"GRANDMA" HASKELL.

Mrs. Sarah A. Haskell died at her home in this city on Tuesday evening. Had she lived until next November she would have been 90 years old. "Grandma" Haskell had lived in this place for many years and was one of the highly respected pioneer woman who came to this section in early days and helped to make Harney county what it is. She was one of those determined women of character that always made a success of what she undertook and that was necessary for the pioneer life.

Her maiden name was Broaded and she was born in Milan, Ohio, on November 21, 1823, her father was a native of Canada her mother was the granddaughter of Rev. Wm. Gurley, a Methodist minister who was ordained under John Wesley in Ireland and left that country during the Irish rebellion in which the Catholics and Orangemen were in conflict. He was sentenced to death at one time but was spared because of his skill in work as a silver smith and much of his work was for the church all of which was done with gloves, thus not touching the work with hands that were not consecrated. He lived to be 91 years old. Deceased was married to John McClintock in 1839 when she was 16 years old. Mr. McClintock went to sea immediately after the marriage and remained away for four years, during which time she served an apprenticeship and took up the trade of tailoring. They moved to Iowa in 1852 and to them were born four children, all of whom are dead except Mrs. Ione Whiting of this place. In 1860 she lost her husband and the following year she started to California taking her son Frank and daughter Ione. The latter she left in Ohio to attend school and continued her journey with Frank, going by way of Nicaragua and riding on mules. In 1863 she married Thos. Haskell, a native of Maine and to this union was born one child that died in infancy. Mr. and Mrs. Haskell came to Harney Valley in 1882 arriving here June 22, from Long Valley, California. Mr. Haskell had froze his feet the previous winter and she had to act as surgeon as well as nurse, removing his toes and otherwise caring for him. Mr. Haskell went to San Francisco in 1889 to receive treatment for cancer where he died. She leaves 19 grandchildren and 13 great-grand children in this vicinity, 5 in California and some in Colorado.

The funeral was held Thursday afternoon from the Baptist church, services being conducted by Rev. Beebe and many old time friends were there to pay their last tribute of respect to one who had been "grandma" to them for so many years. Her daughter, Mrs. Whiting, expressed her gratitude that she had the privilege of laying her mother away to rest and that she was not mourning. She is deeply appreciative of the many kind acts of numerous friends who held her mother in such high esteem.
