LET ALL QUIT BUT McNARY WEST'S PLAN

Oswald West, candidate for the Democratic nomination for United States senator, believes in the Hooverization of candidates, holds the opinion that Senator Huston has shown himself a good sport by his withdrawal from the senatorial race, and proposes to R. N. Stanfield and Will R. King that they join with himself in doing likewise.

"I want to congratulate the committee which brought about the withdrawal of Senator Huston from the senatorial contest upon its success, and Senator Huston upon his cooperation with the committee," ex-Governor West said Monday morning, in discussing the senatorial situation as he sees it, upon his return from a two weeks' trip to Washington.

"I am a strong believer in the Hooverization of candidates," ex-Governor West continued. "If we are to cut down on expense on account of the war, there is no reason why we should not cut down on candidates also, and, to show my sincerity in this direction, I wish to suggest that inasmuch as Senator McNary is giving the president his unqualified support in his prosecution of the war and is most active in his endeavors to advance the interests of the people of Oregon, Mr. Stanfield Mr. King and myself also withdraw from the contest.

"Such action on our part," Ex-Governor McNary free to devote his entire time to the duties of his office without the inevitable distractions due to his participation in the senatorial campaign and put him in a position where he could better serve the people of Oregon and the nation at large in the serious crisis through which the country is now passing.

"In making this suggestion," Governor West concluded, "I feel that I would be making a greater sacrifice than Mr. Stanfield, for I know that I would beat him at the general election were he to be nominated at the primaries May 17 next.

"Senator Huston has shown that he is a good sport, and they say that Bob is also, and, in making this suggestion to him, I am giving him a good chance to demonstrate the fact."

Governor West returned to Portland Saturday night after a two weeks' trip to Washington where he had gone in the interest of Coos and Douglas county officials that these counties should be given a larger share of the proceeds to flow from the opening of the Coos Bay wagon road grant lands, provided for by the Chamberlain bill now pending before congress, and in the interest of other matters relating to the shipping and transportation situation of Oregon.—Portland Journal.

LIZZIE HANLEY

DR. SAURMAN SAYS "WRITE TO THE HOME BOYS."

Receiving Ship, New York.

New York.

To the People of Harney County: Upon landing in New York City I searched for our boys. I combed the Navy Yard with its population of men many times exceeding all of the people in our county. I looked for them on Ellis Island, standing within reach of the Statue of Liberty. I then searched the Y. M. C. A., where hundreds of our sailors congregate daily. So far I have not found one though eventually I will run across one here and there over the world.

I did, however, find this—boys going about among the crowds of New York, boys sitting in the subway and elevated stations, boys—our sailor boys—seated in the vast Y. M. C. A. and K. of C. buildings with hundreds of others about them and yet with that far away and lonely look which spells but one thing—lack of news from the people dearest to their hearts—those at home.

Can you not imagine the loneliness of one of our boys who suddenly is transported from our mountains and country some 3000 miles to an utterly strange land? Will you not believe me when I tell you that you have not the slightest conception of what a horrible, wide world reaching war this one is; that even you far in the interior are not safe from it; that those boys of Harney who so freely, patriotically started out from Burns are making it possible for you to live in peace and enjoy that which our

forefathers fought to make possible for us and which now the Prussian is trying to rob us of?

These boys are fighting not only for you but for all who wish to live as all wish to—a wish exemplified by the western man—in democracy or as we say in the west on a fifty-fifty basis. They are even fighting for the German who left his country to avoid military service and servitude to partake of our fine bread and butter. Show me today the German in our country who is pro-German enough to put on the ill clothing he wore and suffer the hunger he felt when he reached our shores, who is willing to retrace his steps to his "Fatherland". You could not drive him back there with powder and shot.

And yet our boys—our Harney county boys—are fighting for all under one common flag, that of democracy and freedom.

And now is the point of my story, will you not, each and every one of you who reads these lines, send off a letter or a postal to the boys who are making it possible for you to live peace and yet are lonely for news from you all? Write them today, make it a point to write them once a month at least. It does not matter if you never met them, we all know each other in Harney county. Get their names from Mrs. I. H. Holland of Burns, or the Red Cross Association and then drop them a line. Tell them in the straight language of our Harney county that you are with them, that our hearts and our hands go out to them that Harney county is wide open as the gates of Heaven to those who will be fortunate enough to return. Tell them the news, the news of our county. Do this and then you will be only doing a part of what you should do for the boys who are giving all for you.

Now, everybody write, address your letters in care of Postmaster, New York City and they eventually will reach their destination no matter where our boys are.

Let every buckaroo camp drop one line to them just say "hello and that all the fellows are with you."

I am sincerely,

J. SHELLEY SAURMAN,

Lieutenant Medical Corps U. S. Navy

ANNOUNCEMENT.

To the Republican Voters of Harney and Malheur Counties:

I hereby announce my candidacy for the position of Joint Representative from this district in the next session of the Oregon Legislature, subject to your will as expressed in the coming primaries.

If nominated and elected, it will be my aim to promote legislation that will enable the State to provide means for the care of families of enlisted men; to provide protection for Oregon homes and industries and to carry out our part of this war to a successful and early conclusion.

I will also promote the work for legislation that will tend to increase the production of food stuff and prevent profiteering in the marketing of the same.

I believe that our first and most

important business is to win this war, and next to that, the encouragement of food production, and if nominated and elected my efforts will be devoted to this policy, as well as other needed and meritorious legislation.
