For almost twelve years our institution has stood the exacting test of public approval. During this time it has always protected the interests of its patrons, regardless of local or general financial conditions. The volume of business transacted through our institution, and the number of our patrons, continues to grow—conclusive evidence that our efficient service is appreciated and that our conservative policy is approved by the banking public.

 Tom Allen has been in from the P. Ranch this week as witness in the water suit that has been underway for some time before Mrs. Blott as special referee. John South was also here from Juntura as a witness in the same case, Smyth vs. Horton.
 Miss Leah McGee is home after an extended absence in California where she has been making her home for the past two or three years. We have not learned whether she expects to remain in Burns or not. Her many old time friends are glad to welcome her home and hope she may decide to remain here permanently.
 I. H. Holland, of the P. L. S. Co. received a telegram from John Gilcrest Sunday announcing that he was returning and while the telegram didn't state definitely, it is understood that he comes back in his old capacity as general manager. He is at present in the Mann lake section where testimony is to be taken in a suit over water rights in that territory but will be over to Burns perhaps next week. Mr. Gilcrest resigned his position and left here for California last week but it is evident there was some inducement offered by the Company to have him return and resume his work.
 C. E. Tulloch came in Saturday afternoon with the returns from the primary election held in Catlow precinct the day before. He had heard of the former reputation of that precinct in elections in the past and was determined to redeem it and have Catlow on the roll of honor. He was brought over by Mr. Beckley, the picture show man, in his auto and the return trip was made the following day. In his haste to get back home Mr. Tulloch left his seed corn at the hotel and Dell Dibble is going to plant it on top of his cellar in the back yard if it isn't called for soon as

 To Complete Arrangements

Frank Clerf came in from Alford Wednesday to take his attorney G. A. Rembold, out to look after his interests in the water litigation, testimony of which is to be taken next week in that vicinity. Frank doesn't get over to see us very often but says he is kept too busy on the big ranch to visit much with his neighbors who live so far away from him.
 W. H. Robins, the successful candidate on the republican ticket for county commissioner at the recent primary election, was in the city this week on business. Mr. Robins is one of the substantial farmers of the east side of Harney Valley and would make a good officer as he is a conservative business man and capable of handling the affairs in connection with the duties of the office.
 Dr. L. E. Hibbard and his son Llewellyn and daughter Miss Eugenia took their departure early this week for an extended trip which will cover the lower end of this county and possibly some of Nevada before they return as they expect to be absent a couple of months. Dr. Hibbard will take care of some of his patients on the tour besides be in the open more or less, as this is one of the primary objects of the trip on account of his health. They went in their Ford car and were equipped with everything necessary for comfort and a good time.
 Miss Drusa Dodson arrived home last Monday evening from Boston where she had been taking post graduate work in Emerson's School of Expression. The young lady reports a very profitable year and comes home in good health. She will remain here with her mother for a time but expects to go to Arizona in the early fall where she has been engaged to direct a big pageant to be staged some time in October. Her many young friends in this city are glad to welcome her home and wish her success in her work.

 Mrs. G. G. Carl took her departure last week by way of Portland for a visit with relatives and friends in the East. She will be absent most of the summer and left the Doctor in the tender care of the manage of this great religious weekly but we won't be responsible for him all the time.
 Died—Tuesday morning, at the Cottage Inn in this city, Geo. Thompson, aged about 70 years. He had been suffering from heart trouble for some time and his death was not a surprise to those who knew his condition. He had no relatives in this section and had been making his home on Sage Hen for the past few years, making his headquarters a greater part of the time at the home of Fred Scott. He was buried in the Burns cemetery.
 A very heavy rain storm visited this section during the past three days and has caused much inconvenience to travel but has been most beneficial to growing crops. While vegetation was not suffering from dry weather it will be helped very materially by the added moisture. The experiment station tract was reported by Supt. Breithaupt as rather dry but he has no complaint to make since the rain as one party who visited the farm yesterday states that a part of the grain had been beaten down to the ground by the heavy rain.
 Hon. J. L. Rand arrived here from Baker Tuesday and left the next day in company with Ike Holland for the Mann Lake section where there is litigation involving the water of some of the streams of that section. Mr. Rand is attorney for the P. L. S. Co. in the suit. Other attorneys interested are J. W. Biggs and G. A. Rembold of this city. The former expects to leave for that point tomorrow morning and will be accompanied by Mr. Eckhart who is the officer before whom the testimony will be taken. Mr. Rembold goes out with his client, Frank Clerf, who came over after him in his auto.

The packing plant of the Burns Flour Milling Co., is nearing completion, that is the walls are going along quite satisfactorily and the building will soon be in readiness to receive the machinery. The Times-Herald is informed that an experienced packer has been engaged to take charge of the plant as soon as it is ready for operation and that they are very highly pleased at the prospects as this gentleman comes well recommended and has had much experience in his line. There is no reason why Harney County cannot produce and turn out as good bacon, hams and lard as any place on earth as we have the pigs, the right feed and with modern facilities to properly cure the meat we can compete with any. With more alfalfa and field peas being grown we shall have more pigs and a better quality than in most of the big centers where packing plants have always been established.
