WHY NOT?

While considerable improvement is going on in Burns at present it appears that there must be certain steps taken toward water works and a sewer system before any great improvement can be expected. This has been a great drawback for the past few years and one that has been considered many times. Burns should have these improvements but peculiar conditions have prevented their fulfillment up to this time. Several estimates have been made as to the cost of installing water and sewer and it has been estimated the most feasible and economic from the initial cost of such an undertaking is a pumping system. There has never been a vote taken on the proposition of bonding the city for such improvement but it is the opinion of many that now is an opportune time for such an election to be called, especially as it is understood that there are bonding houses who have signified their willingness to buy Burns bonds.

Needed business enterprises are held up on account of lack of water and sewer; the town will not build as it would without such and the business men and property owners seem willing to vote bonds and undertake this improvement. Why not do it? Every man in town will admit it is the most necessary thing to the advancement of the city, yet there is a disposition to wait. What for? The railroad is not rushing in at so rapid a rate as to make that any hindrance, even though we expect to have quite an expense to bring the line to this place. Every property owner in Burns fully expects to do his share toward the railroad when the time comes but in the meantime let us go ahead. Frank Johnson of the Colonization Co. has recently found a fine spring within a reasonable distance of Burns that will supply all the water necessary for the city and his company will gladly turn it over to the town for this purpose if the citizens of Burns find it to their advantage to put in a gravity system rather than a pumping plant. Lets get together with the councilmen and discuss this matter. Let Burns be a unit for once in the history of the place and see what really can be done under such circumstances.

Considerable Activity

In Sheep Market

A despatch from Pendleton says that there is considerable activity in the Eastern Oregon sheep market and the prices continue strong. Within the week McKay Bros. shipped 2000 yearlings from here to Seattle, the sheep to be fed in transit somewhere in central Washington. Five days ago Frye & Co. of Seattle shipped out 20 loads of

two-year old wethers from Hesper to Seattle. W. E. Mudd of Ellensburg shipped 2000 yearlings. Prices at present are said to be ranging as follows: Two year old wethers, \$3.50; mixed yearlings, \$3.50, yearling wethers \$2.75 to \$3; yearling ewes, \$4.50. Yearling ewes are notably higher this year than last and shows the demand on the part of growers for breeding stuff.

To the Democratic Voters

I wish to thank the voters who supported me at the late primary election and ask that I may receive the same consideration from them at the general election in November.

After a primary contest in the Democratic Party which was free from personalities I hope and ask for the undivided support of the party at the polls.

To the voters of the county I wish to say that I have no promises to make other than the following few. If I am elected to the office of County Judge the measure of county economy will be that of personal economy and proposed expenditures will be made only after satisfying personal business judgment; with 26 precincts in our county and a County Board of but three members the great part of our territory is but inadequately represented on the Board, and for that reason every effort of the Board should be to consult every section of the county—not on minor matters, details or routine, but on vital changes or methods—and, if elected, it shall be my endeavor to withhold the action of the Board on any new or novel policy until every section of the county has been consulted, and that when determination of the Board is finally made it shall be that of the Board; matters within the particular jurisdiction of the County Judge will be expedited as intended by our laws.

Promising the voters such an administration as is above outlined if I am elected I abide their choice on the material issues above mentioned.

Very Respectfully
JOHN R. JENKINS,
Democratic Nominee for County Judge.
(Paid Adv.)

Picture show tonight.

Christian Science services Sundays 11 a. m., Wednesdays at 8 p. m. Reading room open from 2 to 5 Wednesday and Saturday afternoons. First door east of stairway, Hissner Bldg. Cordial invitation extended to all.

Horses are worth more in this county than they were ten years ago. The prediction was freely made that the universal use of the automobile would effect the horse market and consequently have a depressing effect upon the price. Such has not been the case so far as this country is concerned. There has been more inquiry for horses in this country the last few months than for several years past. The price is not quite so good as it was two years ago but the demand is better if the demand can be determined by the number of buyers that have been in the field. Chas. Parrish of Isee recently bought 1000 which were shipped out and a number of smaller bunches have been purchased. Blue Mt. Eagle.

THE CELEBRATION.

A telegram Thursday forenoon announced that it would be impossible for Prof. Hetzel to be in Burns to deliver the oration on the 4th and the committee wired an invitation to Judge Dalton Biggs to be orator. No answer had been received at 1 o'clock, although a second wire was sent him this morning. However, if he cannot come a local speaker will be pressed into service.

One of the pleasing features of the celebration will be the music furnished by Mrs. Dodge's orchestra of little violin players who will assist in the program at the Tonawama. They will play in connection with the big chorus choir that will sing the National airs and also give selections alone with the piano accompaniment.

Additional Locals.

Burt Dunten was over from Drewsey during the week.

Features and comedy pictures at Tonawama tomorrow night.

Finest alfalfa, timothy and red top hay baled may be had at the Goodman feed barn in south Burns.

Clarence Young will order extras for Champion mowers, but requires charges paid in advance.

E. E. Purlington has about 100 cords of slab wood at the mill that he would be glad to give to the farmers for thrashing time. It makes good fuel and gets up steam quick.

Clarence McKinnon and Bert Richardson, accompanied by their families, have gone to the Deschutes for an outing. Morris Schwartz is assisting Joe Thompson in the Richardson store during Bert's absence.

Sunset Notes.

Walter Harmer is helping Frank Tomlin to do the logging at the Clemens saw mill.

The rain which fell here Wednesday was a great help to the grain crops.

Sunset will celebrate the 4th of July and expect to have a big time. There will be a basket dinner, sports and a big dance in the evening.

At the school meeting Mrs. C. V. Reed was elected clerk and Mrs. C. Berry was elected director. A special tax of ten mills was voted.

R. D. Stahl and his brother have returned from the railroad with a load of freight for Burns merchants.

Clyde and Van B. Embree are cutting wild hay on their ranches and will have about seventy acres of bunch grass and rye grass to harvest.

Prof. Newell is teaching in the Dog Mountain district and has a good school. Prof. Newell is one of the pioneer teachers of Harney county and it seems like old times to see him back in the school room.

N. Henney has a good crop of grain on his ranch this year which goes to show what can be done mostly on greese wood land if a man keeps farming and does not get discouraged.

The potatoes and other tender garden truck were damaged by the late frosts and coming out alright and the potato crop in Sunset will be a hummer this year.

Ernest Alton Shafer and Miss Ermine Alice Owen, were married at Blue River Oregon June 10. Mr. Shafer was raised in Harney county and was county surveyor.

Several of the real estate men of Burns have been in this locality lately looking over the country. The drilling of the oil well with bright prospects of its success makes the people here more encourage to go ahead with the improvement of their homes. There never was better prospects for this locality than this year. The rain has been plentiful when needed to insure good crops and the greatest regret is that we haven't in more grain. The real estate men and people looking for land all speak a good word for Sunset.

W. F. Hissner took his departure yesterday by way of Bend for Seattle where he will join Mrs. Hissner.

Presbyterian Services.

Tomorrow, Sunday morning, Dr. Benson's theme will be "The Dawn of the Kingdom" in the evening, "Omnipotence, All Power is Given unto Me in Heaven and in Earth." The Presbyterian Synod, which embraces the entire state, will convene at Eugene, July 9th all Presbyterian ministers are expected to attend.

The Summer school of the University of Oregon, convenes immediately at the close of the Synod, so the clergy will have an opportunity of attending both of these important assemblies.

The Presbyterian church has granted their pastor a vacation during the month of July to attend these assemblies and visit his family. He leaves next Monday for his home. There will be no preaching service during July at the Presbyterian Church, but the Sunday school will continue as usual.

Catholic Church.

1. On Sundays and Holy days of obligation Holy Mass with sermon at 10 a. m.

2. On week days Holy Mass at 6:30 a. m.

All other services, besides those mentioned above will be announced in church.

All invited and welcome to the divine services. Sick-calls promptly answered at anytime. Religious information and instructions willingly imparted at the Franciscan Residence.

Rev. Pius Niermann, O. F. M. Pastor of The Church of the Holy Family.

Notice to Contractors & Builders.

Bids are hereby called for, for the erection and equipment of a school-house at Egli, Oregon. Plans and specifications may be seen at T. S. Hames, Egli, Ore. Bids to be accompanied with a certified check or cash amounting to 10 percent of bid. Bids will close July 13th at 12 M. and be opened July 15th.

F. G. Henson, T. S. Hames, Clerk. Chairman.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Every family without exception should keep this preparation at hand during the hot weather of the summer months. Chamberlain's Colic, Cholera and Diarrhoea Remedy is worth many times its cost when needed and is almost certain to be needed before the summer is over. It has no superior for the purpose for which it is intended. Buy it now. For sale by all dealers.
