Water Ajudication Hearing Closed until July

Weter Commissioner Cochran closed the hearing being conducted in the contests for water rights on Silvies river and adjourned the matter until July 12 when further testimony will be taken. There were several claims held over for that time and it is expected the term at that date will last for a considerable time. The contest proper will be taken up then in addition to the claims that have not been heard during the past two weeks.

Mr. Cochran is spending the day at the Island ranch of the P. L. S. Co. and expects to look over the water situation pretty thoroughly. We understand he will be the guest of Wm. Hanley tomorrow at the P Ranch and will go then to Riverside to take the train out for his home in La Grande the following day.

Newspaper Man Boosts Big Farm Operations

The Drewsey Sun says: Harriman and Lawen have an enterprising homebuilder who has the means and ability to make good on a large scale, and Harney Valley is very fortunate in securing such men in the homebuilding of that great valley.

The man in question is W. G. Howell, who owns 9000 acres in that section, and commenced operations last season with a 70-horse power Catapillar engine and has 3000 acres cleared and in crops this season, and will break up 4000 acres this year.

He has a grubbing machine that handles the sagebrush like a common mower handles timothy hay. With this great engine he walks right through Mr. Sagebrush and leaves it in rows ready to be burned.

If Harney Valley had about 25 of such outfits with such men in control of them she would soon get the long-looked-for-railroad. The question of clearing the sagebrush and preparing the soil for crops is a big one and is not a job for the man of small means to accomplish quickly. He must have a long purse and well filled. Again we say: Harney Valley is fortunate in securing a man with the means, ability and desire to tackle this big job in the best way for success.

(That "long-looked-for-railroad" is the key to the situation, Bro. Beede. Had that been accomplished Harney Valley would have the twenty-five Howells and possibly more. The Times-Herald knows of four other outfits of as great capacity that would have been placed in operation this season had the railroad continued building west from Riverside.)

Mrs. Millar has her new Spring Millinery on display at Schwartz' store and invites the ladies of Burns and vicinity to call and inspect it.

Tonawama, Tonight.

Another big picture program of a most interesting and entertaining character is billed for Tonawama tonight. There will be seven reels in all and the management has announced that in future the skates are not going to interfere with show patrons. On picture nights the full programs will be run, or at least all reels run the second time until patrons have seen the entire program.

"The Last Volunteer" is the title of a five-reel feature that promises thrills. It is war scene in which airoplanes are used.

Pathe News gives some interesting current events, tonight it will show among other things Mme. Bernhardt, the famous actress, the latest in bi-planes, English recruiting, mimic war, etc.

"How Max Went Around the World" is the comedy reel and needs no further comment as picture fans know "Max" is funny. This is a splendid program and should be seen by everyone.

You hear so many wise people say, "My back has nothing to do with my trouble." But did you ever notice how they stand or move? Their spine is never straight and when they bend or turn they move their backs as little as possible. Think it over and then come up and ask me why. It will cost you nothing and may lead a way to a happier life.

Seth Bower Passes Away.

Seth Bower, one of the highly respected pioneers of this county, passed away at his home in Harney last Monday morning. He had been in ill health for several years, but seemed in his usual spirits that morning, spending a short time in the store, directly retiring to the living rooms in the rear and sat down in a chair. Later his daughter, Mrs. C. W. Loggan, came into the room and noticed her father's hard breathing. She immediately called her husband but Mr. Bower ceased to breath before Mr. Loggan reached him. Funeral services were conducted Tuesday afternoon by Rev. Dr. Benson from the home. Several autos went over from this city loaded with sorrowing friends who desired to pay their last respects to this estimable man whom many of them had known for years. Much sympathy is expressed for the bereaved family.

Deceased was one of the best known business and stockmen in Harney county. He was born in Ohio Sept. 10, 1839, was educated and grew to manhood in his native place. When war broke enlisted in the Fifteenth Ohio Artillery and remained in the service until the close of the war. He was in hard service and was with Sherman on his march to the sea.

December 3, 1865, he married Miss Mary Weston moving later to Kansas where the family resided until 1881 when they crossed the plains with teams landing in Grands Ronde valley where they remained until 1884 when they removed to this vicinity, going to Harney in 1897 where the home has been since. In addition to the stock business Mr. Bower and his estimable wife opened a general merchandise store in Harney, the wife taking active charge of the store while Mr. Bower devoted his attention to the ranch and stock until his failing health prevented his further activities in this line.

He is survived by the wife and two children, Herbert S., and Mrs. C. W. Loggan.

Mrs. Thos. Masson was over from her Grant County home during the week in the interest of her work as a subscription agent for the Portland Telegram. That paper has been conducting a campaign for new subscribers and among other prizes offered free trips to the fair at San Francisco. Mrs. Masson was trying to be one of those to make the trip.

Prof. H. T. French of the Extension Department of the Agricultural college, is here from Corvallis conferring with County Agriculturist Shattuck and Supt. Breithaupt at experiment farm. Prof. French is well pleased with the crop outlook in this section just at present. He is particularly pleased to note the advancement of the alfalfa crop and says that alfalfa is going to revolutionize this country. The gentleman also notes the advancement in agriculture in this section and the greater acreage under cultivation. The work of the experienced men sent out and working in connection with the college is beginning to show results in this county and the farmers are taking hold in a way that is most gratifying.

Hon. J. L. Rand, who was here attending the water hearings, has returned to his home at Baker. Attorney Treadwell will also leave for his home in San Francisco the first of next week.
