Ladies' Library Club.

The Ladies' Library Club met with Mrs. Wm. Miller in an evening session on Tuesday, March 25. The study was in line with the trend of the times, "Horticulture." The Misses Miller and Hibbard favored the Club with musical numbers, charmingly rendered. The Hostess elicited in the Roll Call a great variety of opinions of "Dry Farming." Miss Collins followed with a paper on "Horticultural Progress in the 19th Century", a paper deeply interesting to the Club ladies and worthy of a larger audience. She explained that Horticulture is the science of the cultivation of the useful and ornamental garden plants, therefore a division of agriculture, stating that our evolution in Horticulture has been most rapid in the 19th Century—and distinctively American in methods, our native Flora having been largely utilized in giving us a different type from the European. In passing, a word of praise was given to Supt. Alderman for his efforts in the growing interest in agriculture. Miss Witzel presented a sketch of the life and work of "Luther Burbank—The Wizard of the

An Enjoyable Entertainment.

The benefit recital given Thursday evening at Tonawama by the violin pupils of Mrs. M. V. Dodge, assisted by pupils of Mrs. Rembold, Mrs. Gault and Mrs. McHose, was one of the most enjoyable occasions of the season. The orchestra work of the first four numbers was a pleasant surprise to the large crowd present. With 18 violins, some of the players being not much larger than a full sized violin, a cello, cornet and piano, the music rendered was most charming, considering the large number of little ones participating.

The house was crowded and all present were lavish in their praises of the entertainment. Each number was generously applauded and several were compelled to respond to encores, although this was not general out of consideration for the little ones and the length of the program. The Times-Herald will not attempt to elaborate on the work of any individual taking part as every number was well rendered and a credit to the teachers. The pupils of the ladies assisting Mrs. Dodge furnished one number each, the rest of the program being entirely the work of Mrs. Dodge's pupils.

As a result of the entertainment Wm. Carroll was the recipient of \$47.90. The house was donated, the only charge in connection being for care taker and lights, and Billy Foren made a generous reduction from his fees as care taker.

New City Officers Sworn In.

The new city officers took up their duties last Wednesday evening and now we have a new bunch to grumble at. Mayor Mothershead has appointed A. C. Welcome president of the council, Councilmen James Lamphire and H. J. Hansen now constitute the finance committee, Hansen and R. J. McKinnon street committee.

The bonds of Recorder Bruss Byrd and Treasurer Mamie Winters were approved and accepted. There was nothing of a particular nature coming before the regular meeting Wednesday when the new officers assumed their duties.

Advice To Burn

When you come to think of it advice is the thing most given and least used. Every loafer a farmer meets on the street can tell him just how to farm and why the farmer does not get rich at it. They seem to think it is up to them to tell someone nothing—that is what they do.

A wallper was walking along the street the other day when I stood holding my team near a store. Asking about the team he suggested that the gray horse must be an old horse. I told him that the grey was the youngest horse on the place—only six. "Well," said he, "I never knew a horse got grey so young." What do you know about that for an old man who has tried to tell more people what to do and how and when to do it than any man in the city?

Can you blame a poor, weak-minded farmer for not literally taking to heart all that is told him by such sage old Sols? Well let people talk, they can tell you what they don't know better than you can learn it any other way.

When it comes down to the proposition of making good with stock and crops it takes about two looks and several works to apply the need where need is needed—put the seed where seed should be seeded. A man may learn to do a thing in a way from books or experience and advice of others, but if he does not have the brains to put oil where the squeak is he will be the loser. More than that the farmer has to be on the job when the time comes to do or nothing doing.

About three-fourths of the advice that one gets is only straw—the grain has to be threshed from it and used to the best of advantage. Clear thinking, right doing, and correct living are the key to success on the farm. If the key gets rusty something sticks.

Jeffries-Smith.

Harriman experienced its first wedding on March 15 when when S. R. Jeffries Jr. of this place was united in the Holy bonds of matrimony with Miss Daisy Smith of Alberson, A. H. Curry, Justice of the Peace of this place officiating. After the ceremony a nice supper was served at the Parker hotel where their many friends extended congratulations and presented them a very nice lot of useful and beautiful presents.

Mr. Jeffries came to this country about two years ago from Texas and is the son of S. R. Jeffries Sr. a wealthy cattle man of that state. Miss Smith is the daughter of Richard Smith a sheepman of the Steins Mountain country. Mr. Jeffries has been employed for some time on the stage line running from Harriman to Andrews and has made a host of friends who wish him and his bride a long and happy life.

Miss Cecil To Be Married

The following is clipped from a Sunday Journal of recent date. The young lady was formerly a resident of this city where she attended school and has many friends. Her father is one of the pioneer stock men of the Silver Creek section where he has large interests. The society page of the same issue contained a nice picture of the young lady:

Mrs. David L. McDaniel gave charming tea Saturday afternoon at the home of her mother, Mrs. Geo. E. Jamison, for Miss Vieve Cecil, whose engagement was announced last Sunday to Loyal H. McCarthy. About 100 guests called between the hours of 3 to 5 o'clock. Miss Cecil was a bridesmaid at Mrs. McDaniel's wedding last fall. The house presented a beautiful picture decked with a profusion of daffodils and ferns. A large bowl of the flowers centered a pretty tea table, at which Mrs. Frank Rigler, Mrs. James F. Hill, Miss Louise Cecil and Mrs. Ernest Tyroll poured. The guests were greeted by little Helene Tyroll, dressed in a becoming frock of white lingerie with pink rosebud trimming and a dainty cap to match.

Mrs. McDaniel, Mrs. W. C. Cecil, Miss Cecil and Mrs. Jamison received. Mrs. McDaniel was charming in her wedding gown with corsage of American beauty roses. Mrs. Cecil wore lavender chameuse, Miss Cecil was becomingly attired in pink crepe and Mrs. Jamison wore black lace with spangled over dress.

Assisting about the rooms were Mrs. Wm. Wilder, Mrs. Dolph Taylor and Miss Helen White.

State Taxes Will Be Trebled

Governor West checked up the total appropriations for the recent biennial period and gave out some interesting figures on taxation. The tax rate for next year will be nearly three and a half times as high as it is for this year.

The total appropriations, including standing appropriations for the two years, aggregate \$6,500,000. The standing appropriations are \$1,200,000 and the appropriations made by the recent legislature amount to \$5,450,000. The amount of funds to be raised this year according to the estimates of the tax commission is \$2,240,000 of which there is about \$520,000 in the treasury and about \$600,000 will be raised this year through licenses and other indirect sources, leaving \$1,120,000 to be raised this year by direct taxation.

Deducting the amount that will be raised this year, the governor points out there will be \$4,410,000 left to be raised in 1914, and which, after subtracting the \$900,000 that will be derived from indirect sources again will leave \$3,810,000 to be raised by direct taxation in 1914. This sum is about three and two-fifths the amount to be raised this year, and will increase the state tax rate to about four mills next year.
