

CATTLE AND HORSE RAISERS PASS RESOLUTIONS

At the recent annual meeting of the Cattle & Horse Raisers Association of Oregon the following resolutions were passed:

Whereas, at our Annual Meeting held in La Grande, Oregon one year ago, we passed a Resolution appropriating \$3000.00 from our treasury to assist in defraying the expense of the Marketing Committee of the National Live Stock Association; and

Whereas, the Marketing Committee is still pursuing its work to secure facts in regard to the marketing of live stock in the principal marketing center with the hope of securing better prices for live stock marketed in the United States:

Therefore, Be It Resolved, that the Cattle and Horse Raisers Association of Oregon again endorse and approves the work of the Marketing Committee of the National Live Stock Association and further shows its approval by again making a direct Association to assist in defraying the expense of said Committee for the coming year.

Whereas, one year ago this Association passed a Resolution asking that the stock raising six hundred forty acre homestead act be suspended and preferential rights be given to our soldiers and sailors; and

Whereas the war has increased in session; and

Whereas, there are now several hundred thousand of our boys in the army and navy, either somewhere in France or in English waters defending our country:

Therefore, Be It Resolved, that we again ask the Secretary of the Interior to suspend the operation of said act until after the close of this war:

Be It Further Resolved, that the soldiers and sailors serving in the United States Army and Navy be given a preferential right for a period of six months after the close of this war to file on said six hundred forty acre homestead.

Whereas, there is at the present time great dissatisfaction growing out of the publication of estrays by various newspapers of the State:

Therefore, Be It Resolved, that the Cattle and Horse Raisers Association of Oregon recommended that the executive committee of this Association adopt a state official paper for the publication of all stray notices:

And, Be It Further Resolved, that the legislative committee of this Association be further instructed to prepare a bill to so amend the present stray law making the publication in the state official paper necessary instead of the present method of publication in the county papers.

Whereas, the present system of assessing live stock in the State of Oregon as interpreted by the various county assessors works an injustice to the growers of horses and cattle; and

Whereas, said interpretation of the present law by the various county assessors is not uniform as to the age at which said live stock should be assessed:

Therefore, Be It Resolved, that the Cattle and Horse Raisers Association of Oregon ask that legislature through its legislative committee to enact a law providing that no cattle or horses shall be assessed until they are twelve (12) months old.

Whereas, certain County Courts in the various counties of Oregon have refused to pay necessary expenses incurred by county stock inspectors in appointing and securing deputies:

Therefore, Be It Resolved, that we ask the various County Courts to pay the necessary expenses incurred by the various stock inspectors in appointing and securing deputies for the purpose of inspecting stock.

Whereas, the Cattle and Horse Raisers Association of Oregon, feel that great injustice has often been done to the members of the Association by the indeterminate sentence law for crimes in Oregon; especially is this true of those convicted of larceny of live stock.

Therefore, Be It Resolved, that this Association ask its legislative committee to prepare a bill, causing the same to be introduced to the legislature, and use every effort to secure its enactment, repealing the indeterminate sentence for commission of crime in the State of Oregon.

Whereas, the Kansas City Agricultural College at Manhattan, Kansas through the Veterinary Department, has perfected a serum for the prevention and cure of blackleg; and

Whereas, it is almost impossible at the present time to procure said serum from private laboratories;

Therefore, Be It Resolved, that the Cattle and Horse Raisers Association of Oregon ask the department of animal husbandry to prepare and furnish the said serum, for free distribution to the cattle raisers as they have furnished the powder for several years past;

Be It Further Resolved, that the

Secretary of this Association send a copy of this Resolution to our Senators, and Representatives in Congress, and the Department of Animal Husbandry in Washington, D. C.

HAVE YOU PLANTED IT OR PLANNED IT YET.

How about that war garden? A recent Food Administration bulletin says that the effect of war gardens in providing food, saving labor, and relieving the railroads cannot be over-estimated. Three of the most important factors in this war are food, labor and transportation, and the war garden solves all three.

Dr. Alonzo Taylor, recently returned from abroad, says: "It is no exaggeration to say that the war gardens in Europe have, in the case of Germany for instance, pulled through two summers and that she would have almost certainly failed to pull through if it had not been for her war gardens. In the largest cities of Germany, as much as 25 to 30 per cent of the food consumption of the people during the months when they could be grown, was fresh vegetables. This largely relieved the cereal situation."

"Here is a case where we can benefit from the enemy's example," says the bulletin "The war garden should be a national institution in America for the duration of the war."

MARGINS WIPED OUT.

The United States has always heretofore been a land of plenty—in fact a land of surpluses. Up to two or three years ago we have always had a fair balance to run on at the end of each year, and had no need to practice real economy. There was plenty of every commodity and a reasonable plenty of money with which to buy it.

Now the only commodity of which the United States has plenty is money. Of the things which money will buy she finds herself alarmingly short. Wheat, meat, wool, coal—the four great requisites of life, she is called on to conserve and to use as sparingly as possible. The serious phase of the matter is that in all these lines the erstwhile margins of plenty have been completely wiped out and in their place is a positive deficit.

What is the answer?
CONSERVATION!

Waste MUST be absolutely eliminated.

Production must be speeded up by every means in our power.

And whatever a substitute for either of these four articles can by any means be made to serve the purpose, it is the patriotic duty of every true American man and woman to make use of that substitute.

The time for discussing the war has passed. The problems growing out of the war are pressing for attention and should be met as live Americans have always met the stern problems of life—with a smiling courage and a firm determination to solve them and solve them correctly.

The war must be won, so let every American say from the bottom of his heart, "We can and we will."

OREGON CLOVER SEED MEN TO HAVE AID OF EXPERTS.

Clover growers in Oregon are to be afforded first hand information on the control of insect pests this season under a plan recently perfected between the Federal Bureau at Washington and the Oregon Agricultural College. Through the request of the entomologist at O. A. C. and under the auspices of the Extension Service of the College, Federal entomologists who have been making a careful study of clover insects for a number of years will carry on an active campaign studying the clover insects and advising the farmers during the next month.

The Federal authorities are particularly anxious to obtain a maximum yield of clover seed in the Willamette Valley this year and all clover growers interested in seed production will be advised through the county agents their local press and the experts who are present in the localities as to the proper methods to pursue in obtaining the maximum clover yields as far as insect injury is concerned.

The clover seed midge, which prevents setting of the seed crop, breeds directly in the clover head. By changing slightly the normal time of blossoming of the clover seed crop by a process of clipping at the proper time the infestation of clover head by this midge may be prevented.

Advice as to the proper time for this clipping will be given through the sources named, and all clover seed growers are urged to watch their local press and keep in touch with their county agriculturists for this information.

The potato is a good soldier, serving as a substitute for wheat bread. Eat this soldier, uniform and all.

WOMAN POINTS THE WAY

In every home the principal part of the buying is made by or influenced by the woman of that home.

In reality she is the purchasing agent who controls 80 or 90 per cent of all the food products and wearing apparel that is bought for the members of the family.

How many women realize their power for progress and uplift for their home city, and State?

If we can build up our factories by our continued demand for Oregon made goods.

It means that your boy and thousands of other boys and girls will, when finishing their school, be able to step from the schoolroom to a lucrative position in a factory; that is, if you do your part in building up Oregon factory pay rolls by buying Oregon made products.

If you are inconsiderate and buy without regard for the future, then it may be your boy and other boys must leave the home state and seek employment at big factory centers which your help caused to be built up in some far away State.

For every dollar you spend for Oregon made goods the principal and profit remain in Oregon.

But when you buy out of the state goods, 75 cents of every dollar goes away and stays away forever.

Whenever you insist upon Oregon factory products you help to maintain some Oregon man, woman, boy or a girl in a position that helps them.

Every housewife then has a deep and personal responsibility in this to support those dependent upon matter of bigger factories and bigger payrolls for Oregon, and if every one will do her part, Oregon is bound to go ahead and stay there.

Good For The Whole Family.

Every family requires a safe and reliable cough and cold remedy. Mrs. John Potter, 20 Shupe St., Mt. Pleasant Pa. writes: "I have used Foley's Honey and Tar for colds for years and highly recommend it to all families." Contains no opiates. Checks bronchial and grip coughs, croup and whooping-cough. Sold by Reed Bros.

Germany having fixed the amount of the Allies' indemnity at one hundred billion marks, Foch and his armies are proceeding to inflict as many of the "marks" as possible.

Helps To Keep Fit.

When the digestion is out of order, it throws the whole physical being out of gear. B. B. Hayward, Unadilla, Ga., writes: "Foley's Cathartic Tablets give me quicker relief than anything I have ever tried." They relieve biliousness, bad breath, bloating, gas indigestion and constipation. No griping or nausea. Sold by Reed Bros.

HOLY FAMILY CHURCH

(Catholic)

Cor Miller and C. Sta.

Sunday High Mass at 10:30 o'clock

Week days Mass at 7 o'clock.

Instructions for children Saturday at 9 A. M.

Rev. Father Francis, O. F. M.

Rector.

NAZARENE CHURCH

Rev. Lyman Brough, Pastor.

A cordial invitation is extended to you to attend our services. The hours of the service on the Sabbath are as follows:

Preaching at 11 A. M.

Sabbath School at 10 A. M.

Young Peoples' meeting at 8:45 P. M.

Song service at 7:30 P. M.

Preaching at 8:00 P. M.

Prayer meeting Wednesday at 7:30 P. M.

FOODS TASTE BETTER COOKED —TOBACCO TASTES BETTER TOASTED

Since the day of the caveman, who liked his meat raw, civilization has learned a lot about the scientific treatment of the things we eat.

Naturally none of us would now prefer to have our meat raw, our potatoes as they come from the ground, our coffee unroasted.

And naturally follows the great discovery recently made by The American Tobacco Co.—that tobacco tastes better TOASTED!

This wonderful new idea—simple like all great inventions—was first used in producing the famous LUCKY STRIKE Cigarette—made of toasted Burley tobacco.

Burley has a mellow flavor, entirely different from the tobacco usually used for cigarettes. It is a pipe tobacco and LUCKY STRIKE Cigarettes taste like a pipe.

BUCKHECHT

To walk into a store and say, "I want a pair of Army Shoes"—is all right as far as it goes. But—only when you insist on the

BUCKHECHT

REG. U. S. PAT. OFF.

ARMY SHOE

are you sure of getting the most for your money—the most comfort, the most service, the most value.

For practical, everyday wear—for lasting comfort—you can't beat the Buckhecht Army Shoe. Made on the Munson Last—specified by the U. S. Army—worn by all of our soldiers and thousands of men in civil life.

Look for our registered trade mark—BUCKHECHT—stamped on every pair to protect you.

Manufacturers San Francisco

You can get the Buckhecht Army Shoe in your town. If your dealer does not carry it, write us direct.

The ladies, God bless 'em, have long worn beauty patches. Now the men propose to go them one better and wear utility patches.

There are many substitutes for flour, but no substitutes for peace. Eat the substitutes and save the wheat for the fighting forces.

A Good Man To Work For Is A Good Man TO VOTE FOR

A SLOGAN chosen by the many men who have worked for : L. J. SIMPSON

"Your Kind of a Man for Governor"

The highest possible endorsement. The most rigid test that his policies, practiced over a period of twenty years, are SOUND, JUST and EFFICIENT.

THE BEST POSSIBLE PROOF that his pledges to the citizens of Oregon are not mere "words," but "WORDS BACKED BY WORKS."

Those who know him believe in him, believe in his ability, believe in his policies. They know he will give Oregon a Clean, Impartial, Businesslike Administration.

They know it is true, ABSOLUTELY.

WHY?

Because—

In nineteen years he has employed 21,000 men. He has always paid good wages.

He never had a strike or a personal injury suit.

He built many homes "on time," never foreclosed a mortgage or sued on a promissory note.

He has helped many laboring men to acquire their homes, their business and their livelihood.

These workers, who know him best, have endorsed him to a man, have adopted the above slogan and that's "WHY" he is "your kind of a man for Governor."
