Does Pershing
Speak for You?

"The German army can be beaten;
the German army will be beaten;
the German army must be beaten."

Pershing counted on every man, woman and child in America to back him up when he said that—back him up with their souls, their flesh, their pocketbooks—to the last drop of blood, to the last dollar.

Our young men are backing him with their blood. Every one of us at home must back him with our dollars—our last dollars—our future dollars.
