

LATEST DEVELOPMENT LEAGUE NOTES

(From Our Portland Correspondent)

A splendid foundation has been laid by the State Immigration Commission in the work of attracting farmers to Oregon from the countries of northern Europe. A series of conferences with Germans, Norwegians, Swedish and Danish people has resulted in outlining the work to be accomplished and in securing the complete co-operation of substantial people of these various nationalities now resident here.

Committees formed of members of the different races will work with the Immigration Commission in seek out suitable lands for colonization purposes, securing them at a reasonable price and aiding the new comers after they are settled. Judging from the success that has attended the preliminary work, much may be expected from this organized effort to settle Oregon's idle farming lands.

More interest is being shown in eugenics, the science of growing perfect babies, throughout the state since the first eugenics show was held last year at the State Fair. The first test of babies has just been held by the Parents' Educational Bureau of Portland, and this promises to become a regular institution. Babies are given a careful scientific examination and defects pointed out to parents with instructions as to how they may be overcome. Parents who intend entering youngsters in the coming shows next Fall find these preliminary tests helpful.

Bend sent its boosters down to Portland last week and took the Ad Club of the metropolis by storm, winning a great deal of publicity. Louis W. Hill and party of railroad men have been inspecting the Central Oregon country the past week. It is a period of general expansion, railroad building and development over there.

Salem has set its dates for the annual Cherry Fair for July 4 and 5, and it will include a patriotic celebration. Steps have been taken to make this year's event the most elaborate affair of its kind ever held.

Good roads workers of two states will meet at Medford June 6, when the proposed new road between California and Oregon will be discussed. This route, lately surveyed, is designed to avoid bad grades in the present road. A campaign will be started by Jackson County for the issuance of bonds for road purposes.

PRACTICAL BAKING LESSONS

PAPER BAG COOKERY

Cooking in Paper Bags, for meat, vegetables and pastries is becoming so popular that recipes for the method are greatly in demand. Many articles are greatly improved by using paper bags. One can buy the especially prepared bags at all grocery in assortments sizes at a very small cost. Below I will give you a few recipes which I have found are much finer in the bags than baked in the open oven.

Nevada Briggs

Apple Dumplings

Paper Bag Recipe

2 cups sifted flour 14 teaspoonful salt 2 level teaspoonfuls K C Baking Powder About 1/2 cup milk 1/4 cup shortening Butter or nutmeg Sugar

Sift in the flour, the sugar, the butter, the salt and mix to a dough with milk as needed. Roll into a square sheet one-third inch thick and place in a greased pan. Lay a cored and pared apple on each square. Sprinkle with sugar and cinnamon, then draw up the dough to cover the apples; make smooth and place on a baking sheet. Bake in a pre-heated oven in the prepared paper bag, giving plenty of space in the bag to allow the inner surface to have the seam side up and the top of the bag securely. Place the bag on a shallow pan. Heat the oven when the bag is placed in the oven to increase heat later. I find the most frequent cause of burning bags to be the oven too hot. It takes much longer to bake in a paper bag than in the open oven.

To determine when the apple dumpling is ready, pierce the top in the hole in the top of the bag and test with a toothpick to find if apple dumplings baked in bags are delicious.

Apple dumplings baked in the old way in the open oven have a very hard crust. Serve dumplings with cream or hard sauce.

Hard Sauce

Beat half a cup of butter to a cream, gradually beat in one cup of sugar and press into a dome shape on a glass or china plate. Drizzle a little nutmeg over the top.

Beef Roll in Paper Bag

3 cups flour 14 teaspoonful salt 14 cup shortening 14 cup milk 2 beaten eggs Grating of onion 3 level teaspoonfuls K C Baking Powder 1 cup cold chopped cooked beef and ham 14 teaspoonful dried mustard 34 teaspoonful each, salt and pepper Broth or water

Mix a biscuit dough of the flour, salt, baking powder, shortening, milk, eggs, onion, mustard and pepper. Add the beef and ham and roll into a sheet half an inch thick, leaving the ends even. Mix the other ingredients to make a paste. Spread the paste over the dough and roll like a jelly roll.

Other cooked meats may be used in the same way. Often we have several different kinds of cold meat for dinner enough of any one kind for a particular purpose. One can use these several kinds putting them through the food chopper, using two cups of the chopper and cooking as desired. For baking in the paper bag, roll the meat as for apple dumplings and bake by same rules. Serve with a brown gravy.

Reduced Freight Rates On Oregon Wool

Attention is called by the Sumpter Valley Railway to the reductions recently made by the Union Pacific System, in the wool rates to eastern markets, as result of the hearing before the Interstate Commerce Commission, the new rates from Baker being \$1.62 per 100 lbs. in bales and \$1.87 in sacks.

The reduction from the rates in effect at this time a year is \$4.00 per ton in each case. This reduction, with the low rates it effect via the Sumpter Valley line which are practically half the basis recently established for railroads in Oregon by the Oregon Railroad Commission, should prove to be a big boost for the wool interests, and coming at this time in the face of unsettled conditions on account of tariff agitation, is the source of considerable satisfaction to our wool growers. The reduction at Pilot Rock is 8 per cent 100 lbs. and at Heppner 12c. With the warehouse facilities which are being furnished at both Prairie City and Baker this situation is serving to make the route via the Sumpter Valley Railway, an attractive one to the wool growers of Harney, Grant and Southern Wheeler counties. The first shipments of the season are already moving out that way, the initial car having arrived at Baker May 19th. Wool sales are scheduled at Baker this season on June 7th and July 2nd.

The Sumpter Valley Railway also announces that a recent reduction has been made by the trunk lines in the rates on cattle from Texas and New Mexico to Baker, the new rate being \$200 per car in ten car lots. This concession is made to assist in restocking the ranges, which have this year become more or less depleted in all sections of the Northwest.

I have at my place on Rock Creek a four year old red cow branded either H connected or 71, think it the brand of Frank Heinz. Wish to establish ownership to animal. Parties interested will confer with me at once. G. A. Stoneman, Harney.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Every family without exception should keep this preparation at hand during the hot weather of the summer months. Chamberlain's Colic, Cholera and Diarrhoea Remedy is worth many times its cost when needed and is almost certain to be needed before the summer is over. It has no superior for the purposes for which it is intended. Buy it now. For sale by all dealers.
