Dr. W. C. Brown has closed a deal whereby he is now the owner of the corner just across the street from The Times-Herald building, formerly owned by Mrs. Robt. Drinkwater. Dr. Brown takes possession of the property the first of next month but will not occupy it until perhaps this fall when he will move in for school purposes and at the same time he will move his offices into the building. It is a very desirable corner, 100x100 feet and will be a good location for him and later most desirable for a large business building.

County court has been in session last Wednesday but little of record has been transacted up to this morning. Judge Thompson and both Commissioners Bain and Sylvester are present. Considerable work has been done but few journal entries turned in. One important matter disposed of this morning was the purchase of the old public school building and grounds for the high school. This was necessary as the school is now occupying the building and it was found that it could not be leased for next year; as the high school has outgrown the quarters formerly provided for it there was an emergency which must be met.

NOW! Is The Time!

To buy 5 or 10 acres. The Harkey Ranch is Now On The Market in small tracts. On account of the very low price, the richness of the soil and beautiful location it will be all sold in a very short time.

Price and terms are as follows: \$150.00 per acre, one-fifth down, balance in four equal yearly payments at 6 per cent interest. A discount of \$15.00 per acre is given where one-half cash is paid or \$20.00 per acre discount where all cash is paid.

This acreage is located just one-half mile north of the business section of Burns, straight out from the main street, with a fine acadimized road leading up to it. The land is the Richest Alfalfa and Garden Land to be found, and is now in a high state of cultivation. There is only 80 acres to be sold—several tracts are taken now. It WILL PAY YOU to call and Select Your Tract At Once—as it is will soon be all sold and doubled in value. Come In Today!

Ross Draper, a morphine fiend, was brought in the other day by H. N. Foss and lodged in jail. He had broken into Dr. Denman's office at Harriman and appropriated a quantity of morphine, cocaine, some clothing and other articles. He was followed by Mr. Foss to J. F. Mahon's place and captured. The man admits his guilt. He was around Burns the fore part of the winter but was asked to leave.

J. G. Quigley, recently from Oklahoma and who was here a few weeks ago in company with others looking over this section in the interest of several people who want to locate in Central Oregon, came in again Thursday and will spend several weeks in this city and surrounding country. He is most favorably impressed with the great possibilities of Harney Valley and will carefully "take stock" before going further in his search for investments and homes for those he represents. Mr. Quigley is very much interested in the prospecting for oil and gas and feels confident both will be found at a reasonable depth in paying quantities. He informs us there are new people interested in the development work now being carried on in this valley and there will be no further delay in the drilling. If they do not strike a flow at the present well it is understood they have sufficient backing to try other places.

WILL DONATE CITY PARK

Oregon & Western Colonization Company to Plat Suburban Acreage Tracts to Burns And Will Donate City Park

Agent Frank Johnson of the Oregon & Western Colonization Co. came in yesterday and informed The Times-Herald that the company will at once begin the survey of the land lying northeast and adjoining Burns, which is now under lease to Dr. Hibbard, into convenient tracts. He is not advised as to the size but this will be governed largely by the survey and how the land may most conveniently be subdivided. Mr. Johnson did not state how soon these tracts will be on sale or at what prices, but it is a very desirable locality for suburban homes and will sell rapidly no doubt.

Mr. Johnson further stated that it was the intention of the company to donate a nice tract to the city for a park. This will certainly meet with hearty approval from residents of Burns who have been casting about for a suitable location for a park. It is something that is desired and the liberality of the Oregon & Western Colonization Co should be appreciated. This park will make the locality more desirable as a residence district and aid in the sale of adjoining tracts.

Frank states he is here for the summer and will be joined by his wife and little daughter as soon as school closes.

Looking After Indian Lands

E. M. Garber, an attache of Supt. Wilson of the government Indian affairs, with headquarters at Roseburg is again in this territory looking after the interests of the Piute Indians in their land holdings in this Valley. Mr. Garber has visited here several times in his official capacity and made necessary arrangements to dispose of tracts of Indian lands. The sale of several of these tracts was advertised for February 18, but was postponed for 90 days. It seems Rye Grass Grange had filed a complaint as to the method of sale and the matter had been taken up by Congressman Lafferty at Washington. The Grangers didn't want the land sold as advertised and wanted it restricted to small tracts for each bid and only those who would agree to go upon the lands and make it their home were to be permitted to bid. Mr. Garber went out last Saturday and after a meeting with the Grangers the matter was explained and they have withdrawn their objections.

While here Mr. Garber is having more hearings and establishing heirships to deceased allottees and such as desire to sell will sign up and more of the lands will be placed on the market and the Indians given the money. He is also looking into the possibilities of leasing some of the lands to white men who have been using them more or less for some years. Mr. Garber will see that the Indians are given an adequate rental price and protected in every way.
