#### Governor West's Message.

In his message to the legislature which convened last Monday, Governor West made recommendations and suggestions as follows:

State's finances reported in excellent condition.

Single Board of Control for all state penal and eleemosynary institutions advocated.

Promise that appropriations of

two years ago would not be spent declared to have been kept.

Return to their homes of half the boys now in State Training School, and transfer of other half at state farm at Union recommended.

State-prison policy defended and progress toward betterment claimed.

Drunkard's compensation act, reformatory for convicts, home for aged and home for wayward girls advocated.

Further legislation, but along conservative lines, in behalf of good roads recommended.

Blanket appropriation bills condemned.

Resubmission recommended of taxation measures passed by Legislature and rejected by people at election.

Reform in procedure of State Board of Tax Commission recom-

mended.

Workmen's compensation and minimum wage bills indorsed.

State declared to be proper party to sue to recover Coos Bay wagon road grant lands.

Views on law enforcement stated.

New additional liquor measure recommended and Portland vice commission measure indorsed for state-wide application.

Sterilization of degenerates and feeble-minded persons advocated.

"Blue sky" legislation recommended.

Liberal appropriation for Panama fair advocated.

Indorsement urged for resolution before Congress proposing direct election of Senators.

California plan for divided session of Legislature commended.

Restriction of initiative and referendum signatures to registered voters recommended.

The local merchant who carries a large stock of goods for the convenience of his patrons and who shows the right spirit in buying the produce of the farmer at prices that will give the producer a profit is entitled to consideration in the way of patronage. He cannot be expected to carry stock and sell only flour, coal oil, sugar, etc., and have the people send away for all their dry goods and other such necessities, as he would soon go out of business. Before sending away for goods make a careful study of home conditions, the parcel post and compare with the home merchant and see if you can't keep the money at home. Read the big ad of the Burns Department Store in this issue. It may help you to solve this problem, to mutual advantage of all concerned.

Chamberlain's Cough Remedy. This remedy has no superior for coughs and colds. It is pleasant to take. It contains no opium or other narcotic. It always cures. For sale by All Dealers.

Clay Clemens mill is the nearest one to Burns where all kinds of lumber both rough and dressed can be had. Near Canyon road. Call him by phone.

I will pay no note drawn by me to J. W. Lee, as said note have been paid for some time. M. R. ALBERSON, 8 10.

### "Hick'ry Farm."

The Tonawama Stock Co. produced "Hick'ry Farm" last night to a very appreciative house. There were not so many out as is usual but the night was so disagreeable that no one was expected to leave their homes for diversion. However, it was a good house and the players are entirely satisfied. Those who attended seemed well pleased with the production and are asking for the next bill. It was all fun—that is, a comedy—although a very pretty story and good plot ran through the bill. The work of Grover Jameson, D. M. McDade and Clifford Reed was especially commendable.

Miss Louel Smith sang between acts and responded to a hearty encore, as did also Ora Hill. Both are popular singers and are always greeted enthusiastically.

The management of the opera house announced that in view of the unfortunate fire of last Tuesday night the policy of Tonawama as announced when it was opened would be deviated from and the house tendered to the Women of Woodcraft for their masked ball on Feb. 14. A member of the committee of the lodge called yesterday afternoon and had been assured of the fact.

Tonawama Stock Co. will be seen again in a production some time next month, the exact date not yet having been set, or the bill to be played selected.

At the request of Senator Bourne, the Post Office Department has telegraphed the Superintendent of the Thirteenth District instructions to endeavor to secure a contract with the Sumpter Valley Railway for the transportation of mail by train between Austin and Prairie City. The mail is now carried by stage, the railroad company having refused to make a contract. A petition has been filed with the Post Office Department signed by several thousand residents of Grant and Harney counties asking for the establishment of this service.—Blue Mt. Eagle.

Frank E. Smith, of Portland, a representative of the National Surety Co., who were on Contractor Kellogg's bond for the mail contracts which he abandoned the first of the year, is here looking after the interests of his company. Mr. Smith states there will be no new contract made by the government for the line represented as his company must make them good.

### Complete New Slate.

At the annual meeting of the Harney County Fair Association last Monday afternoon a complete change was made in the board of directors for this year. It was considered best to make a change as some of those serving had been at the helm since the organization started seven years ago and had become "old sores" so to speak. It seems none of the stockholders were dissatisfied with the manner of conducting the business of the Association, those who had expressed themselves being in favor of the old board continuing, but they decided to take a rest from the more or less "strenuous" duties and ask other stock holders to take a portion of the "honors"—as that is all there is in it.

Much care was taken in making a selection of directors for the coming year and it is a set of men who have the interests and purposes of the fair at heart and will do good, conscientious work. They are congenial, which goes a long way in making the fair a success and harmonious work is necessary under the circumstances. The men selected so handle the fair this year are: Sam Mothershead, J. L. Gault, J. M. Dalton, J. C. Welcome Jr., O. L. Shingledecker, A. K. Richardson and Simon Lewis. These gentlemen will get together in the near future and make plans. The books of the Association were not all up to date at the time of the annual meeting owing to a press of time on the part of men who could do it, therefore the present secretary will keep them until they are ready for the new board.

The Association is in very good shape financially, having no outstanding obligations, with the exception of a few small bills that had not been sent in to the secretary. There are also some premiums not paid, but warrants have been issued for them and parties may have them at any time. There is money to pay these and still a small balance in the treasury to start the year with.
