

Carroll Cecil and Pat were in town yesterday from Silver Creek.

A high school dancing party was given at Tonawama last night being under the chaperonage of the teachers.

When people want the local news of this county they always turn to The Times-Herald—and generally find it.

Messrs Wright and Weasell of the State Engineering department who have been doing work on the road between Burns and Crane and also making some surveys toward Bend, are located in town again.

The high school teams had a game of foot ball at the fair grounds yesterday afternoon between Senior-Sophomore and Junior-Freshmen teams. It resulted in a victory for the higher class team but the other boys are going to get revenge at some future time.

Mrs. Harry Golden is over from the OO Ranch on a visit with relatives. She came over particularly to report in some Liberty Bonds which she had sold in that neighborhood. Harry is one of the committee in that district, but Mrs. Golden seems to be the one who brings in the "bacon" on such drives as Liberty Bonds, Red Cross, etc., and we suggest that she be continued as one of the war workers in future drives.

The manager of this great religious weekly had already written a mention of some of the neighbors bringing in some big potatoes when Emory Foren showed up at noon with a load of things. Among them was as few of the finest potatoes we've seen yet. They are not so large as some others that have been brought in but are fine and uniform in size with each hill averaging good yields in fact some of them had literally "busted themselves" in growing. We had been using potatoes from this garden ever since they were big enough to use until Mrs. Foren put a stop to any more being sold, but this week when Mr. Foren started to dig some more he found he has a quantity yet for his neighbors. One nice big juicy onion was in the collection "for flavoring" Foren says, also a white carrot that would make a couple of messes for any individual, even an old cow, if it is a stock carrot. Mr. Foren does not know where he secured the seed for these carrots but thinks his grandson got it from the government collection of seed sent out through The Times-Herald office.

V. G. Cozad was in this morning on a mission of information. He is one of Uncle Sam's latest recruits in high salary position, having had the honor thrust upon him of being appointed Food Administrator for this county. Vic is ready to do his duty in any capacity he may be placed but is somewhat at a loss respecting his duties in this particular branch of war work but is ready to meet all comers in the matter of food regulations regardless of size, color or political preference.

JACK PICKFORD'S METEORIC CAREER

Just as some unfortunate men are known as "Mrs. So-and-so's husband," so young Jack Pickford was once famous as "Mary Pickford's brother"—until a few years ago. Recently, however, Jack Pickford has won for himself a unique place in the film world and there are those who insist that Mary will have to look well to her laurels in the months to come.

There is a certain something about both Mary and Jack Pickford—a something impossible to explain in clearer terms than this which endears them to everyone everywhere. Most probably it is the spirit of eternal youth and the joy and fun they put into their work and which shows in every move and gesture and every sparkling Pickford smile.

Both Jack and Mary were born in Toronto, Canada. Jack received his education in the public schools of that city and later at St. Francis Military Academy, New York. As he says himself, since leaving that institution he has received a very liberal education in his stage and screen work. For instance, in "The Ghost House" which in Mr. Pickford's latest Paramount production and which is to be shown at the Liberty Theatre on next Wednesday, he received a thorough initiation into a college fraternity. "If the real ones are any worse than that," smiled Mr. Pickford the other day, "I'd sure be a non-frat man!"

"Peg Robin" and "The Three of Us" are the most important stage plays in which Jack Pickford worked in juvenile parts before attempting screen work. The latter began with the old Biograph company with which his sister was first associated and where he has given all sorts of roles, from the most insignificant "extra" part to a near-star part.

Soon after his advent to the screen, however, Famous Players Company claimed him and early in this company he appeared with Mary Pickford

Marguerite Clark and others in small roles. It was not long, however, before his genius was "discovered" and he began co-starring with many famous actresses of filmdom—notably Louise Huff, who still works with him. Mr. Pickford's most famous characterizations were in "The Dummy," "Freckles," from the novel by Gene Stratton Porter, "Great Expectations," "The Yarmint" and now "The Ghost House."

WAS FORCED TO GO OUT OF BUSINESS

Mrs. Hall's Health Failed Completely—Tanlac Restored Her

"I regret now that I did not take Tanlac sooner as I would not have had to sell out my business," said Mrs. Minnie Hall, proprietor of the lunch stand known as "Mother's" lunch stand known as "Mother's" Seattle, Washington, recently. Mrs. Hall has lived in Seattle for eighteen years and resides at 3330 39th Ave., North West, continuing her statement Mrs. Hall said:

"I had suffered from stomach trouble and nervousness for several years. My system got in a terrible run-down condition and kept getting worse until it resulted in nervous prostration. I sold out my business because I just could not hold out any longer. I was then taken to the hospital, where I lay for nearly two weeks and when they carried me home I was no better off than before. My headached so badly I felt like my eyes were weighted down with lead, and my back hurt so it felt like it would break, my stomach got in such a bad condition I could hardly eat anything, and what little I did manage to force down would ferment, and the pain caused by it would almost draw me double, as would form and bloat me up so I could not wear my corset, and I was so nervous and miserable that I never knew what a good night's sleep was. I lost weight all the time, and had gotten in such a bad fix that I really thought my time had about come."

"Then as a last resort I began taking Tanlac, as I had read and heard so much about it, and the first bottle made a big change in my feelings. I have taken four bottles now, and it has made such a wonderful improvement in my condition, that I have bought my business back, and am working every day without the least bit of trouble. I have already gotten back fifteen pounds of my lost weight and am not bothered any more with headaches or backache. My appetite is fine, and my stomach is in such a good condition that I can eat just anything I want and never feel a sign of indigestion. I think so much of Tanlac, that whenever anyone comes to my stand and talks of having indigestion and stomach trouble, I always tell them to take Tanlac, and I know several people who are taking it because they know what it has done for me."

Tanlac is sold in Burns by Reed Bros., and in Crane by the Vale Trading Co.—Adv.

Just now it requires about 15,000,000 pounds of fresh beef a day to feed the American Army in France, besides proportionate quantities of other meats, canned goods, potatoes, vegetables, bread, coffee and other foodstuffs, all laid down in France and all ready at the dot. And Uncle Sam is managing it all.
