

GO-TO-COLLEGE ADVOCATED BY SECRETARY OF WAR.

The War Department Authorizes the Following Announcement:

The details of the plan prepared by the War Department to offer to able bodied college students over the age of 18 the opportunity to enlist in the military forces of the United States and to obtain training in the colleges which will prepare them for the more exciting forms of military service have now been completed. The plan was first announced in the letter of May 8 to the presidents of all educational institutions of collegiate grade, and the details are explained in a circular sent to the colleges under the date of June 29th. The purpose of the plan is to provide for the very important needs of the army for highly trained men as officers, engineers, doctors, chemists and administrators of every kind.

The importance of this need cannot be too strongly emphasized. The plan is an attempt to mobilize and develop the brain power of the young men of the country for those services which demand special training. Its object is to prevent the premature enlistment for active service of those men who could by extending the period of their college training multiply manifold their value to the country. If, however, the need arises for the services of these men in the fighting line, the terms of their enlistment are such that they can be called by the President on a day's notice. But for the present it will be the policy of the Government to keep them in training until their draft age is reached.

This is a war in which soldiers are not only marksmen but also engineers, chemists, physicists, geologists, doctors and specialists in many other lines. Scientific training is indispensable. Engineering skill is needed by the officers who direct every important military operation and who control our lines of transport and communication. In the same way chemical and physical knowledge are in constant demand at the front as well as behind the lines, while the task of saving the lives and restoring the health of hundreds of thousands of wounded calls for the service of regiments of military physicians. The scientific training which prepares a man to fulfill one of these highly specialized duties and more liberal training which helps to develop qualities of leadership needed by the officer or administrator are essential elements of military efficiency.

For the purpose of developing men who shall have this combination of military and intellectual training a new corps has been created in the army to be called the Students' Army Training Corps. Voluntary enlistment in this corps is open to all able bodied students in the institutions of collegiate grade who are not under 18 years of age. Students under 18 cannot be legally enlisted but they may enroll and thus receive military training until they reach the age when they can legally enlist.

The boy who enlists in the Students' Army Training Corps will be on furlough status and will not receive pay. He will undergo regular military training as a part of his course during the college year, will attend a six weeks camp for rigid and intensive military instruction

with private's pay and will be subject to the call of the President for active service at any time, should the exigencies of the military situation demand it. The policy of the government, however, will be to keep members of this Corps in college until their draft age is reached, and the War Department will have the power to order such men to continue in college even after their draft age is reached whenever their work is such that the needs of the service, e. g., for doctors, engineers, chemists and the like, are such as to make that course advisable.

The Students' Army Training Corps will be administered by the Committee on Education and special Training of the War Department, which will function as a section of the Training and Instruction Branch of the War Plans Division of the General Staff. Competent officers and non-commissioned officers will be assigned to the various institutions to carry on the work of military instruction. To supplement the officers assigned by the War Department three special summer training camps are being held to train a limited number of picked students and members of the faculties of the various institutions so that they will be able to assist in the work of military instruction. These camps will be held at Plattsburg New York; Fort Sheridan, Illinois; and Presidio, California, for sixty days, beginning July 15th.

The importance of this plan for combined military and collegiate training, if we are to meet in the future the urgent needs of the army for highly trained men, is so great that the War Department earnestly requests the colleges, Councils of Defense, and other patriotic societies to cooperate in bringing it to the attention of the young men of the country and in urging them to do their part to make it a success.

Approved:
(Signed) Newton D. Baker
Secretary of War.

RANGE HORSES SHIPPED TO SEATTLE BUTCHERS

The first car load of young range horses left the Yakima reservation Friday for the Seattle market where the animals will be slaughtered for food. Should the sale of horseflesh be welcomed it will be followed by other shipments. The present shipment was arranged by the Washington State meat inspector, F. E. Henderson. He believes the meat of these young, specially selected range horses will be found superior to the ordinary beef. Mr. Henderson says: "The animals shipped are young and healthy, from the Yakima ranges. They will make better meat than the ordinary beef and are to be slaughtered under the supervision of the city meat inspection department. This shipment is only an experiment, but if there is a large enough demand the meat will become a fixture on the Seattle market. I can get thousands of the young range horses that are of no particular value for any other purpose. In habits these semi-wild range horses are much like deer. They eat the same feed and are as clean and healthy.—Ex.

Mr. Hoover's trip to France is probably for the purpose of securing the latest fall modes in food conservation.

FORMER SHERIFF A. R. ANDERSON NOW ENDORSES TANLAC

Prominent Houston Man Says, "Money Could Not Buy The Good. It Has Done Me."

"Money could not buy the good Tanlac has done me," and I gladly recommend it for what it has done in my case," said Hon. Archie R. Anderson, of Houston, Ex-Sheriff of Harris County, Tex., recently.

Mr. Anderson is unquestionably, not only one of the best known, but one of the most popular men that ever held public office in "The Lone Star" state. After serving as Deputy Sheriff of Harris County for twelve years, Mr. Anderson was elected Chief of Police of the city of Houston. He had occupied this office only a short time when the sheriff of Harris County died. Mr. Anderson's friends persuaded him to make the race for the unexpired term of Sheriff to which he was easily elected. He was honored with re-election seven different times and served the people in this important office for fifteen consecutive years. Four years ago Mr. Anderson declined re-election and retired to private life. He cast his lot among the people of Houston and is a large property owner and foremost citizen of this interesting and prosperous city.

"I was in a run-down condition, continued Mr. Anderson, "and had no appetite at all. I could hardly sleep at night and never felt like getting up in the mornings, I was so tired. I had the worst form of indigestion, suffered all the time from gas on my stomach and was continually belching up undigested food. I had to take my coffee without sugar, as when I drank it with sugar, I would just belch for hours. I would bloat and swell up like I was poisoned and suffered with neuralgic pains

of the worst sort, and nothing seemed to help me only in a temporary way. I just can't tell you how I did suffer for the past four years and up to the time I began taking Tanlac a few weeks ago.

"When I read the testimonials of some who had been relieved of troubles like mine I just felt like I couldn't make a mistake by taking Tanlac and it has done even more for me than I had expected. I began to feel better after taking my first bottle and have just now started on my third and I'm a different man already. I sleep like a log now and eat just anything and everything I want without the slightest discomfort afterwards. I am glad to endorse Tanlac because it does the work and I'm telling all my friends just what I'm telling you. I never felt better in my life than I do since taking Tanlac. I am willing for you to publish my statement and let every suffering person who may wish, benefit by my experience with this great medicine."

Tanlac is sold in Burns by Reed Bros.—Adv.

NAZARENE CHURCH

Rev. J. Stewart Maddox, Pastor. A cordial invitation is extended to you to attend our services. The hours of the service on the Sabbath are as follows:

- Sabbath School at 10 A. M.
- Preaching at 11 A. M.
- Young Peoples' meeting at 6:45 P. M.
- Song service at 7:30 P. M.
- Preaching at 8:00 P. M.
- Prayer meeting Wednesday at 7:30 P. M.

When a conscientious objector receives a sentence of from fifteen to twenty years at hard labor he must wish that he had either objected less or been less conscientious.

Mrs. Woodrow Wilson christened the Quistconck, the first ship launched from the Hog Island ship yards. She must have done so with some inner doubts unless she had been previously informed "What is a Quistconck?" or "Where is Quistconck?"

If one may judge from the newspaper reports the gentleman known as Yankee Doodle Dandy is now in France and is in great form.

Husband and Wife

Mrs. Frank P. Wood, Box 18, R. F. D. 2, Morrill, Me., writes: "Foley Kidney Pills helped me so much. My husband also has received much benefit from them. He was so lame he could not stoop over and now he feels no pain." Lame back, sore muscles, stiff joints, rheumatic aches and pains quickly conquered by Foley Kidney Pills.—Sold by Reed Bros.

UNIVERSITY OF OREGON Training for Efficiency in Peace or in War

Fully equipped liberal culture and scientific departments. Special training in Commerce, Journalism, Architecture, Law, Medicine, Teaching, Library Work, Music, Household Arts, Physical Training and Fine Arts. Military Science in charge of American and British officers. Drill, lectures and field work all up-to-date, based on experience in present war. "The Man Who Was Afraid" ESSAYAY

Carolyn of the Corners

is just a natural, wholesome, joyful little girl who leaves only a trail of smiles and happiness on the path she travels. Making her acquaintance is like getting a burst of sunshine in looking up into the blue sky.

Carolyn romps through the story we are about to publish in serial form. It is a clean-cut tale of everyday life, with many a smile, not a few thrills and also an occasional tear. You will treasure her friendship long after the last installment is ended.

Look for Carolyn!

Ford
THE UNIVERSAL CAR

Bring your Ford car to us when it needs to be "fixed up" or repaired. We guarantee the most reliable work; the genuine Ford-made materials and to ask Ford prices. It is our business to know all about Ford cars. We have the necessary equipment and competent workmen to do the work as it should be done and to give you prompt attention at all times. When you want to buy a Ford car we earnestly solicit your order.
