#### Circuit Court.

Circuit court has been occupied during the week with criminal business, mostly, although some law and equity cases were considered with arguments and motions, etc. The case of state against E. E. McCay on a charge of perjury was tried and the jury found him not guilty. Edwin Griffin charged with larceny of a cow was tried and found not guilty.

Yesterday evening Judge Biggs dismissed the jurors in attendance for the term after drawing a grand jury which is composed of C. V. Reed, W. W. Drinkwater, Henry Eichner, Anton Egli, H. J. Hansen, W. L. Blott, M. A. Spicer. Mr. Egli was selected as foreman of the grand jury.

The cases against Sleeper and Jackson, charged with obtaining money by false pretense, W. T. Lester, charged with embezzlement, and James and Rose Henderson, perjury, were all continued for the term and are set for trial at the next regular team.

Judge Biggs is considering some equity cases today and it is likely court will adjourn soon. It has been a short term.

#### Talent of Burns

#### Lady Appreciated.

Mrs. J. L. Gault arrived home from Portland the fore part of this week where she had been for several weeks under the tuition of George W. Reed, a noted vocalist. The people of Burns are justly proud of Mrs. Gault's talents and her friends are pleased when they find others appreciate them also. She has delighted audiences in this city with her beautiful singing and it is a pleasure to her friends that she is not neglecting its cultivation by taking advantage of such teachers as Mr. Reed. The Portland Journal has the following respecting her work in a recent appearance in Portland:

Tuesday evening at the Upper Drive home of Mr. and Mrs. Carlos L. Reed, George Wilbur Reed presented Mrs. James Lester Gault, of Burns, Ore., in an interesting recital. The singer is the possessor of a rich bell-like voice which she has under very good control. She paints dramatic passages with intense coloring, then outlines delicate ones with the ease and refinement of the artist. Versatility expresses completely the singer's chief characteristic. Her program included many interesting numbers besides a cycle of songs. "Love's Epitome" the latter giving opportunity to display passionate love and dull sorrow for one who has gone. "The Shadow March" was given with exquisite naivety.

Other numbers on Mrs. Gault's program were "The Way to Arcadia," "Spring Has Come," "When the Roses Bloom," "Dear Little Bare Toes," "A Birthday," and "The Land of the Sky Blue Water."

#### Pacific Live Stock Co. is Sued By The State.

(Continued from Page One.)

were brought to issue the legal force could be kept busy during slack times in the water litigation.

"While the Pacific Live Stock Co. claims some 180,000 acres of land in Harney and Malheur Counties, including practically all the watering places and the better part of the valley lands throughout the section, the present investigation deals only with the lands involved in the Silvies River water adjudication proceedings, those which the California attorney always refers to as "riparian."

The commencement of this suit should be no surprise to the "old timers" who lived in the Harney Valley during the time the company was dispossessing and ejecting the settlers from the "Red S" field. The surprising fact to one investigating the matter is that action has not been so long delayed. Fifteen contiguous sections, 9,772 acres, title under which the company claims based upon applications to purchase of 30 "dummy" applicants, not one of which had ever been in Harney County or had any personal knowledge of the land, who were procured by the hired attorneys of the company, and their applications put through the State Land Board in July, August and September, 1889, all closed within 90 days and the titles so secured all coming back to the corporation by deeds without the loss of a single acre.

"Ever since I have been in Harney County there has been more or less agitation about the opening of a wagon road to the south. The peak of a load is what the settler can pull over Wright's Point, as it has apparently been impossible to get through the "Red S" field, 4 miles by 7 miles enclosed within on field in the heart of the valley. The Act of our State Legislature, approved Feb. 16, 1887, providing for the sale of the swamp lands and under which law the company secured its alleged title, specifically reserved a strip of land 30 feet wide on each side of each line for public road purposes. Should the company be compelled to fence out the land which the state reserved for the use of its citizens there would not be so much "riparian" land and there would be no occasion for the trouble and red tape of endeavoring to get a road petition through the County Court."

#### Report of Murdered Man a Mistake.

Sheriff Richardson received a badly mixed telegram Wednesday from Sheriff Snyder of Lake county to the effect that a man named Newman had come to Lakeview and reported finding a dead man on Rock creek in the southern part of this county and that he had been murdered.

He asked if Mr. Richardson could meet him at the P Ranch or in that neighborhood to investigate the supposed murder. Yesterday it was reported there was nothing in the story and last night the Lake county sheriff called Mr. Richardson from the P Ranch on the phone and stated there was nothing to the rumor, stating further he would be over today when a full explanation of the matter would be had.

#### What Paint Will Do.

A clever arrangement of paint cans and appropriate advertising material form the basis of an exceedingly attractive window in Burns Hardware Co., store this week. A special feature of the display is a set of old weather beaten carriage spoke with half of the surface of the spokes treated to one coat of Acme Quality Carriage Paint—each spoke showing a different color of the paint. The following statement is made on one of the display cards: "You can make your old buggy look new for a dollar by the use of this paint."

With this suggestion and the very small outlay necessary, we are sure that all of the shabby vehicles in this territory will immediately take on a new appearance.

Besides being good for all kinds of vehicles, attractive display signs illustrate in colors a great many other uses for this wonderful paint in and about the home. The display is a creditable one and well worth inspecting.

#### While It Lasts.

The Experiment Station will sell a limited amount of the following highly recommended grains in small quantities to each purchaser.

Swanneck barley: 50 lbs or less at 3¢ (This was the highest yielding barley out of 29 varieties tried on the Station last year, shatters very little and is of good quality.)

Sixty Day Oats: 100 lbs or less at 4¢ (This was third highest in yield of 15 varieties on the Station last year. It is the earliest high yielding oat known and contains ten or fifteen per cent more kernel per unit of weight than ordinary oats.)

Shaded Climax Oats: 200 lbs or less at 2½¢ (A good yielder but two or three weeks later than the Sixty Days.)

Address your communications to The Experiment Station. Orders will be honored in the order they are received.
