**TRIED AND PROVEN**

For almost twelve years our institution has stood the exacting test of public approval. During this time it has always protected the interests of its patrons, regardless of local or general financial conditions. The volume of business transacted through our institution, and the number of our patrons, continues to grow--conclusive evidence that our efficient service is appreciated and that our conservative policy is approved by the banking public.

**GIVE YOURSELF A TEST**

If you can lay down a consistent saving plan, and follow it for fifty-two weeks, the probability is that you can then make larger plans and carry them to successful issues.

The first essential to a saving plan is determination. Make up your mind this moment that you will save a certain sum every week at the HARNEY COUNTY NATIONAL BANK.

Then make good your intentions one week at a time. Give yourself this test. It will reveal your possibilities.
