Water Adjudication Cases Now Being Heard

There have been many water users in town this week to look after their rights in the adjudication of the rights of Silves River and its tributaries. Commissioner Cochran of the State Water Board has been hearing the testimony of claimants since last Monday morning and the matter is progressing quite rapidly. The claims are all that are being considered at the present, therefore the attorneys do not take up much time in detail cross examination, merely asking such questions as are necessary to make the statements of claimants clear.

The contests instituted by the P. L. S. Co., C. B. McConnell and those of individual contestants will be heard July 12. That is the date set and the time when the contentions of claimants and contestants will be brought out. The Times-Herald does not know how much longer it will require to take the statements of claimants. So far those from a distance have been given preference in the hearings so they can return home.

A Cure for Sour Stomach.

Mrs. Wm. M. Thompson, of Battle Creek, Mich., writes: "I have been troubled with indigestion, sour stomach and bad breath. After taking two bottles of Chamberlain's Tablets I am well. These tablets are splendid—none better." For sale by all dealers.

The Ladies Auxiliary of the Burns Volunteer Fire Department wish to express their appreciation to Mr. and Mrs. N. A. Dibble for the bountiful supply of coffee and sandwiches furnished to the fire fighters during the recent fire.

Another Disastrous Fire

Visits This City

(Continued from page 1)

with the means available and those who lost are certainly grateful to the fire department its auxiliary and all the others who helped for their faithful and heroic work. The big warehouse and granary of N. Brown & Sons just back of The Times-Herald building was in danger and it was with great effort it was kept from igniting. Had it caught the wind was right to have whipped the flames under the arcade at the rear of this building and it would have been gutted at least. Then, too, had this caught it would have spread to the south and every wood structure in blocks to the south for at least three blocks would have gone and possibly the brick and stone buildings would have suffered.

The Times-Herald is not alone in extending its gratitude to the people and fire department for their untiring efforts, for all are just as grateful and appreciative. Some friends moved the safe out of the office, which by the way seems rather amusing since it is the only fire proof thing in the shop, but it showed the spirit to help. The pump at Mart Brenton's, the one at this office and Dr. Horton's water system were not busy for two or three hours with bucket brigades to the back and the second floor of this building and Brown's warehouse. On taking stock next morning it was found that no type had even been pried or disarranged which seemed rather extraordinary with so many people in and out all night.

The Times-Herald wishes also to announce that there are a few extra buckets in the office and other parts of the building that should be claimed by the owners, also one hand fire extinguisher that doesn't belong to the building.

Dr. Geary and others have stated they are still missing some of the various articles taken from the burning buildings and if any one happens to know of such they will confer a favor by notifying interested parties of the fact.

The Burns Hotel furnished free coffee and sandwiches in connection with the Ladies Auxiliary for the fire fighters and this was much appreciated. Mr. and Mrs. Dibble and the ladies have the sincere thanks of all for their generosity.

Mr. Cleveger has moved what little stock of furniture saved into the Reed building on Main street and the Welcomes will open their harness shop in their old building on the corner back from the Trisch & Donegan building on the street leading to the court house. Dr. Geary will open an office within a few days in The Times-Herald building, which will be put in shape for his occupancy the first of next week.

Additional Locals.

We do job printing. — Ground feed at Hagey's. — Wilson's Creamery Butter at Hagey's.

For Sale—Disc harrow and sulky plow.—Cal, Clemens.

Finest alfalfa, timothy and red top hay baled may be had at the Goodman feed barn in south Burns.

Mrs. Millar has her new Spring Millinery on display at Schwartz' store and invites the ladies of Burns and vicinity to call and inspect it.

Clingan's Millinery south Main St. has received a late consignment of the latest in all lines. Call and see the new Mary Pickford bonnets, etc.

The musical given by the pupils of Mrs. Dodge assisted by Mrs. Farre and Miriam McConnell, at Tonawama last night proved one of the most enjoyable affairs in the musical line, of the season. The house was filled and those present were loud in their praise of the program which was certainly most creditably rendered. Mrs. Dodge is an able instructor on the violin and the work of her pupils shows that she gets results. It is gratifying to note the interest shown in this work by the music lovers of this vicinity, many of whom came from quite a distance in the country. It was a deserved tribute to the efforts of Mrs. Dodge and her industrious little workers. A small admission charge was made as it entailed quite an expense to render the program and after these are paid the balance will be used to purchase violin records for the children in their execution by having masters for patrons.

Mrs. Frank Davey arrived here from Salem the first of the week to visit for a short time with friends and also to dispose of some of the household goods. She will return to Salem as soon as she has disposed of the things.

Dr. Griffith made quite a tour of the valley last night in making some professional calls. He left here yesterday evening for Narrows where he was called to see Mrs. Hunt. From there he went to Voltage section to visit Mrs. Myrtle Haines, then continued his journey to the home of L. Zuiderduin near Waverly, where he found J. W. Norris ill and arranged to have him brought to the county hospital. The doctor returned home by way of Harriman and was in his bed at 2 o'clock this morning. He covered more than 100 miles with more ease and convenience than any railroad train. If we had a market for all this big territory could produce at home we'd let Mr. Frreell and his railroad "go hang"—our autos can beat his trains.
