L. T. Cooper, Noted Philanthropist, Gives Large Part of Income to Charity.

Not in recent years, perhaps, has the coming of any public character aroused such widespread interest as has the proposed visit to Portland and other Western cities of L. T. Cooper, the Millionaire Philanthropist.

Mr. Cooper is described as one of America's foremost leaders of advanced thought and sprang into fame and fortune through his new health theories based on what is known as the Tanlac treatment. He never ceases to surprise you with the infinite variety of his knowledge, and its absolute correctness and thoroughness. In several of the larger cities, he has done a great deal of relief work among the poor.

Mr. Cooper is a firm believer in practical philanthropy and his relief work is familiar to charity workers over the entire country. His southern representative while in Houston Texas, recently distributed, under the personal direction of leading charity workers, one thousand dresses of excellent quality to poor women and children. In San Antonio, the following week he donated another thousand dresses to the poor of that city, and a few days later four hundred of the garments were provided by him for the poor women and children of Galveston. Ladies prominent in social life and many prominent citizens of these places assisted and cooperated with Mr. Cooper's representative in this worthy cause.

Gives 50,000 Loaves of Bread  
Similar service was also performed

Knoxville, Birmingham, Atlanta, Little Rock, Shreveport, Vicksburg, Jackson, Chattanooga, Macon, Savannah, Montgomery, Mobile, and Augusta, and his establishment of the famous free bread line at Louisville, where he distributed 50,000 loaves of bread absolutely free and without question to those in want, proved a revelation to charity workers there. In fact, in practically every city Mr. Cooper has visited, he has always shown his great sympathy for the poor and unfortunate by performing some unique act of charity.

Mr. Cooper contends that nine-tenths of the diseases and ill health of the present day Americans due to faulty digestion and improper assimilation of the food, which finally produces a stuffed up condition of the vital organs.

It has been said that Tanlac his celebrated medicine which is now accomplishing such remarkable results throughout the country not only quickly overcomes all catarrhal inflammations of the mucous membrane but acts directly in the correction of stomach liver, kidney and intestinal disorders.

Tanlac has been so convincingly proven by the thousands upon thousands who have indorsed it, it is also a reconstructive tonic of great power, and has been known to entirely relieve the most obstinate cases of rheumatism and blood disorders in a very short time.

**Tanlac Sales Phenomenal**

It is indeed doubtful if anything ever placed on the market in the way of a medicine has sprung into such popular favor in so short a time. People everywhere have been quick to recognize its wonderful merit. The demand for it has been nothing short of phenomenal.

3000 bottles were sold and distributed by jobber and retailer in eight weeks time, which established a new record there, and is unprecedented in the history of the drug business. In Denver, over 65,000 bottles were sold in six months, in Ft. Worth, Texas; 123,204 bottles were sold in twelve months time, in Atlanta, Georgia over 165,000 bottles were sold in twelve months time, in Dallas Texas, 120,000 bottles were sold in 12 months time, in Knoxville, Tenn. the Kuhlman-Chambliss Co. sold and distributing 48,328 bottles in nine months, in Louisville, Ky. the Taylor-Isaacs Company, who operate eight retail stores in that city sold 32,000 bottles in less than ninety days. In fact everywhere Tanlac has been introduced its sale has likewise been phenomenal and the demand for it is continually increasing. A total of more than two and a half million bottles of the medicine has been sold through the Atlanta office alone during the past eighteen months, and it is without doubt the most widely talked of medicine today.

When asked to explain this record breaking demand, Mr. G. F. Willis, International distributor of Tanlac said, "There can be only one possible explanation, and it can be told in one word 'merit.' That tells the whole story. No preparation no matter how extensively advertised, can possibly meet with such phenomenal success unless it possesses extraordinary curative power."

Thousands upon thousands are testifying daily that they have been relieved of disease after years of suffering by its use.

Tanlac is sold in Burns by Reed Bros. Adv.

**LOCAL WOOLGROWERS ASK GOVERNMENT AID**

At a special meeting of the Lake County Woolgrowers' Association, held at Lakeview, Oregon, on the 30th day of June, 1918, the following resolution was duly moved, seconded and adopted by a unanimous vote of those present:

"WHEREAS, During the Winter of 1917-1918, the snowfall in the grazing districts of the Northwest was unusually light, and in Lake County, Oregon, there was practically no snow whatever and

"WHEREAS, In consequence, the hay crop in this county, and in the Northwest generally, is negligible, there being scarcely one-fourth of an average crop of natural hay, and

"WHEREAS, The flockmasters of this Association have made every effort to secure sufficient hay to insure the safe wintering of their breeding sheep but without success, it being impossible to procure hay in any quantity at any price, and

"WHEREAS, Unless sufficient fodder can be secured, it will be necessary for the sheepmen to sell at least one-half of their breed sheep for mutton, which will not only entail a very considerable loss to the people generally, and to the Government, through the shortage of wool which must ensue, but will also result in the ruin of the sheep industry in this county, and in the Northwest generally where such conditions obtain, and

"WHEREAS, The seriousness of the situation cannot be over-estimated; there is little water on the range (cattle in great numbers are dying for lack of feed and water), and even the summer range is dangerously short and the sheep will be in poor condition in Fall to come through the Winter on short feed, and

"WHEREAS, The Government has deemed it advisable and necessary to the public interest to assume a certain measure of control over the sheep industry, through the fixing of the price of wool, and it is only just and proper that some assistance should be rendered the sheep men at this critical time, in order that the wholesale catastrophe which threatens to cripple the industry may be averted, and

"WHEREAS, In mere self protection, the Government is vitally interested in this matter, when it is appreciated that, in Lake, and the adjoining county of Harney and Klamath (which are similarly affected) there are upwards of half a million sheep on the range, and

"WHEREAS, It is possible to retrieve the situation if sufficient quantities of cottonseed cake can be secured and transported to the sheep-raising districts to be fed to the sheep during the coming Winter along with such hay as may be available, such cake having been used by sheepmen in this district, with considerable success, during the past two Winters, and

"WHEREAS, The cost of such cake, with the added transportation, is prohibitive, and renders it out of the question for sheepmen, unaided, to make the necessary arrangements to provide a sufficient supply:

**RESOLVED** That this Association earnestly requests the Government of the United States to immediately take such steps as may be necessary, looking to the furnishing of cottonseed cake, or other suitable fodder, in sufficient quantities to relieve the impending scarcity, and transportation of same to central points of distribution throughout the sheepraising country; and

**"BE IT FURTHER RESOLVED,** That copies of this resolution be forthwith sent to the Federal Food Administration for Lake County, Oregon, to the Federal Food Administration for Oregon, and to the Senators and Representatives of Oregon in Congress, urging upon each of them the desperate situation in which the sheepmen find themselves, the very serious situation which threatens the wool industry particularly (and incidentally the future mutton supply), with its inevitable effects upon the military establishment and upon the general public, and that it is imperative that they make every effort to further the adoption of immediate remedial measures upon the part of the Government, while there is yet time."—Lakeview Examiner.

**NOTICE OF BIDS ON WOOD**

Notice is hereby given that the County Court of Harney County will receive bids up to 12 o'clock A. M. September 4, 1918, for 35 cords of first quality mahogany wood to be delivered at the Court house and High School in Burns, Oregon on or before October 15, 1918. The County Court reserves the right to reject any and all bids. Bids should be addressed, sealed, to the undersigned and marked "Bids for Wood".

CHESTER DALTON,  
County Clerk.

**STOCK MARKET**

The stock market at the North Portland Stock Yards opened for the week in a very firm and satisfactory condition prices were well maintained through out the day in all divisions. The offerings of cattle run prices are holding firm. Prime steers \$11.75-12.25; Good to choice steers \$10.75-11.75; Medium to medium steers \$8.50-9.50; Common to fair steers \$6.50-8.50; Choice cows & heifers \$8.00-8.50; Medium to good cows & heifers \$6.00-7.50; Fair to medium cows & heifers \$5.00-6.00; Canners \$3.00-5.00; Bulls Stockers & feeders \$6.00-8.00.

There is a large decrease in the run of pigs which would indicate the farmers are holding them with the intention of finishing them for pork. Quotations are: Prime mixed \$17.85-18.00; Medium mixed \$17.65-17.85; Rough heavies \$16.15-16.35; Pigs \$15.75-16.25; Bulk \$17.75-17.85.

The sheep market is showing considerable activity and clearances are complete quotations are: East of the Mt. lambs 13.75-14.25; Valley lambs \$13.50-14.00; Yearlings \$9.50-10.25; 8.00.

Live stock receipts of this week to date are Cattle 1450 hogs 1350, Sheep 3150.

At present one of the most esteemed ornaments of a home is a preserve closet full of home-canned vegetables and fruit.

**Keep the Blood Sleam Pure**

Rheumatic pains, backache, swollen joints and sore muscles often are the result of impurities in the blood gathering in the region affected, a result of failure of the kidneys to eliminate waste products from the blood stream. Foley Kidney Pills heal, strengthen and invigorate weak diseased kidneys and bladder. W. H. Hill, Justice of the Peace, Detroit, Tex., writes: "I used Foley Kidney Pills and say unhesitatingly that of all I have used they are the best, and have done the work where the rest failed." Sold everywhere.
