R. Dwyer of Boise was in this city for a few days this week. He is an electrician and was here negotiating with the light company with a view of taking over the plant. We do not know what success he met with but should he enter the field he has some good backing that would make it possible to enlarge the present system. Mr. Dwyer has returned home.

Albert Beadles, a brother to Mrs. McHose, underwent an operation last Saturday at the hands of Dr. Harrison who was assisted by Dr. Greary. When a boy Mr. Beadles was kicked by a horse and a piece of his skull was driven in which pressed upon the brain. This was removed, a very delicate operation, and a silver plate placed over the wound. Since the patient has shown marked improvement in a mental way, relapses of a mental nature being almost entirely overcome and his general condition is most promising and satisfactory to his physician. It was a skillful operation and the result is most gratifying to all conAn experienced dairyman wantd-Inquire at this office. Eastman Kodaks and Kodak

attend the agricultural short Tonawama Picture Program

The high school students are reading the "Lady of The Lake" and one of the faculty has asked Tonawama management to secure the picture production for the benefit of the high school boys and girls. The request has already gone to the film house and we may expect to have this feature in the near future. There will be no pictures to-

night as the house is otherwise occupied, but tomorrow night the usual program will be on. Four good reels that will please patrons. "The Love of an Island Maid," is a story of primitive hearts and master passions. It has a beautiful setting with strong cast-one of the best pictures ever produced in the house. "When Kings Were The Law" is a pretty scenic feature that will appeal to picture lovers and most appropriate for the evening. "Sing Lee and the Bad Man" is most promising comedy that will be a diversion. Wednesday night the program

will have some very attractive features "His Lesson" is a promising picture that may be one of great interests. "Prof. Optimo," is a semi-comedy in which Marshall P. Wilder gives prescriptions for the blues that are lasting-see it. "After the Reward" is described as a very clever drama full of life. The usual prices for these programs.

Three evenings during the coming week the farmers are going to occupy Tonawama and witness some illustrated lecture by instructors from the Agricultural College. These are given in connection with the short course and are free to all who desire to see them. The house will be very interesting and in-

Are You Ready To Buy?

The south half of the Harkey ranch, one half mile north of the business section of Burns, will be placed on the market in 5 and 10 acre tracts March 1st, 1913.

The price and terms are as follows: \$150 per acre. One fifth down, balance in four equal payments at 6 per cent. A discount of \$15 per acre is given where one-half cash is paid, or \$20 per acre discount when all cash is paid.

REMEMBER! There are only eighty acres to be dissposed of in 8 ten acre tracts or 16 five acre tracts. Comparing this with other acreage which has sold at \$250 and \$300 per acre it is a big snap. Grab onto a part of it! Watch this space for change in the next issue.
