To our Friends and Patrons:-

The record for 1914 is almost complete, as but few pages yet remain to be written. As we approach the Holidays, the season of good will and good cheer, we deem it a pleasurable duty to express our deep sense of appreciation to the Public for its continued confidence and support.

The year now nearing its close has been one of the most satisfactory in our entire history. The volume of business transacted through our institution during 1914 vastly exceeds that of any former year, while the number of our patrons has during this period steadily increased with the gratifying result that a larger number of names are now recorded upon our ledgers than ever before, unmistakable evidence that our conservative business methods are approved by a discerning public.

In line with our progressive policy we have during the year made important changes in our office equipment, as well as in the methods of handling the ever increasing business committed to our charge, and we confidently believe that we are better prepared to render prompt, satisfactory service than at any time in the past.

In conclusion, we desire to thank our friends, one and all, for their patronage; for their kindly words of commendation which have brought us new friends and customers. We extend the season's greetings and wish you a Merry Christmas and a very Happy and Prosperous New Year.

Sincerely,

J. L. GAULT,

The threatened snow storm still hangs off and we continue to have fine weather with good roads. The autos are going almost as much as during the summer period, the cold weather, of course, prevents some from going joy riding as it is not comfortable, then too, cars that have been in cold storage for a while do not respond at once when cranked, therefore lazy people like the writer, will leave their cars in the garage.

From reports coming from Prairie City and Canyon City the Geneva Locks Dramatic Co. that plays Tonawama the coming week are as good as has ever visited the interior. If that is the case they will find good houses in Burns as we have not had any such shows here for a long time.

G. L. Hembree, the Riley merchant, was in the city this week. He recently returned from California where he had been visiting his aged parents. H. B. Mace came to this office last Monday and said he had just returned from his farm across the bridge. He found hundreds of dead rabbits and also found one of his horses and three head belonging to another party shot. There is really no excuse for such carelessness. There are thousands of rabbits and a hunter that will shoot around stock should be prosecuted, therefore we do not blame Mr. Mace for not allowing any more shooting on his place.

M. W. Pettigrew, of Great Falls, Mont., was a visitor this week. Mr. Pettigrew is an old time newspaper man and naturally wanted to smell ink while in Burns, so called upon us. He is on his way to the Deschutes section where a son-in-law has preceeded him and where he will make his home. Mr. Pettigrew came through this way in order to see as much of interior Oregon as he could. He doesn't expect to remain in the Deschutes section himself, but merely wanted to see the family settled.

They do not object taking it," writes Mrs. Lafayette Tuck, Homer City, Pa. This remedy contains no opium or other narcotic, and may be given to a child as confidently as to an adult.
