 mittee of the First Presbyterian
 church was held last night and
 the bid of G. W. Rayercraft for
 \$11,000 was accepted and as soon
 as he furnishes the necessary
 bond the contract will be let.
 This bid calls for the new church
 building complete with heating
 plant, etc. There has been con-
 siderable delay in getting started
 on the new building but now
 there seems to be nothing to pre-
 vent the work going forward to
 completion. It is to be of stone
 and brick and one of the finest
 church buildings in the west.

The Prineville Journal boasts
 of a long strawberry season en-
 joyed by the people of that town,
 it covering a period from April
 until this month. They have
 none the best of Harney county
 people who are still enjoying
 home grown berries and those
 raised in the mountain portions
 are still coming on the market.
 We have the best of most of
 our neighbors in almost every
 respect as we produce best of
 evening, our only drawback be-
 ing a train service and Mr. Far-
 rell is doing his best to give us
 that.

WHAT IS THE SMALLEST SUM

which the Harney County National receives on
 deposit?

This Bank does not fix an absolute limit
 for deposits, but relies largely upon the fact that
 once an account is started its owner strives to
 keep his balance growing.

Suppose you open an account and deter-
 mine that your balance shall never go below a
 certain amount. That sum will always be an
 "anchor to windward"
