Special Sales Day

Beginning with next Wednesday, we will inaugurate a special sales day. On this day of each week we will offer to the people of Burns and vicinity bargains never before heard of. We are going to start the sale off with kitchen furniture. Prices will be cut from 10 to 100 percent, many articles will be sold for less than half price.

Remember you can buy at these prices on sales day only and for spot cash, no produce or exchange of merchandise. Nothing but the cold cash. Otherwise goods will be sold at the regular prices.

This will be an opportunity of a life time. We may not put this line on sale again for a long time, so do not miss this chance. There is no humbug about it. We are going to use one day in each week in the interest of our customers and friends. We want you to come and see us whether you buy or not. We want you to know we are going to do—just what we say we will do.

Section 110: For the purpose of carrying into effect the provisions of the charter of said city, insofar as they refer to the acquisition, erection, construction and maintenance of water works, sewers and electric or other light plants in and for the city, the common council is authorized and empowered to issue and sell, for and on behalf of the city, without a vote of the electors, or any further authority, negotiable coupon bonds for any one, either or all of said purposes, in such amount or amounts, and at such time or times, and upon such terms as the said council may deem to be for the best interests of the said city, but not to exceed the principal sum of \$60,000 for the purpose of acquiring, erecting, constructing and maintaining a waterworks system, and not to exceed the principal sum of \$40,000 for the purpose of acquiring, erecting, constructing and maintaining an electric or other light plant. Prior to the issuance of any such bonds, the council, by ordinance, shall prescribe, fix and determine the following: the form or forms of said bonds, their date or dates, denomination or denominations, date or dates of maturity not exceeding twenty-five (25) years, the rate of interest, not exceeding six (6) per centum per annum, payable

In and by the ordinance authorizing the issuance and sale of any bonds for waterworks, sewers or light plant, the common council shall levy direct annual ad valorem taxes, in addition to all other taxes, and particularly in addition to the 10 mills provided in subdivision 2 of Section 89 and in Section 102 of this charter and without submitting such ordinance or levy to the vote of the owners of taxable property in said city or to the vote of other taxpayers or voters therein, upon all taxable property of the city, sufficient to pay the interest on said bonds promptly when and as the same becomes due, and to create a sinking fund to discharge the principal thereof at maturity, and said council shall include such levy in the annual general tax levy of the city. Said council shall also require the collection of such taxes by the proper city and county officials, authorized by law to make such collections, and the taxes so levied, assessed and collected shall be kept in separate funds for each kind of bonds, respectively, and each of said funds shall be used solely in the payment of the interest and principal of its respective bonds, and the said principal and interest shall be paid out of said funds at the time or times provided according to law and the tenor of such bonds and coupons, and such ordinance authorizing the issuance and sale of such bonds and levying taxes therefor shall, upon payment of the purchase price of any of said bonds, be irrevocable, and the classes, kinds or amount of property subject to taxes, or the method or manner of levy, assessment or collection of taxes thereon, provided by law at the time of passage and approval of such ordinance, shall not be changed in any manner so as to reduce or diminish the security for such bonds or any of them, or lessen the power, authority or ability of said city to raise funds sufficient to pay the interest on said bonds promptly when and as the same become due, and to discharge the principal thereof at maturity, as provided in the ordinance issuing such bonds or any of them, so long as any of said bonds or any of the interest thereon remains unpaid.

In the event of the refusal, neglect or failure of the city, of the said council, or any or all of the officials of the city having to do with the levy, assessment or collection of the taxes provided in this section, or the payment of the moneys thereby derived to the holder or holders of said bonds or the coupons appertaining thereto, to perform their several duties relative to such levy, assessment, collection or payment, at the time or the tenor of said bonds and coupons, whereby any default occurs in the payment of the interest upon any of said bonds, or any part of said interest, or the principal of said bonds, or any part thereof, at the time, place or manner of payment of said principal or interest, and by reason of such default, any suit or proceeding is brought by the holder or holders of any such bond or bonds, coupon or coupons, to recover any such principal or interest, due and unpaid, then in that case the said city shall be liable for and shall pay, not only the principal or interest, or both, which may be due to such holder or holders, but shall also be liable for and shall pay all costs and expenses of such suit or proceeding, and also reasonable attorney's fees amounting to the sum of ten (10) per cent of the amount of the principal or interest, or principal and interest, as the case may be, for which any such suit or proceeding is brought, and all such costs and expenses of such suit or proceeding, including such attorney's fees, shall be, and the same are hereby declared, so much additional indebtedness of the city, which shall be included in any judgment obtained against such city, and the payment of which shall be enforced in the same manner and by the same means as the payment of said principal and interest.
