The Tubally women have furnished the Red Cross with some hand-knit socks. There is nothing unusual in this statement until one learns that they had only knitted the socks, but they raised the sheep, attached to the shearing and spun their own yarn, and they are still working.—Red Cross Bulletin.

Quite a fall of snow occurred on last Sunday night. It has been threatened since by soft weather but has turned a little cooler and it is now hoped it will remain on to cover vegetation for a few weeks at least before it disappears. We have not learned the exact depth of the snow fall in the mountains but it has been coming down more or less in the mountain regions to the north for the past week and there is quite an amount for the benefit of the crops in the spring.

In justice to the latter, we will state that the profiteers are in no way related to the old privateers. The latter were gentlemen, preying only on their enemies.

CONGREGATIONAL MEETING OF PRESBYTERIAN CHURCH

The annual meeting of the congregation of the First Presbyterian church of this city was held at the church last evening and was followed by a social time with refreshments. The report of the several departments of the church were read and approved and filed. One is impressed with the importance of this institution when the several branches are brought to attention and the real beneficial work throughout the county is recognized.

The pastor, Rev. W. F. Shields, in his report showed that he had traveled 4021 miles during the year in his pastoral duties and had preached 175 sermons besides making talks at different times and places on religious and kindred subjects.

The rebuilding of the Harney church together with its complete furnishing, the addition to the building in this city at a considerable cost where the primary department of the Sunday school and the young people may hold their social gatherings and the Junior Endeavor conduct its meetings also the well appointed kitchen where the furniture and dishes of the Ladies Aid and like paraphernalia may be placed, are among the accomplishments of the year. These improvements have been made without additional solicitation and are free from debt with money to their credit.

The pastor has made 496 calls in the discharge of his pastoral duties; he has officiated at twenty-five weddings during the year and conducted twelve funerals. Many have enrolled with the church in the year.

It is planned during the coming year to add more in a material way to the church property, such as needed sidewalks, clearing the grounds around the church edifice and grading the street in front and on the side.

One feature of particular interest was the report of the Urdie, Roll Mrs. Irwin has charge of this department and takes quite an interest in it. She reported \$5 on the roll for the year 1916, four of whom had been promoted to the primary and one the little daughter of Mr. and Mrs. G. N. Jamison, had been "Catechized" as the Father's home or high, during the year 1917 she had added \$1 making a total of \$2 in that department.

Other departments making reports were the Sunday school, primary and mass school, Ladies Aid, Camp, Girls' Bible Aid, Men's Club and the Treasurer's report. The latter showed the church finances in good condition.

The Men's Club of the Presbyterian church is to hold another meeting at the church edifice on Friday, Feb. 1, when they will gather for a 6:30 o'clock dinner which will be furnished by the Ladies' Aid and which the men will pay for at .50 each. This is to be a gathering of the men interested in the church work and is not for the purpose of asking any pecuniary assistance in any way—merely to get together and discuss the work of the church and community interests in general. It had been intended to hold this meeting next Friday evening but on account of the high school debate it has been postponed.
