There will be a meeting of the Harney County Live Stock Protective Association at the Court House in Burns, on June 16th at 2 p. m., important business. Grant Thompson, President. Sheriff Richardson left Thursday morning for the railroad taking Mr. and Mrs. Sam Mickel who are enroute to Fish Haven, Idaho, to make an extended visit with relatives. Mr. Price Cochran writes that Harriman is going to have two days celebration the 4th and 5th. They are preparing for a big time with a big dance on the evening of the 4th the music to be furnished by Miss Ethel Haines. John Robinson of Harney has started overland for Denver, Colorado, with his wife who is suffering from tuberculosis. He was advised by her physician to seek another altitude and climate as a means of prolonging her life and they have started on the journey. Leo M. Humphreys, of Moscow, Idaho, was here last week and looked over some of the Oregon & Western Colonization lands. He selected a half section out near the Hamilton and Loggan places and has just wired B. F. Johnson to close the deal up as he is coming with his family. Mr. Humphreys will develop the place at once. Dr. Harrison removed an ovarian tumor from Miss Agnes Sayer on Tuesday night at the Burns Sanatorium. The operation was successful and the young lady is recovering rapidly. Miss Herbert assisted in the operation and is nursing the case. Miss Sayer is a most estimable young lady and her many friends are pleased to learn she is on the road to recovery. Elmer McMannus, who has been with the Welcome Pharmacy for several years, except when in school, has resigned his position and will go to the Bear Valley ranch of Byram Bros., for the vacation period and expects to again take up studies in school in September, taking up medicine and kindred branches. Elmer is a very ambitious young man and will succeed. Kodaks at The Welcome Pharmacy. At this season of the year there is always an effort made to get the hunters and fishermen to take out licenses. In this country the sentiment is opposed to the license because all the license money is expended in the western part of the state and the laws are not such as to better the game and fish conditions here. Recently there was a case in Portland where a deputy got away with several hundred dollars. The people in Idaho feel about the same way, but they do occasionally get a few trout plant-eds. Over there they do not prosecute for anything except not taking out a license, all other offenses are overlooked, which looks, on the face of it, like the license money is the whole thing now and some one wants it bad. All sportsmen believe in the protection of game, but are opposed to petty larceny grafts. The whole thing should be taken out of politics.—Ontario Argus.

We carry the Florsheim shoe Williams-Zoglmann Clothing Co. Testimony in the Venator contest case was taken here this week before M. A. Biggs as special referee with Mrs. W. L. Blott acting as stenographer. The government agents at Vale stated they had some important testimony to be taken in this county and Mr. Venator went to the expense of bringing several of his witnesses and his attorney, Geo. W. Hayes, here with the result that the government did not put a witness on the stand. This contest has cost Mr. Venator considerable money and otherwise work to his detriment. It would appear that some of the field men in the land service are pretty active in causing trouble to men who are trying to secure land. There has been complaints respecting the activity of these special agents for a long time and it might be a good plan for the head of the department to do a little weeding out. You will find IT at the Burns Department Store. James Lampshire has just received his first Indian Moto Cycle and considers himself fortunate in securing the agency for this famous machine, believing it to be the last word in motor cycle construction. With its cradle spring suspension, its silent powerful motor, its convenient and flexible control, its refinement of detail and the highest possible grade of construction makes the Indian supreme. The cities have taken so kindly to the motor cycle that they now have not only a big field in the industrial world but are rivaling the automobile as a pleasure conveyance. The small cost for a high grade machine the great saving in time even over the automobile, the economy of both operation and maintenance the exhilaration and pleasure afforded in riding, in creating a phenomenal demand for these machines, write for catalogue to Lampshires Garage, Burns, Oregon.

JOHNSON-DALTON The home of Mr. and Mrs. J. M. Dalton of this city was the scene of a very pretty wedding last Wednesday evening, June 11, when their daughter, Miss Ruby, became the bride of Ludwig M. Johnson, Rev. Dr. Babbidge of the First Presbyterian church performing the ceremony in the presence of the relatives and a few invited friends. These young people are among the most popular of this section and they have a wide circle of friends. The bride was one of the graduates of this year's high school class and is a very sweet and accomplished young lady. She is a particular favorite in Burns having endeared herself to her acquaintances by her charming character. Mr. Johnson is connected with the Harney County National Bank holding a very responsible position and is a young man of high character. He has been prominent in social and lodge circles since coming to Burns and has been most active in the line of music, being a fine tenor singer and also manager of the Tonawama Band. He is highly esteemed by all his acquaintances for his happy disposition and business qualities. The bride was attended by her sister, Miss Helene Dalton, and E. Music was best man. An elaborate wedding supper followed the ceremony and during the evening the "Treble Cleff Club" a vocal musical organization of which the bride is a member, and the Tonawama Band, of which Mr. Johnson is manager, serenaded them. There was also an impromptu serenading party went to the residence after attending the picture performance at Tonawama. There are going to be three days of fun, beginning the day of the 4th and covering over Sunday. Baseball games, horse racing, sports on the streets and fireworks.
