W. R. McCuiston returned home last Wednesday evening from a trip to Bend and northern part of Lake county where he has a ranch. Mr. McCuiston arranged for more improvements on his land the most important of which was the fencing of 160 acres with rabbit tight fence. He sent a large quantity of seed oats to the place from here last spring by parcel post and it was seeded but the rabbits harvested it for him. He says it seems good to get back to Burns again where he finds business better than at any other point he visited. As the result of a whole lot of talk and argument V. G. Cozad and Chas. Schrier left here Friday morning for Harney lake in order to prove that they could make the trip in 36 hours and return with 60 ducks. They left here Friday morning and were to return Saturday. They were to make it in the specified time and kill the limit. The probabilities are that if the shooting had been good would have returned within the specified time but they struck the shooting grounds at a bad time as only a few ducks were flying. They remained over Sunday and then failed to get the limit.—Blue Mt. Eagle.
