### JOHN H. LOGGAN DEAD.

John H. Loggan, an old time and highly respected pioneer of this county, died at his home in Harney Tuesday morning April 22 after an illness of some two years, during which time he suffered very much. Mr. Loggan had long been identified with the upbuilding of this county, having come to Harney in 1885 where he had resided since with the exception of a short period spent in Polk county.

Mr. Loggan was a progressive citizen and was ever ready to assist in forwarding anything that tended to the betterment of his home town or the country in general. He had been in the mercantile business but of late years had served his home town as post master. Deceased was not affiliated with any lodge, but at one time was a member of the United Brethren church. He would have reached his 65th birthday had he lived until the 25th of this month. He was born in Indiana and was married in 1869.

Deceased leaves besides his widow six daughters and two sons, all of whom reside in this county with the exception of one daughter, Mrs. Emma Gould, 14 years of age, for any un-

son to hunt, angle or to have in his possession a gun without having first taken out a gun license from the game commission, paying therefor \$25 license fee.

The open season for trout over 6 inches long is from April 1 to October 31, bag limit 75 in number or 50 pounds. Trout 10 inches and over open all the year, bag limit 50 in number or 50 pounds. The age of anglers is 14 years. It is also unlawful under the new law for women to fish without license. The new law goes into effect June 3.

### Synopsis of New Game Law.

The following is a synopsis of the game law of district No. 2 of Oregon, comprising the counties of Crook, Lake, Klamath, Sherman, Wasco, Umatilla, Wallawa, Union, Baker, Malheur, Harney, Hood River, Morrow, Grant, Wheeler and Gilliam:

The open season for deer with horns is from August 1 to October 31. Bag limit, three deer, Geese, ducks and shore birds, from September 15 to February 15, bag limit 30 birds in seven consecutive days. Grouse, rough grouse or native fed, from September 1 to October 31, bag limit five birds in one day or seven birds in seven consecutive days. Quail from October 1 to October 31, bag limit ten in seven consecutive days. Doves from September 1 to October 31, bag limit ten in seven consecutive days.

It is unlawful to sell any game or fish, to shoot or discharge any gun upon any railroad right of way, road or public highway, to issue license to any person under 14 years of age, for any un-

### Gold Medal For School Boy or Girl

A gold medal to the school boy or girl between the ages of 10 and 15 who writes the best composition, not to exceed 800 words, on the repair and maintenance of earth roads, is to be awarded by Logan Waller Page, Director, Office of Public Roads, United States Department of Agriculture, Washington, D. C. All compositions must be submitted to Mr. Page before May 15, 1913, and the medal will be awarded as soon thereafter as the compositions can be graded. The composition may be based on knowledge gained from books or other sources, but no quotations should be made.

### SOME FINE PICTURES.

The programs at Tonawama tonight and tomorrow night are very attractive. Two comedies for each night and some strong dramas full of life. Tonight there will be "The Katzenjammer Kids," which is a winner for the children. "A Western Legacy," is a farce-comedy that is a screamer, featuring G. M. Anderson in a rip-roaring role. "Tis Mother," is a beautiful drama of exceptional interest.

Tomorrow night the particular feature will be "The Desert Sweetheart," which is a big thrilling feature in which some of the favorite players take part. "A Close Call," is a farce-comedy full of fun. "Her Convict Brother" is a story of the present day and furnishes some good things to think about. "Hollowhead as a Magician" promises to be an exciting affair full of fun. Usual prices at both performances.

### Lecture on Odd Fellowship.

Today is the ninety-fourth anniversary of the founding of Odd Fellowship and the local lodges will hold open house tonight at the Odd Fellow building. Dr. D. E. Standard is going to talk on the great fraternal organization this evening and the lodge room will be thrown open to all who desire to hear it. The Odd Fellows have been a very strong organization for many years and its members may well feel proud of the good achieved and the relief given to unfortunate humanity. It is one of the finest secret organizations in existence and no doubt Dr. Standard will give an excellent address well worth hearing.

The weather has been exceptionally warm this week causing more or less light showers but it is the kind of wether we may expect during this month and the farmer has no complaint.

### Reform of Land Laws.

Reform of the land laws has not been mentioned among the measures which President Wilson will ask Congress to take up either at the extra session or at the next regular session. This fact is probably due to failure by the President, like other Eastern people, to recognize the necessity of the reform. Western people are keenly alive to the urgency, and it is incumbent upon Western Senators and Representatives to urge action so forcibly that delay beyond the next regular session will be impossible, says the Oregonian.

New laws are needed to harmonize conservation with development and with the rights of the public land states; also to remove those absurdities and invitations to fraud which characterize legislation by Eastern men ignorant of Western conditions. Of almost equal importance is reform of the administration and procedure of the Land Office.

The organization of the Land Office is now virtually the same as in the early days of the republic, when it was merely a big real estate selling agency. The laws of the last seventy years have intrusted it with judicial functions connected with the determination of vested rights established prior to the issue of patent to public land. But no proper machinery has been created to exercise these functions.

### ADDITIONAL LOCALS

The Odd Fellow dance at Tonawama last night was attended by a large crowd and was very enjoyable.

A telegram yesterday from Senator Chamberlain announced that Sam Mothershead had been confirmed as receiver of the local land office, therefore it is now sure he will assume the position as soon as his bond is filed and accepted. The appointment meets with general approval, as he is one of the best known men in the district and particularly fitted for the place.

There is going to come a time in the immediate future when the business interests of Burns will have to stand together on a matter of vital importance to the town. This is a foregone fact that must be considered and the sooner those who have "fixed ideas" of their own must begin to take notice of the other fellow's notion. No one man can have it all just as he thinks it should be without considering other views. Don't think this is a joke because we are going to wake up one of these days and find the time is here.

### Farm For Sale.

160 acres, all fenced; 50 acres in cultivation; new 7 room house, small barn and other out buildings. Running stream thru it greater part of the year. Good grain or hay land and well situated; excellent bottom land for farming. Can give in connection a relinquishment to homestead of 160; a desert claim of 80 acres, all joining. Price \$3500, including desert relinquishment. For particulars inquire at this office. 22-1f

Look to Your Plumbing. You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get quick relief. For sale by all dealers.
