Hog Breed Small Factor.

In starting hog raising growers need not be concerned very seriously about the breed of hogs they select, according to the O. A. C. Animal Husbandry department. Each of the three principal breeds in Oregon, Poland China, Berkshire and Duroc Jersey, has its points of superiority and inferiority, and there is said to be about as much difference in individuals as between breeds. Some run more to the fat hog and lard type and others more to the bacon type, while some are rather earlier maturing than others. But the main consideration in selecting the breed is to choose the one that suits the breeder's ideas and purposes best, and then stick to it and build it up by careful selection and proper management.

New Naternity Hospital.

Mrs. Firewood has just equipped a new hospital that will be used exclusively for maternity cases. It is a new building with new furniture and is conveniently arranged for the purpose. Mrs. Firewood has established a reputation in this line and is one of the most cleanly women of this section and also a fine nurse. She is deserving and it is certainly a fine thing for the community to have such an establishment. The Times-Herald does not hesitate to recommend this institution to the public as it has every confidence in the lady and feels patients will receive the very best of care when under her care.

The Revival Meetings.

(Communicated)
 After considerable difficulty bucking the snow drifts, Rev. Loure and Williams arrived in Burns on schedule time to conduct the revival which started in the Baptist Church last Thursday. Evangelist Williams has already won the hearts of his hearers by appeal to the better self in all of us, and by drawing home the truth with apt and often humorous illustrations. His subjects for the next few nights will be as follows: Saturday "Obscured Vision"; Sunday "Spiritual Disinment"; Monday "Definiteness of Purpose"; Tuesday "Repentance." Rev. Lauro will preach Sunday a. m. Sunday afternoon at 2:30 Rev. Williams will speak to men only, subject "Thou Shalt not Commit Adultery."

High School Short Course.

(Contributed)
 But a short two weeks now remain until the Harney County High School opens its doors to welcome the students to the first Winter Short Course ever given by a similar institution within the boundaries of the state.

To date not a great number of people have signified their intention to take the course by sending in their names for registration, but in the interval between the present date and the opening of the course, a goodly number of registrations are expected; and of course some people will not register until work begins.

Dr. Benson's Lecture.

On "Woman and Higher Education" will be given Thursday January 21st in Tonawama Hall. This is a review of the feminist movement of the past 50 years. What is the modern woman? How does she differ from the woman of a century ago? What does the movement mean to woman herself? How does it effect society? How does it effect morality, the perpetuity of the race? Is the feminist movement good or evil? What will be its final effect on the world.

GOLDEN WEDDING.

The Times-Herald job department was called upon recently to print invitations for the celebration of the golden wedding of Mr. and Mrs. E. N. Jameson at the home of their daughter, Mrs. H. M. Horton, in this city, on January 15.

It was, indeed, a happy company that gathered at this home last evening when this estimable old couple were surrounded by their children and their families, it being the first time the entire family had assembled together for years. Four children were present: Mrs. Lee Caldwell, Mrs. H. M. Horton, Mrs. Chas. A. King and Grover N. Jameson.

Seven grand children and five great-grand children, the four generations being represented. There were fifty-eight present, all relatives. The venerable old couple were the recipients of numerous appropriate and costly presents.

Mr. and Mrs. Jameson have resided in Burns since 1885 and have made many friends during this period who join in wishing them many happy returns of the day.

The rooms were decorated with white carnations and chrysanthemums, gold and white being the predominating colors throughout. The place cards at the banquet being hand painted in gold.

After the banquet the evening was spent in social converse, music and recitations.

The following, written by the aged mother of Dr. H. M. Horton, was sent from her home in California and read during the evening:

Fifty years ago today, when Dad and Mother were blithe and gay, they started together on life's highway. Uneventful the journey 'till one dark night, a darling was left by a stork in its flight. So, one by one, they came to the home, happy indeed that none now roam. Dad and Mother felt happy and blest, as each little head was laid on her breast.

Sick Headache.

Sick headache is nearly always caused by disorders of the stomach. Correct them and the periodic attacks of sick headache will disappear. Mrs. John Bishop of Roseville, Ohio, writes: "About a year ago I was troubled with indigestion and had sick headache that lasted for two or three days at a time. I doctored and tried a number of remedies but nothing helped me until during one of those sick spells a friend advised me to take Chamberlain's Tablets. This medicine relieved me in a short time."
