Auto Men Are Pledged To Improve The Road

The Times-Herald is informed that several auto men of this section have pledged money and work to improve the road over Sage Hen hill toward Silver Creek during the coming season. This seems to be the only place on the Burns-Bend road that any trouble is encountered at any time of year and they are determined to fix it so that it will be an all year round road.

In this connection it has been suggested that further work of this character should be prosecuted to the east and make a good road from Riverside so that tourists from the east and west may travel through this territory. One man in discussing this matter stated that from his own personal knowledge there were over 2,000 tourists at Crater Lake last summer who were going to motor through to Yellow Stone Park and had there been roads permitting they would have all come through the Harney country on their way.

This year will see a far greater number of tourists on account of the fair at San Francisco and good roads are the best advertisement a country can have these days. With such conditions people are more likely to take an interest in the country and it is not what the tourists bring as he passes through but the impression that is made or left during this pilgrimage that is going to be of lasting benefit to the country.

Library Club.

(Contributed)

The Library Club held its last meeting at the home of Miss Egli.

After the roll call, "Sweet and Low" was sung by little Philip and David Cawfield, the little boys have very sweet voices.

The ladies of this group chose, Edgar Allan Poe, as the subject for study.

Mrs. J. W. Biggs read a paper on Poe's life; which gave many interesting facts about this wild and restless poet.

Mrs. Sutton sang "My Ain Folk" which appealed to everyone, and responded to a hearty encore with "Candle Lightin' Time", she has a voice of excellent quality, and her interpretation is perfect.

Miss Leila Egli then reviewed some of "Poe's Prose Tales," among them "The Fall of the House of Usher", "The Gold Bug", and "The Black Cat."

Half-Mill Levy For Roads Decided Upon

A late Salem dispatch says: concluding that sentiment generally was averse to a levy of a mill for road improvement work in the state, the House committee on roads and highways last

night decided to amend a bill introduced by Representative Sam Brown, of Marion, and make it provide for a half-mill levy. This is an increase of a quarter of a mill over the levy now provided for by law.

E. E. Covert and a number of other good roads enthusiasts, appeared before the committee, and urged the passage of the bill, and after reducing the levy provided for, and making a number of minor amendments, the committee will report it out with the recommendation that it pass.

Briefly, the bill provides that the money raised by the levy shall be used in aiding counties in building roads, and provision is made for a maximum and a minimum apportionment to be allowed each county. Upon the apportionment being made the county must appropriate an equal sum, the theory on which the bill is framed being that the county shall appropriate 40 per cent and the state 60 per cent. The remaining 20 per cent is to be provided by the road districts which will be directly benefited.

Additional Locals.

Tonawama tomorrow night.
J. T. Barnes was in town yesterday.

R. R. Sitz and one of his little sons are up from Lawton today.
Say there's going to be some good pictures at Tonawama this week.

Neil Smith and wife have gone out to Iron Mountain to visit Mrs. Smith's parents.

The next meeting of the Library Club will be held at the home of Mrs. Farre on Feb. 20.

Ben Young was operated on last Monday at the Cummins hospital for appendicitis. Dr. Griffith performed the operation and the patient is reported recovering fine.

Mrs. W. H. Robins is in from the Crow Camp home having her eyes looked after by a physician. She had a very troublesome ulcer or something of that character on one eye that is causing considerable uneasiness.

Mac's Restaurant and Bakery has been opened in the new Levens Building under the efficient management of W. R. McCuiston, the well known chef who formerly conducted the City Restaurant, Mac. has a very cozy place and most inviting. Call in and see him.

The coyote bounty bill passed the legislature and there is no doubt of the governor signing the bill which carries an emergency clause. The county court of this county will place an additional bounty to that paid by the state, making it \$5 for the varmints. This action will likely be taken at the March term and will apply only to animals killed after the date the court decides.

Cough Medicine for Children.
Never give a child a cough medicine that contains opium in any form. When opium is given other and more serious diseases may follow. Long experience has demonstrated that there is no better or safer medicine for coughs, colds and croup in children than Chamberlain's Cough Remedy. It is equally valuable for adults. Try it. It contains no opium or other harmful drug. For sale by all Dealers.

Warrant Call.

Notice is hereby given that there is money on hand to pay all general fund warrants registered prior to January 13, 1914; and all road warrants registered prior to March 1, 1914. Interest cases on and after Feb. 8.

R. A. MILLER,
County Treasurer.

Stockholders Meeting.

Notice is hereby given that the annual meeting of the stockholders of the Masonic Building Association of Burns will be held at the Masonic Hall in Burns, Oregon, on Saturday March 13th 1915 at 2 o'clock p. m.

Sam Mothershead, Secretary.

Bids Entertained for Roadmaster.

Notice is hereby given that sealed applications, for appointment to the position of County Roadmaster, will be received by the County Court, at the office of the County Clerk, in Burns, until 12 o'clock M., March 3, 1915; applicants are required to state amount of salary per month, which salary shall be in full compensation for all services, and out of which all the expenses of the Roadmaster shall be paid.

The Roadmaster will be required to inspect the County roads, and to oversee all construction and repair work, he will be required to give a bond in a reasonable amount for the faithful discharge of the duties of the office.

The County Court reserves the right to reject any and all applications.

By order of the County Court, made and entered in the Commissioners Journal, Jan. 27, 1915.

R. T. HUGHES,
County Clerk.

Excellent for Stomach Trouble.

"Chamberlain's Tablets are just fine for stomach trouble," writes Mrs. G. C. Dunn, Arnold Pa. "I was bothered with this complaint for some time and frequently had bilious attacks. Chamberlain's Tablets afforded me relief from the first, and since taking one bottle of them I feel like a different person." For sale by all dealers.

Additional Locals.

You're going to Tonawama. Have your picture taken at the Sayer Studio.

W. R. Grey was registered at the Burns yesterday.

Blue Prints.—Inland Empire Realty Co., Burns, Oregon.

J. F. Mahon and wife are over from their Anderson Valley home.

Mr. Barrowdale is up from Catlow Valley on business and to visit his daughter who is in high school.

We do your mending and sew on buttons, without extra charge. See the Steam Laundry about your work.

Four feet of snow at the Purington mill is the report by phone the other day and from indications today there will be more of it before long.

Phone Orders—For fat young turkeys, alive or dressed, to WILLOW WIND FARM, J. W. Biggs, F. B. Howard, Prop. Mgr.

Some of our stockmen have found it necessary to purchase more hay but they are not objecting and the fellow with hay doesn't object either.

On and after Feb. 15 freight arriving on the Prairie stage will not be delivered around town but taken direct to the stage office. Charges must be paid when the freight is taken from the office.—Wm. Foren, agent.

The Levens picture theatre opened last Tuesday with a fine program and played to overflowing houses twice. The boys are pleased with the manner in which they have been received by the public.

Strayed—Came to my place in Catlow, one black horse, weight about 1000 lbs., three black feet, one white hind foot, white star in forehead, branded either a running M or WA connected. Owner call and prove property and pay expense.—Joe Raker, Beckley, Oregon.

J. E. Johnson is in the city today on land business. He informs The Times-Herald he contemplates moving his big sheep shearing plant from the Crane Creek country to Riverside in the near future and will add to the equipment making it larger. He can then work more men and make prices to sheep men for shearing and placing their clips right on the platform at the depot for shipment.

RESUME OF WORK OF STATE LEGISLATURE

First Three Weeks of Session
See Practically All Big Bills Introduced.

Number of Bills in House 444, in Senate 155—Bill to Reclassify Industries Submitted—Ways and Means Committee Causing Uneasiness—Prohibition Bill Favorably Reported—No Woman to Serve on Juries.

Salem.—Although three weeks of the 22d legislative session have slipped by with all the big measures still to be passed upon by both houses, yet really more progress has been made during the first half of the present session than during the same period in many previous sessions. Practically all the important bills have been introduced and many of them have received attention from the various committees and are in shape to be passed upon. The beginning of the fourth week of the session found both houses in shape to get down to business, and unless there is an unusual flow of oratory much serious work will be accomplished.

As Saturday was the last day for the introduction of bills in the house members of the lower branch know now just how much work they have ahead of them.

Most of the bills that will appear at this session have been introduced. They now number 444 house bills and 155 senate bills, a total of 603. At the 1913 session there were 633 house bills and 307 senate bills, a total of 940.

Compensation Act to Get Attention. Legislation affecting the workmen's compensation act also will demand the attention of the house this week. The committee on labor and industries has submitted a bill that will reclassify the industries under the present law and will ask that no further changes be made. It is expected that the house will act favorably on this measure.

The bill to do away with the petition-peddling that created such a stir in the house last week will be back from the revision of the committee this week. It was recommended that the bill be amended so that candidates may have the option of filing for office either by the petition route or by paying a cash fee to the county or state authorities.

The section requiring a candidate to support his or her successful opponent in case of defeat also will be struck out or modified. In that shape the bill may get through the house.

"Teeth" Added to Prohibition Bill. The prohibition bill was reported back to the house in the form of a substitute for the original measure with the favorable recommendations of the committee on alcoholic traffic.

The bill remains in substantially the same form as when originally drawn by the Committee of One Hundred and introduced by Dr. Anderson. It has been amended, however, but has more teeth in nearly every section.

Probably the most pronounced change is in the limit set on the amount of liquor that can be shipped in for home consumption. The bill now fixes this quantity at either two quarts of whiskey or 15 quarts of beer in a month. The original bill specified no limit.

The measure makes unlawful the receipt by any person from a common carrier of more than two quarts of spirituous or vinous liquors, or more than fifteen quarts of malt liquors, within a period of four weeks.

Grain alcohol, the bill provides, may be prescribed by a physician in good standing, and the sale to each individual is limited.

Among other provisions, no advertisements, in newspapers or otherwise, of intoxicating drinks will be allowed in the state.

Institution Appropriations Reduced. Appropriations for six state institutions are provided for in as many bills introduced in the house by the ways and means committees of the house and senate. The amount allotted reaches a total of \$1,389,060.80. The corresponding appropriations for 1913 and 1911, respectively, were \$1,634,797.11 and \$1,656,233.45. The current appropriation, therefore, shows an apparent saving of about \$246,000 over two years ago.

Out of this saving, however, is to be deducted nearly \$200,000 for the completion of the supreme court building which does not figure in the present allotment.

The various state institutions are provided for as follows: Eastern Oregon asylum, \$398,260; penitentiary, \$174,700; school for the blind, \$28,213; capitol and supreme court, \$58,560; institute for the feeble minded, \$144,961; Oregon state hospital, \$676,166.

The joint ways and means committee decided to recommend that the state training school for girls, created by an act passed at the last session of the legislature, be abolished. It was decided that there was no real need for the school. Opinion was expressed that the inmates of the school could be taken care of at other institutions.

An appropriation of \$50,000 was made at the last session for the school of which \$24,000 was used in the erection of a building. The joint committee decided to turn this building over to the board of control.

There were only 20 inmates in the institution last year.

Other estimates were cut materially. By a vote of five to six it was decided to allow an appropriation of \$95,400 for county fairs.

Of \$172,282.77 asked by the state fair, only \$34,195 was allowed. Items eliminated were for erecting livestock coliseum, \$123,638.40; for building roadways, \$9718; for reimbursing the state fair fund, \$2730.

Woman Jury Bill Killed by Senate. The death knell of Senator Langguth's bill permitting women to serve on juries was sounded so far as this

RESUME OF WORK OF STATE LEGISLATURE

session is concerned, when the minority report of the judiciary committee was adopted and the measure was postponed indefinitely. Favorable action had previously been taken by the senate on the measure, but it was recalled from the house and reconsidered.

Senators voting to postpone the bill indefinitely were: Barrett, Bingham, Bishop, Burgess, Butler, Cusick, Day, Hawley, Kiddle, LaFollette, McBride, Ragsdale, J. C. Smith, Stewart, Strayer, Wood and Thompson.

Senators favoring the bill were: Clarke, Dimick, Farrell, Garland, Hollis, Kellisher, Langguth, Leinesweber, Moser, I. S. Smith, Vinton and Von der Hellen.

School Bill Passes House. Qualifications for county school superintendents were "lightened up" by the house when it passed the Hinkle bill providing that persons holding that office must have at least 27 months' actual experience in teaching school and hold a state teachers' certificate. Twelve months' of the past experience must have been had in Oregon.

The present law permits county superintendents to have only nine months' experience. They can hold their positions on a county certificate. It is understood that the Hinkle bill has the support of the county superintendents of the state.

Legislative Brevities. The house passed Dr. J. E. Anderson's bill appropriating \$6000 for the experiment station at Hood River.

Highway legislation is yet a very uncertain proposition. The sentiment seems general that a fairly liberal millage tax should be voted for state aid in road construction.

For the second time in three days the house voted not to repeal the physical examination marriage law, passed at the 1913 session.

Senator Dimick's bill providing that sacks of shorts shall weigh 80 pounds, passed the senate, was reconsidered and indefinitely postponed.

The house passed Representative Huston's bill empowering the governor to fill vacancies in the office of United States senator, pending a regular election.

Miss Towne's bill for an increase of the length of the rural school terms from six months to eight months, was defeated in the house.

By a vote of 18 to 12, the senate adopted the majority report of the judiciary committee that the bill repealing the law passed at the 1911 session providing that school districts may furnish free textbooks, be passed.

Senator Farrell's bill providing for a reduction of 20 per cent of salaries of county and state officers receiving \$3000 or more a year was defeated by the senate.

At least seven important legislation bills have been reported out by the irrigation committee with favorable recommendations. Six of these measures cover the recommendations made by the irrigation congress recently held at Portland, while the other is the product of Representative Hinkle, chairman of the irrigation committee.

Two pieces of legislation of great interest to the state are the bill introduced Friday in the house by Representative Forbes for the ratification of the lease of Summer and Abert lakes by the state to Jason C. Moore, and the bill introduced in the senate by Senator Butler, providing for the creation of public utility districts.

Authority is given to any person seeing a dog pursuing or worrying any livestock or domestic fowl to kill the dog on the spot, in a bill introduced by Senator Bingham. The bill also gives authority for any person seeing a dog straying on a farm where there are livestock or fowls to kill the dog.

At a conference called by Governor Withycombe, at which Senator Kathryn Clark, of Douglas; Attorney General Brown and the members of the senate judiciary committee were present, it was virtually decided to abandon the object sought in senate joint resolution No. 16, to empower the executive to remove district attorneys and sheriffs in case he becomes convinced that they are not performing in good faith their official duties.

Senator Farrell's bill providing for a reduction of 20 per cent of salaries of county and state officers receiving \$3000 or more a year was defeated by the senate.

At least seven important legislation bills have been reported out by the irrigation committee with favorable recommendations. Six of these measures cover the recommendations made by the irrigation congress recently held at Portland, while the other is the product of Representative Hinkle, chairman of the irrigation committee.

Two pieces of legislation of great interest to the state are the bill introduced Friday in the house by Representative Forbes for the ratification of the lease of Summer and Abert lakes by the state to Jason C. Moore, and the bill introduced in the senate by Senator Butler, providing for the creation of public utility districts.

Authority is given to any person seeing a dog pursuing or worrying any livestock or domestic fowl to kill the dog on the spot, in a bill introduced by Senator Bingham. The bill also gives authority for any person seeing a dog straying on a farm where there are livestock or fowls to kill the dog.

At a conference called by Governor Withycombe, at which Senator Kathryn Clark, of Douglas; Attorney General Brown and the members of the senate judiciary committee were present, it was virtually decided to abandon the object sought in senate joint resolution No. 16, to empower the executive to remove district attorneys and sheriffs in case he becomes convinced that they are not performing in good faith their official duties.

RESUME OF WORK OF STATE LEGISLATURE

session is concerned, when the minority report of the judiciary committee was adopted and the measure was postponed indefinitely. Favorable action had previously been taken by the senate on the measure, but it was recalled from the house and reconsidered.

Senators voting to postpone the bill indefinitely were: Barrett, Bingham, Bishop, Burgess, Butler, Cusick, Day, Hawley, Kiddle, LaFollette, McBride, Ragsdale, J. C. Smith, Stewart, Strayer, Wood and Thompson.

Senators favoring the bill were: Clarke, Dimick, Farrell, Garland, Hollis, Kellisher, Langguth, Leinesweber, Moser, I. S. Smith, Vinton and Von der Hellen.

School Bill Passes House. Qualifications for county school superintendents were "lightened up" by the house when it passed the Hinkle bill providing that persons holding that office must have at least 27 months' actual experience in teaching school and hold a state teachers' certificate. Twelve months' of the past experience must have been had in Oregon.

The present law permits county superintendents to have only nine months' experience. They can hold their positions on a county certificate. It is understood that the Hinkle bill has the support of the county superintendents of the state.

Legislative Brevities. The house passed Dr. J. E. Anderson's bill appropriating \$6000 for the experiment station at Hood River.

Highway legislation is yet a very uncertain proposition. The sentiment seems general that a fairly liberal millage tax should be voted for state aid in road construction.

For the second time in three days the house voted not to repeal the physical examination marriage law, passed at the 1913 session.

Senator Dimick's bill providing that sacks of shorts shall weigh 80 pounds, passed the senate, was reconsidered and indefinitely postponed.

The house passed Representative Huston's bill empowering the governor to fill vacancies in the office of United States senator, pending a regular election.

Miss Towne's bill for an increase of the length of the rural school terms from six months to eight months, was defeated in the house.

By a vote of 18 to 12, the senate adopted the majority report of the judiciary committee that the bill repealing the law passed at the 1911 session providing that school districts may furnish free textbooks, be passed.
