# 1914

The assurance of your success for the coming year, and each succeeding year, depends largely upon your business methods. That a banking connection is essential to every business is now unquestioned. When selecting your banking connections, you should therefore choose a bank which has the ability and the disposition to serve well its patrons.

A telegram received by A. W. Gowan Wednesday announced that both of the home National Banks at Burns had been designated as a United States depository for Indian moneys. This is gratifying to the people of this section as it is thought the money derived from the sale of the Indian allotments in this Valley and for the benefit of the Indians who reside here should be left in a local depository.

Frank Aldrich, who has been driving a freight team for E. E. Owsley, is held in jail on a charge of selling liquor without a license. He is accused of taking liquor which he was hauling in for a local firm from his freight wagon and selling it along the road between here and Bend.

Local people were quick to take advantage of the new parcel post regulations permitting 50 pound packages to be sent within the first two zones. The merchants have been the ones to take the greatest advantage as they can get goods in from Boise or Baker cheaper in this way than by freight. It is going to work a hardship on the mail contractors and the post masters are also going to have a much greater amount of work to do. "Uncle Sam" will have to come to their relief if he expects them to do their duty and make prompt delivery.

Quite a few of our citizens are planning to leave next week for outside points for indefinite stays. E. E. Purington and family will go to Portland where they will remain for some time and Miss Helen will likely again enter school after a short time under the care of specialists for her health. Mrs. McKinney may accompany them for a few weeks visit in the metropolis. Mrs. G. A. Rembold will also go to Portland where she will spend perhaps three months taking advantage of the opera season and take a course in music. Dr. and Mrs. H. M. Horton go to California to remain for several weeks and John Farre will likely go out at the same time, his destination being his home on the Deschutes after a holiday visit with his brother, Wm. Farre, and friends.

Dr. Minnie Iland and Ralph Catterson were up from Lawen yesterday. Dr. Iland reports the health of that community very good. The little daughter of Scott Hayes has recovered from typhoid fever and she also reports that Mr. and Mrs. Wm. Johnson of Alberson are the proud parents of a little daughter born between Christmas and New Years, but the exact date she did not remember.

Mrs. Wm. Stirling and Mrs. Alex Hanley came in from Bend Thursday evening with John Collins. The former returning from Portland where she spent the holiday vacation with her daughter, Miss Nettie, who is attending the agricultural college. Her other daughter, Miss Agnes, remained down there for a couple of months. Mrs. Hanley and babies spent a short time with her parents in Bend. Alex went over and came back with them.

Mr. and Mrs. A. K. Richardson, with Mr. and Mrs. H. J. Hansen joining them and Joe Thompson and wife assisting, entertained a large company of friends at the home of the former last Tuesday evening. A very pleasant time was spent playing 500, the honors going to Mrs. J. W. Geary, Miss Gerstel, Miss Mayme Cozad and Mrs. Schwartz, the consolation being awarded Mrs. Davey. The gentlemen who had highest scores were Ben Cozad, Archie McGowan, C. M. Faulkner, Sam Mothershead, John Gemberling receiving the consolation. A fine supper followed the hands. Mrs. Beadles, mother of Albert Beadles and Mrs. H. W. McHose, has been quite ill with pneumonia during the past week but has passed the crisis and is now on the mend.

The weather has turned colder during the past few days and now the roads are frozen over making travel better. The stages are late however, caused by the great increase in the mail occasioned by the additional amount of parcel post packages.

John Darsey and family are over from Westfall to remain for an indefinite time with Mrs. Darsey's parents, Mr. and Mrs. Chas. Frye. Mr. Frye has been quite ill and they came to remain with them until he is able to care for his work as care taker at the high school.

A telephone message from Canyon the other day, stated that Tom Morrison, formerly of this place and well known here, met with very painful injuries Tuesday night by being kicked and trampled under the feet of some stage horses which he was caring for. He was severely bruised and his face has scars that he will carry the rest of his life.

The Governor Imposed On.

County Attorney Sizemore has instructed Sheriff Richardson to close the pool hall on Sundays. Gov. West received a letter signed by Mrs. Lizzie Lippind written from Burns stating the pool hall was kept open on Sunday and that there was gambling going on there. As a matter of fact any one acquainted with the proprietors or has observed the manner in which the pool hall is conducted knows there is no gambling allowed there.

The name signed to the letter is certainly an assumed one as no one of that name is known here. The governor wrote the county attorney to see that the law was complied with and he has turned the letter over to the sheriff. The pool hall will be closed in compliance with the request, but it isn't pleasant to think we have people who will misrepresent matters to accomplish such an end.

Gun Club Opposed to More Game Preserves.

A meeting of the Harney County Rod & Gun Club was held at The Times-Herald office last evening and the matter of changing the by-laws to provide for a secretary to be paid. The affairs of the Club are to voluminous to expect a secretary to care for them without compensation. The secretary was instructed to notify the membership of the annual meeting next month and add that the by-laws would be amended at that time to provide annual dues in order to pay the secretary.

The matter of a deer park or refuge where deer would not be molested and where they could breed was discussed and there was a decided opposition to any more game preserves in this section by the members present. They think we have laws protecting the game in this state and if properly enforced there is little danger of the deer becoming extinct for many years. We have a large portion of this country now in game preserves and the members believe we should not be compelled to forego more of our hunting grounds for such purpose.

Is This a Compliment?

They talk about running Bill Hanley for Governor. If Harney county runs Bill Hanley for Governor, Grant county will trot out Joe Combs, and if Joe don't make a campaign that would resemble a whirlwind, tornado, cyclone, Kansas twister and Chinese Simoon all stirred up into a summer zephyr, well, then, we don't know Joe Combs.—Blue Mt Eagle.

Teachers' Training Course in High School

Principal Shirk of the high school informs The Times-Herald that the Harney county high school board has authorized the teachers training course in the school at this place and it has been arranged to provide for it at once. This is done without adding to the faculty by rearranging the classes with the present corps of teachers in charge.

Students taking advantage of this course are permitted to teach for one year upon graduation without any further examination and also to have the certificate renewed for another year.

## Annual Clearance Sale

The long looked forward to event is now at hand. Two things have been uppermost in our mind in the planning of it. First, our inflexible rule that no winter goods are to be carried over, and second, and very important, that last year's sales records are to be put in the shade.

A sweeping clearance carrying all our winter stocks before it and leaving behind a store ready to receive new, fresh merchandise—that's the object of it.

Don't Fail to Attend it
