LATEST DEVELOPMENT LEAGUE NOTES

(From Our Portland Correspondent)

From all indications Oregon will make a better showing in the Eastern Land Shows this year than ever before. The Oregon State Immigration Commission, with headquarters at the Commercial Club, Portland, is urging commercial bodies of the state, as well as individuals, to make suitable exhibits which will be included in the state display with no expense save that of gathering the specimens and taking them to the depot. They will be shipped from the nearest railroad point to Portland, assembled in a general exhibit and will be sent east by the commission but each organization or grower will receive full credit for the products entered.

A circular is now being issued by the commission giving directions for gathering and shipping the exhibits. Attention is called to the need for careful packing, the selection of only the best specimens and advice and assistance is offered. It is pointed out that the co-operatiod of all parts of the state is necessary in order that the agricultural wealth of Oregon may be shown to the best advantage and that success may be attained in competition for prizes with the exhibits made by other states. It is suggested that the decision to choose exhibits for this purpose should be made early in the season and that a few choice specimens from each community are much better to show the East what Oregon can grow than a large quantity of sample grains, fruits and vegetables of mediocre quality.

Homesteaders in Central Oregon are making good, declares President Joseph Young, of the Hill lines in Oregon, who lately accompanied Louis W. Hill, of the Great Northern, on an extended tour of the State. Crop conditions are said to be excellent with prospects of a big yield. Development work of all kinds is going ahead well and new settlers are coming in from the East and establishing themselves.

Students of forestry at the Oregon Agricultural College are enlisting in practical work this Summer and are gaining experience in the service of the Government, or of private timber companies, in patroling timber holdings. Vacations spent in this way are profitable not only in a financial way but give the student a practical working knowledge of the business.

Improved plans for marketing the fruit crops of the principal northwestern districts have just been completed by the North Pacific Fruit Distributors Association and are expected to be of benefit to the fruit growers throughout the Northwest group of states. Better arrangements for marketing have been lacking and it is thought the scheme just perfected will supply this need.

The Southern Pacific Company will spend millions on its Oregon lines during the next two years, according to a formal statement of planned improvements that has been submitted to the California railroad commission. The company asks for permission to issue bonds to the amount of $30,000,000 and gives as a reason for the request the number of heavy contemplated investments in this state. Among these are: Electrification of lines in the Willamette Valley; reconstruction of the Sheridan-Willamina railroad at a cost of $2,501,880, Corvallis and Eastern R. R., $270,580; Pacific Railroad & Navigation Co., $134,540; Salem, Falls City & Western, $68,680.

LADIES HOSPITAL, Private and comfortable care, Mrs. W. T. Lester, Burns, Oregon.

I have at my place on Rock Creek a four year old red cow branded either H connected or 71, think it the brand of Frank Heinz. Wish to establish ownership to animal. Parties interested will confer with me at once. G. A. Stoneman, Harney.

Notice of Appointment.

In the matter of the estate of Andrew Stone, deceased.

Notice is hereby given that the undersigned has been this day duly appointed by the County Court of Harney County, Oregon, the administratrix of the above mentioned estate, and has qualified. All persons having claims against said estate are required to present them as by law required within six months from date to said administratrix at her residence near Andrews, Oregon, or at the office of G. A. Rembold, her attorney, at Burns, Oregon.

Dated this 7th, day of May 1913.

ELENOR REDOS, Administratrix.

PRACTICAL BAKING LESSONS

COOKIES AND TEA CAKES

In this lesson I will give a few choice recipes for cookies and small tea cakes. There are two kinds of cookies, the rolled cooky and the drop cooky. The rolled cooky is rolled out and cut in shapes for the oven. The dropped cooky is less trouble as they are dropped with a teaspoon into the buttered pan. There is nothing more convenient for children's lunches than cookies or small cakes.

Nevada Bright

Peanut Cookies

½ cup butter — ½ cup sugar
1 egg, beaten light — 2 tablespoonfuls milk
1 cup flour — ½ teaspoonful salt
1 level teaspoonful K C Baking Powder
½ cup shelled peanuts

Sift together, three times, the flour, salt and baking powder. Cream the butter; add sugar, egg, milk, the flour mixture and, lastly, the peanuts, chopped and pounded fine in a mortar, or put through the food chopper. Drop on a buttered tin, a teaspoonful in a place well apart in order that the cooky can round out. Put half a nut meat on each bit of dough. Bake in a moderate oven. This will make twenty-four cookies.

These are delicious after the second day and will remain moist for a number of days.

Plain Cookies

½ cup butter — 1 cup granulated sugar
½ nutmeg, grated — 1 egg, beaten light
2½ cups flour — ½ cup milk
2 level teaspoonfuls K C Baking Powder
Sugar for dredging the cakes

Sift together, three times, the flour and baking powder. Cream the butter, nutmeg, beaten egg, milk, and the flour mixture. Take the dough on a floured board, a little at a time; knead lightly; roll to a scant half inch thickness and cut into rounds. Dredge with sugar by turning top of cooky into a plate of sugar; if desired, a little cinnamon may be mixed with the sugar. Bake in a moderate oven.

Almond Drop Cookies

2 eggs, beaten light — 1 cup sugar
2 ounces chocolate, melted — 1 cup flour
1½ cups blanched almonds, chopped.
1 level teaspoonful K C Baking Powder
½ teaspoonful each, salt and cinnamon
1 teaspoonful vanilla extract

Sift together, three times, the flour, salt, cinnamon and baking powder. To the eggs add the sugar, chocolate, almonds, extract and lastly, the flour mixture. Drop by teaspoonfuls upon a buttered baking pan. Bake in a moderate oven. The recipe makes about three dozen little cakes. Other nuts, as hickory nuts, English walnuts or pecans may be used.

Spiced Tea Cakes

1½ cups flour — ½ teaspoonful salt
2 eggs or 4 egg yolks — ½ cup butter
½ cup sugar — ½ cup cold water
1 level teaspoonful K C Baking Powder
2 teaspoonfuls cinnamon
½ teaspoonful nutmeg
¼ teaspoonful ground cloves

Sift flour, baking powder, salt and spices three times. Cream butter and sugar. Beat yolks of eggs very light; add these to butter and sugar mixture; alternately add water and flour mixture, beat until smooth then add beaten whites, when whole eggs are used. Bake in muffin pans or patty tins. Bake slowly until the batter has expanded to double its bulk; then increase the heat and bake until brown and will respond to the touch when pressed in the center with tips of fingers. A little fruit may be added such as raisins or currants.

Things to Remember

The softer cookies are mixed the lighter and more moist they will be.

To handle soft dough for rolling and cutting, take only a small amount on the board at a time.

When very soft dough is to be rolled and cut, always add a little baking powder to flour used on the molding board and the rolling pin, as the flour alone will toughen the dough.

To bake cookies use a sheet or a shallow pan and always bake at the top of the oven. Never try to bake cookies in a deep pan. The heat must get directly at the cooky from the sides as well as the top. If one does not have a shallow pan or cooky sheet, invert a dripping pan and use the bottom of it. Have a moderate oven for cookies.

To bake Tea Cakes always use the slow oven until the cakes have doubled in bulk. Then bake until done with the hotter oven. If tea cakes "mountain up" and crack open it is an indication they baked too quickly.

K C Baking Powder is excellent for cookies. It is not always possible to have enough oven room or enough shallow pans to bake all the cookies at one time. With K C it is perfectly safe to mix as much batter as you wish and bake as fast as convenient. The last cookies baked will be equally as nice as the first, due to the nature of K C Baking Powder.

K C is so made that it gives two distinct raises—one out of the oven and one in the oven. This double raise allows food to remain out of the oven for hours and still be light when baked and it also makes the food much lighter than the old fashioned baking powder. Test this statement by making your favorite cake with K C and note the difference in the size of it when baked.

The Marlin Model 20 REPEATING RIFLE

You can buy no better gun for target work and all small game up to 200 yards.

Without change of mechanism it handles .22 short, long or long-rifle cartridges perfectly. The deep Ballard rifling develops maximum power and accuracy and adds years to the life of rifles.

The solid top is protection from defective cartridges—prevents powder and gases from being blown back. The side ejection never lets ejected shells spoil your hand and allows quick, accurate repeat shots. With simple take-down construction, removable action parts,—least parts of any .22—it is the quickest and easiest to clean. A great vacation rifle. Ask any gun dealer.

The 136 page Marlin catalog will help you decide what rifle best suits your individual desires. Send 2 stamps for it today.

WHY NOT MAKE $200.00 A MONTH - - That's $50.00 a Week, almost $10.00 a Day

Selling Victor Safes and fire-proof boxes to merchants, doctors, lawyers, dentists and well-to-do farmers, all of whom realize the need of a safe, but do not know how easy it is to own one. Salesmen declare our proposition one of the best, clean-cut money-making opportunities ever received. Without previous experience YOU can duplicate the success of others. Our handsomely illustrated 200-page catalog will enable you to present the subject to customers in as interesting a manner as though you were piloting them through our factory. Men appointed as salesmen receive advice and instructions for selling safes, giving convincing talking points which it is impossible for a prospective customer to deny. Why don't YOU be the first to apply from your vicinity before someone else gets the territory? We can favor only one salesman out of each locality.

The 28th anniversary of our company was celebrated by erecting the most modern safe factory in the world. Wide-awake men who received our special selling inducement, rendered it necessary to double our output. We are spending many thousands of dollars enlarging our sales organization, but to learn all particulars, it will cost you only the price of a postal card.
