Sheriff Payette County.

LOCAL AND PERSONAL

Ed. Springer was in town yesterday.

Business as usual now may mean no business later.

Mrs. Ollie Robinson came in from Clover Swale during the week.

National War Savings Day is the stay-at-home's day.

U. S. Commissioner C. E. Tulloch was in town yesterday from Catlow.

R. H. Brown was over from Diamond during the week on business.

Many are giving their lives; you are asked only to loan your money.

Carroll Cecil and his son Homer were in town Thursday.

Dave Craddock was down from Slives Thursday.

Billy Carroll, of the county Clerk's office is over in Catlow on a vacation visit.

Miss Ethel Thompson was in the city this week in company with friends.

Mr. and Mrs. Tom Hutton were in town Thursday from their farm home.

Dell Dibble says the fire in the Red S field has destroyed a lot of grass hoppers.

Jess Alberson secured a new Hippomobile from Jack McGuire at the Summit Garage the other day.

Mr. and Mrs. W. C. McKinney will occupy the suburban residence of Clifford Reed as soon as their furniture arrives.

Sheriff Austin Goodman is home from Lakeview where he had been as a witness before the circuit court for the past few weeks.

Mr. and Mrs. McKinley Thompson were in the city yesterday. They made the trip to San Francisco with Mr. and Mrs. Chester Dalton.

Louis Benn, father of Mrs. D. P. Jordan, arrived here last Tuesday evening from Minnesota to visit with his daughter and family for an indefinite time.

The ladies at the Red Cross work room have visitors from time to time but one visitor during this week was most welcome and may be an example of what others might do. Frances Sperling came to see them the other day and left two sweaters which she had completed.

Thos. Sprague contemplates a trip to the coast in the near future to get a line on things and see if he can be of any service to his Uncle Sam in the way of aiding the shipbuilding plants. Tom is a good workman and is ready to do his part in any war work that will help.

Wray's Auto Stage driver brings word that there was a big water spout on the side of Glass Butte the other day. The clouds seem to have struck that high peak and "spilled" instead of holding up until it could be distributed over an area where it would do some good.

A large number of our citizens have gone to the Alvord Ranch to enjoy the hospitality of Mr. and Mrs. Frank Clerf at a big dance and barbecue tonight. One feature of the entertainment is to be automobile races on the big Alvord desert which is said to be the finest natural auto race course in the world.

Did you know that in Europe a tiny republic a mile and a half square and containing a population of 3,500 people? Did you know it lay on the border of Belgium and Prussia, four miles southeast of Aix-la-Chapelle, and that it is known as Moresnet or Altenberg? How would you like to live in a country just big enough to plant a flagstaff in?

Mrs. Frank Dibble was in town yesterday. She came home last Saturday from Camp Lewis to where she went in company with her son Willie, to visit Frank. The later is engaged in running an auto for hire in that vicinity and is doing fine—so well, in fact, that Willie bought him a new Cadillac and remained for the same purpose. Mrs. Dibble said she had seen most of the Harney county boys stationed there and that they were giving good accounts of themselves. The troops were leaving rapidly during recent weeks, however, and Mrs. Dibble stated that it is likely the boys have all been moved by this date.

W. S. Riddle is in town today.
Back up those who are offering their all—buy War Savings Stamps.
W. H. Robertson was over from Drewsey the other day on business.
For Sale—300 acres of grain hay. Come at once and see Mrs. E. J. Newell.

School Supt. Clark went to Portland the other day on some business in connection with the war work.

H. M. Horton returned Thursday from Bend where he had been to visit his son and attend the state bankers' convention.

Andrew Irwin, who has been seriously ill at the home of his parents in this city for the past few weeks, is slowly improving.

Frank Johnson, the Oregon & Western Colonization Co. man, was in and bothered us for an hour this morning. He is an agreeable sort of a pest though and is always welcome.

T. P. McAndries, Linotype Inspector, dropped into this office this morning to look over the machine that turns out the metal for this great religious weekly. This is Mr. McAndries' first trip into this territory.

Joe Lillard came over from his home near Drewsey last night and joined some of the young people who went to the Alvord this afternoon. Joe informs us that the ladies of his neighborhood gather at the home of his parents often to do Red Cross work and that they have arranged for a Red Cross party there on Friday, June 28. People are invited from all over the country and knowing the Lillards as the writer does he knows that guests are going to have a great big time and will be most royally entertained.

CHESTER DALTON VISITS BOYS IN CALIFORNIA.

County Clerk Chester Dalton and family returned from a visit to San Francisco and other California points the other day. He was accompanied down by Mrs. Fred Clingan and her children who remained down there at Palo Alto with her sister, Mrs. Frank Gowan. The journey was made in his touring car and was quite enjoyable.

While in the vicinity of San Francisco Chester had the pleasure of visiting several of our Burns boys who have joined the colors. Among them were: Ermine Dillman, who was deputy in the clerk's office at the time he volunteered. Ermine is in the Yeoman Branch of the Navy and at present is clerking in a navy store.

Curley Potter has recently been assigned duty on a sub-marine and is supremely happy. Frank Thompson is in the field artillery being assigned to an anti-aircraft gun. Jeff Wilson, Charley Cawfield and Roy McDuffy are in the same battery with Frank Thompson, Ches. seeing all of them except Roy.

He also saw Lieut. Frank P. Gowan who is in the Engineering corps, also C. T. Norton, who was a chum of Billie Varlen, both of whom volunteered at the same time. Ches. started to see Billie but he was stopped by a guard and not allowed to enter the grounds where he was stationed.

Ches. says the boys are all looking fine and were mighty pleased to see some one from home. Most, if not all of them ased leave during Mr. Dalton's stay in the vicinity and had a good time together. Every mother's son of them said that within ten days after the Kaiser is whipped they all expect to be back in Burns which shows loyalty to the old home town.

The entire bunch wished to be remembered to home people and given a hearty good wish, and should any one from this vicinity visit that part of the country they are urged to let them know and come to see them.

ENTERTAINMENT AT HOSPITABLE HOME.

(Contributed)

A Red Cross party will be held at the "Valley of the Moon" the residence of Mr. Charles Lillard, on Calumity Creek, 16 miles northwest of Drewsey, Friday evening June 28th. Refreshment served. Come and enjoy a pleasant evening and help the Red Cross.

"In the Valley of the Moon,
Where I met you, one night in June;
When I passed you by,
I thought I heard you sigh,
While the night birds were in tune;
I was lonesome, so were you,—
There was nothing for us to do
But to lose our hearts, both you and I,
In the Valley of the Moon."

RESOLUTIONS OF CONDOLENCE.

Hall of Burns Lodge, No. 97, A. F. & A. M.

Our circle is again broken and there is another vacant chair. The column of brother James Francis Mahon was broken on May 31, 1918.

We look back and recall the days when he was among us; our memory turns to scenes of joy, and his absence reminds us how frail is the tenure by which human life is held and how abrupt its termination.

Deeply and sincerely we sympathize with the sorrowing ones; with the widow who left desolate and alone, and with the children now without a father's companionship and support.

No granite shaft need be erected to keep the memory of our departed brother forever green, for he has, with his own hands, carved and fashioned a more enduring and lasting monument in the hearts of those who have felt his brotherly touch. Brave and tender man who in the storms of life was oak and rock and in the sunshine felt the pains and pleasures of his fellow man, has left an imprint on souls which shall live so long as men honor goodness and love truth.

Fraternally submitted,
WM. FARRE

COLLEGE MEN PAY VISIT TO THIS SECTION.

Dr. Charles L. Chalfant, vice president of the College of Idaho, located at Caldwell, the Field Secretary Robt. R. McCormick, are in Burns today and the former will make two addresses in the Presbyterian church tomorrow. They are here in the interest of the school and expect to visit in several localities in this county before returning home.

FAULKNER MADE SECRETARY FARM LOAN ASSOCIATION.

Burns, Oregon, June 10, 1918.

Dear Editor:
I submit to you the following lines, which I hope will pass censorship and find space in the columns of your paper:

On June 9th there was a business meeting of the Board of Directors, of the Stockgrowers National Farm Loan Association, of Burns, Oregon. At which meeting, among other things the following business was transacted:

15 new applicants were admitted to membership, and increasing the loans of the associations by \$59,000

Three substitute appraisers for the south end of the county were appointed to help appraise lands in that section, in order to reduce the expenses to borrowers from that neighborhood.

The resignation of C. C. Lundy, as Secretary-Treasurer, was accepted at this meeting, and Chas. M. Faulkner, was appointed to fill the vacancy. The transfer of the business will be completed as soon as the minor matters can be worked out, and Mr. Faulkner furnishes a good and sufficient bond, this bond will be \$9,000 in amount.

Yours Truly,
STOCK GROWERS N. F. L. ASS'N.
By C. C. Lundy, Secy-Treas.

PRESBYTERIAN CHURCH

Weston F. Shields, Pastor.
Rev. Charles L. Chalfant, D. D. Vice President of The College of Idaho, will speak in the Presbyterian Church both morning and evening, next Sunday, June 16th. The morning service will be at 11 A. M. and the evening service at 8:00 P. M.

It will pay every one to leave off the auto ride next Sunday and hear Dr. Chalfant as he comes to us as an educator, and a man of affairs both in and out of the church. He will be accompanied by Mr. McCormick, the financial secretary of the College. All the people of the City of Burns and the surrounding community are invited to hear Dr. Chalfant.

Sunday School at 10 A. M.
Preaching at Polson Creek at 2 P. M.

Prayermeeting on Thursdays at 7:30 P. M.

Mix Wood and Coal in Making Gas.

At various points in Switzerland and France wood and sawdust are being mixed with coal in making gas, because of the coal shortage. For example, 10 per cent of sawdust is added to the coal in the vertical-bulb retorts in Geneva, while as an alternative for the sawdust, logs are sometimes used. In such cases the retorts contain about 200 pounds of coal instead of 1,240 pounds. The acid products from the wood have caused some trouble because of corrosion, but this has been largely overcome by alternating charges of wood with charges of coal. In another Swiss city, 375 pounds of sawdust is mixed with 60 pounds of coal in retorts that usually take 900 pounds of coal.—Popular Mechanics Magazine.

British Geological Pictures.

A committee of the British Association for the Advancement of Science has been engaged for many years in forming a national collection of photographs illustrating the geology of the British Isles. According to the last report the collection now includes upward of 5,000 pictures. More than a thousand of these were taken in Yorkshire. A collection of the same character has been made by the geological survey of Great Britain, which has recently published a list of its Scottish pictures. Both the B. A. committee and the geological survey offer prints and lantern slides for sale, and printed lists of them are available. The Tunbridge Wells Natural History society offers prizes for photographs of scenery illustrating geological features.—Scientific American.

The Allies are past masters in the art of retreating in good order. When they advance it will be in still better order.

County Treasurer.

If You Were There Instead of Here!
If you should see a French child—a tiny girl—sitting by the roadside, sobbing quietly because she is too weak from hunger to cry very loud, you would sell your wafers to buy her breakfast.
If you should hear somewhere in the restless wards the low moan of an American soldier, you would gladly sit by him all night, if that would save his life.
You are not there, but here, where these sights and sounds are not brought home to you! But the Red Cross is there—and you can make it YOUR representative!
Over there the Prussians are crucifying the incarnate Liberty of Man, and they are making the world black for little children!
The money you give to the Red Cross now will give you the right, when the Beast is beaten down, to think, "There are happy children, clear eyed women, and strong men alive today, because my money went across!"

Unavoidable Conditions!
Owing to the fact that the war has brought about many changes in the business world, we are compelled to adjust our business accordingly. The government is regulating the prices on many articles which we have to sell, these prices are figured on a cash basis, therefore, the manufacturer is holding the jobber to a cash or a ten day term, likewise the jobber is demanding cash from the retail merchant, now it is down to the point where the retail merchant must get the cash for his goods or go broke. Therefore from this date we will confine our terms of credit to strictly thirty days. Goods are hard to get, help is scarce, expenses leaping upward, and we are forced to this very much against our desire. We hope our friends will look at this as an unavoidable circumstance over which we have no control.
