## Make This Room Yours

Whether you are building a brand new home, making additions to the old one or merely repairing walls, you can have a room like this if you use genuine Beaver Board.

Beaver Board walls and ceilings are more handsome, more substantial and more sanitary than any other kind. They are the easiest walls to build. No lath or plaster—therefore, no litter. Beaver Board always gives satisfaction. But you can't expect Beaver Board results unless this trade-mark is on the back of the board you buy.
