. McAllister are up from the southern part of the county. Mr. McAllister will leave at once for the east where he will again take up his residence.

Alex McDonald of the contracting firm of Bayles & McDonald, expects to leave tomorrow for St. Anthony where the firm is putting up a school building. He has completed his contract on the school building here.

Work is progressing at the oil well of the Central Oregon Oil & Gas Co. and actual drilling will begin in a short time. The big derrick is completed and the heavy machinery is being put in place. People will watch this work with interest.

Dr. P. A. Simmons, the Eye Specialist of Boise, Idaho, who makes regular trips to Burns will be at the Burns Hotel on Tuesday, Sept. 24th and 25th. Dr. Simmons has been making trins to Burns for some time past and has many patients who speak very highly of his work.

W. S. Clark, an old time friend of Chas. Wilson, is here on a visit to the latter. Mr. Clark and Mr. Wilson were in Alaska together and the former came here to see our oil prospects. He is accompanied by his wife and they will go from here to California. Mr. Clark is quite favorably impressed with the oil prospects in this county. They are making the trip in their auto.

The store that sells for the least margin and gives you the most for your money, is the one that does the most business of course. The man that gets that business is the one that advertises, and the man that advertises is the one that understands his business and wants your business. He deserves it, because he is not afraid to advertise his goods and thereby builds up a greater business.

The farmer who owns a farm is the particular person who is well fixed. Banks may fail and factories close, workman strike and mines suspend, merchants fail and town burn, times may be panicky and even crops may be short—but the farmer who owns his acres will get along. He will live in comfort and quiet with plenty to eat, drink and wear. He is the most independent man on earth. Yet there are numbers of them who do not appreciate their situation.

A match race between "Wild Cat" and "Seventy" was scheduled for Thursday afternoon a distance of three-quarters of a mile. The horses started and the colt was ruing fine in the lead but in coming around the first turn he broke his ankle of the hind foot, putting him out of the race and ruining him. "Wild Cat" was a high bred horse and a very promising one, belonging to Joe Cavender. He was yet untried so far as racing was concerned but had shown wonderful speed and his owner confidently expected a most successful career for him. It was unfortunate and a great disappointment to his admirers and backers as well as a financial loss to his

Public School Opens Monday

The school board has announced definitely that the public school will open Monday without fail. The furniture has been loaded at Vale and is expected here today when a force of men will get busy and put it in place. There is every indication of a much larger attendance this year than formerly as many families have moved to town to take advantage of the schools.

The contractors have completed the building and it has been turned over to the board. Some of the painting was not satisfactory we understand and will have to be done over, but this will not be allowed to interfere with the opening of school which has already been delayed longer than was desired. By this delay the closing will be quite late as it is. All the teachers are here ready for the opening and with the new furniture there will be nothing to interrupt the schools from a most profitable year.

Has Fine Fruit This Year

The Times-Herald has received a nice box of apples from the orchard of Mrs. Adam George over on Rock Creek. Three varieties of apples were sent to this office all the very best of flavor, nice color and good size. Mrs. George writes that her trees are loaded this season. One of her Crawford peach trees was so loaded with fruit that it split in two, one half now lying on the ground. Her nectarines are immense and the Bartlett and Flemish Beauty pears are a full crop. Mrs. George states there will be at least 200 sacks on her crab apple trees.

ESTRAY—One sorrel horse with strip in face, white hind feet and saddle marks, branded cross on right stifle and horse shoe with bar under on jaw; one bay horse, saddle marked, star in face branded cross with reverse S on left stifle; one chestnut horse, star in face, snip on nose, blotch brand on left leg, came to my place Sept. 1. Owner may have them by paying pasture and cost of this ad.

J. H. ANDERSON, Drewsey, Oregon.

Caught a Bad Cold.

"Last winter my son caught a very bad cold and the way he coughed was something dreadful," writes Mrs. Sarah E. Duncan of Tipton, Iowa. "We thought sure he was going into consumption. We bought just one bottle of Chamberlain's Cough Remedy and that one bottle stopped his cough and cured his cold completely." For sale by all dealers.

FOR SALE BY OWNER.

1 section, 640 acres, level unimproved sage brush land in Harney Valley, can be subirrigated. 160 acre tract, fenced, good house deep well and otherwise improved. Prices made to suit intending settlers. No speculators need apply. Inquire at this office.

NOTICE FOR PUBLICATION.

UNITED STATES LAND OFFICE, Burns, Oregon, September 12, 1912. Notice is hereby given that Nathaniel Henry of Burns, Oregon, who on December 24, 1906, made Homestead entry No. 284, Section 26, Township 21 N., Range 21 E., Williams Meridian, has filed notice of intention to make final five-year proof, to establish claim to the land above described, before Register and Receiver, at Burns, Oregon, on the 22nd day of October, 1912.

UNITED STATES LAND OFFICE, Burns, Oregon, September 12, 1912. Notice is hereby given that John C. Miller, of Riley, Oregon, who on October 21, 1907, made Homestead entry No. 372, Section 26, Township 21 N., Range 21 E., Williams Meridian, has filed notice of intention to make final five-year proof, to establish claim to the land above described, before Register and Receiver, at Burns, Oregon, on the 22nd day of October, 1912.

UNITED STATES LAND OFFICE, Burns, Oregon, September 12, 1912. Notice is hereby given that Orville M. Kelly, of Lawen, Oregon, who on July 1, 1906, made Homestead entry No. 656 for S.W. 1/4, Section 21, Township 21 N., Range 21 E., Williams Meridian, has filed notice of intention to make final five-year proof, to establish claim to the land above described, before Register and Receiver, at Burns, Oregon, on the 22nd day of October, 1912.

Mother of Eighteen Children. "I am the mother of eighteen children and have the praise of doing more work than any young woman in my town," writes Mrs. C. J. Martin, Boone Mill, Va. "I suffered for five years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken three bottles of Chamberlain's Tablets and am now a well woman and weigh 168 pounds. I can eat any thing I want and feel better than I have at any time in ten years. I refer to anyone in Boone Mill or vicinity and they will vouch for what I say." Chamberlain's Tablets are for sale by all dealers.

Cattle Buyers Here.

The cattle market seems to be on the boom as several buyers have been in this county recently and are offering big prices. It is unfortunate that so many young cattle have been marketed in recent years as the range is almost depleted. However, this has had one beneficial effect as it has allowed the range to recover from being over grazed and now what there is left is much better.

The settling of the vast territory within the farming area of this interior country has had its effects on the stock business and the old time stock man thought he was put out of business entirely. Now men engaged in the business are adjusting themselves to the conditions and soon we will be raising as many cattle as ever and getting better prices for them.

Dependancy.

Is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. For sale by all dealers.

Buy a Farm and make it pay for itself. The choice farming lands of Harney County. For sale on small payment and ten years time at 4 per cent interest. The lands of the Harney Valley Improvement Company are on the market on these terms without reservation. First applicant gets his choice. 37

MOTHERHEAD & DONEGAN.

Call for Warrants.

Notice is hereby given that there are sufficient funds in the county treasury to redeem all Harney County Warrants registered prior and up to November 7, 1911. Interest will cease on all such warrants September 11, 1912. SIMON LEWIS, Treasurer Harney County.

Diarrhoea Quickly Cured.

"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriole, Pa. That is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. For sale by all dealers.

HISTORY REPEATS ITSELF

The sworn statements of Life Insurance Companies on file at the State Insurance Department, Salem, show that in 1909, 1910, 1911, Oregon Life the Only Life Insurance Company Exclusively Oregon, sold more policies in Oregon than any other company. In 1912 Oregon Life is surpassing all its previous records. BEST FOR OREGONIANS. E. C. EGLESTON, Agent. 35

SUNDAY SCHOOL WORKERS

Stop and Remember This: There will be a meeting of all those interested in Sunday School Work in Harney County, at Burns, September 21 and 22. The meeting will be held in the Presbyterian Church. The gathering is to be held for the purpose of organizing the Harney County Sunday School Association. Rev. C. A. Phipps, Secretary of the Oregon State Sunday School Association will be present, and it is expected that there will be other prominent speakers from the outside in attendance. Some fine papers will be read by representatives of the different schools throughout the county. No one should miss this great treat and a general invitation is extended to everybody. C. C. BABBIDGE, County President Pro-Tem.

New Goods! New System!
Low Prices!
Having cut out the long credit system, we are prepared to give prices which will pay you to buy at home. Remember, when you buy at home you create a market for what you have to sell, no matter what it consists of, whether it be farm products, labor or legal advise, you don't help your own community, when you go outside to trade; you don't help the farmers when you buy outside flour. Last year many people sent away and went outside to trade. What is the result? The wheels of industry have been idle, no building, no business, no work, no market. Heavy crops are being harvested and still a large portion of the old crop is on hand. It is now time for the people to get together if they want prosperity at home. Trade at our place if you can; if not trade with our competitor; but Trade at Home
