

## PATRIOTISM and BUSINESS

Every good citizen at this time should do his share toward strengthening the Federal Reserve Banking System which our Government has created with its billion dollars of resources to stand back of its member banks and all their depositors.

You can contribute directly to the strength of this system, and at the same time secure its protection by depositing your money with us, since part of every dollar you deposit with us goes directly into the new system, where it is always ready for you when wanted.

This is a suggestion for prompt action.

### LOCAL NEWS NOTES.

Baled Alfalfa Hay for sale in car lots. Write Pinney & Bender, Ontario, Oregon.

Harry Riggs spent a few days with his mother and other relatives in this city the fore part of this week.

The Plate population of this city just at present is "nil" as they all "beat it to tall timber" upon learning of the presence of the "Flu".

**THE FIRST NATIONAL BANK OF BURNS, CAPITAL AND SURPLUS \$100,000. "THE BANK THAT MAKES YOUR \$ \$ \$ \$ SAFE." ACCOUNTS INVITED.**

Mr. Skiens showed the writer a telegram yesterday which he had just received from Camp Lewis in which it was stated his son Poleman was improving and was out of danger.

Principal Sutton of the public school found an individual in his chicken yard yesterday who had beat the quarantine. It was a China pheasant cock that came out of the fields and took dinner with his chickens.

E. C. Eggleston received a letter yesterday stating that Porter Nash, son of Mr. and Mrs. M. J. Nash, had died on Oct. 26 at Camp Lewis, of Spanish influenza. Many will regret this untimely end. The Nashes formerly resided in Sunset.

Col. William Hanley wrote to a friend in this city the other day from New York. He wishes to be remembered to all his friends and stated incidentally that he thought Walter M. Pierce ought to be elected governor of this state. There are a lot of people who will agree with Mr. Hanley on that matter and they are in a position to vote for the old boy too.

## Prolonging Human Life!

In the effort to lengthen the span of human existence, every available resource in Nature's storehouse is utilized. These must be classified and systematized and ready for use. This is the work of the chemist.

The intelligent handling of this vast store of remedies, under the direction of your physician, devolves on **Your Druggist**

We employ none but competent graduated pharmacists.

**The Rexall Drug Store**  
REED BROS., Props.

Wanted—20 head young, sound work horses, broke, five to seven years old. Good mares preferred. Address Eastern Oregon Land Co., Ontario Oregon.

**THE FIRST NATIONAL BANK OF BURNS, CAPITAL AND SURPLUS \$100,000. "THE BANK THAT MAKES YOUR \$ \$ \$ \$ SAFE." ACCOUNTS INVITED.**

Notice—James McKee has taken over all the property of Cecil McKee and all persons holding accounts against Cecil McKee are requested to present the same to the undersigned at Diamond, Oregon.

Bill Young left yesterday morning on his return to report at his army camp after a short visit with home folks and his many old time friends. He expects to stop for a day in Portland on his way to California.

Mr. and Mrs. A. A. Tipton have been sojourners in our city this week, having come in ahead of the quarantine and since it would be impossible to get back in should they go out during the time it is on, they decided to stay in.

Ellis Bennett and family have moved down from the farm where they had been residing for the past few years, and are occupying the Curtis Smith residence in this city. John Caldwell has taken over the farm again.

40 acre ranch 3 miles from Castle Rock, Wash. 4 acre cleared 14 acre tillable all fine soil 4 room house good spring and running stream. Plenty of wood. A good little ranch for any purpose. Price \$1600. Will trade for Harney Valley land. Address Geo. W. Fenton, Camp 7-E, Newport, Ore.

J. W. Crawford was out at Boise when the quarantine went on and as a consequence is not able to get back to his place of business. He is now at the detention house awaiting developments and if after a certain period he doesn't take the "flu" he'll be allowed to come in. Rube Hught is looking after his place during his absence.

Rev. Father Francis took his departure the fore part of this week for Ontario upon learning that Father Moriarity had died at the hospital there from Spanish influenza. We are informed that Father Moriarity had been at Juntura where he contracted the disease and had become better and decided to go to Ontario where he had a relapse which resulted in his death. Father Francis was accompanied out by his ward, Fred Bailey.

Hon. C. M. Crandall and Geo. Hayes were in the city for a few days this week, the former primarily on legal business, but incidentally interviewing local people in the interest of his candidacy for joint representative. Mr. Crandall should have the support of the citizens of this section as he is known to be a man of ability and is for right. George was renewing acquaintances and visiting with former neighbors and his relatives.

Van Embree was in town for a few days during the week having but recently returned from Idaho where he had been working in the harvest fields and fruit orchards. Van said he enjoyed reading this great religious weekly while away, as he was working near M. Gil, a subscriber and former resident of this section. People away from home always want The Times-Herald to keep them posted on local affairs. Its the very best means of getting the home news too.

The Times-Herald received a letter from Ed. Tulloch yesterday morning in which he stated that his son-in-law, Roy A. Johnson, had died last Tuesday at Camp Funston, Kansas, of Spanish influenza. Mrs. Tulloch had gone down from Milliken, Colorado, where the family is residing this winter, to be with her daughter. The young man was a resident of Catlow Valley and had many warm friends. He and Miss Tulloch were married last spring just before he was called to army duty.

Miss Lila Carter is home from Boise where she had been attending school. The young lady surprised her sister, Mrs. W. L. Blott, as she did not notify her she was coming. The school had been closed because of the Spanish influenza and she decided to come home during the enforced vacation and without notifying her sister she took the train, arriving here from Crane at 1 o'clock in the night. She went to her sister's home and entered the house without waking either she or Mr. Blott and quietly went to her room. The following morning the Blotts heard a disturbance upstairs and upon going up found Miss Lila dressing. It was a pleasant surprise.

For Sale—40 acres adjoining Burns. See J. J. Donegan.

It is reported that there are 55 cases of influenza at Juntura.

T. H. Short and son Frank with their wives, have just returned from a trip to Klamath County.

That state man said you'd get the "flu" any way so just get ready for it. At least that is the report told this paper.

Frank Dibble and his son Bill beat the quarantine to town the other day and remained for a few days before venturing out.

Mayor Mothershead and Marshal McDonald have been some busy people during the past few days while others have had plenty of time.

One does not realize the number of people coming to town each day until it is stopped. At the entrances that have been guarded by men during the recent quarantine it is said at times there were 100 people gathered.

Mesdames Tom Allen, Frankie Clark, B. A. Ralston and Miss Huggins, all accompanied Dr. Geary to Crane the first part of this week to assist in caring for the influenza patients down there. The Times-Herald understands that a trained nurse has been sent to that place.

J. C. Foley went up to the ranch the other morning to do his chores and when he attempted to get back in town he found an armed guard on the road who wouldn't let him pass without the countersign, which constituted a permit issued by the city marshal. Foley couldn't produce the necessary document and therefore had to stay out until he proved himself entitled to come in. He is only one instance. Several have been caught in the same "boat".

### CONTAGIOUS WARD MASK

- From gauge 36 inches wide cut 43 inches on the selvage.
- Divide into 4 strips 9 inches wide.
- Fold each strip into halves, then into thirds, making mask six thicknesses of gauge.
- Turn in raw edges and stitch all four sides to fold firm (Selvage need not be turned in. Can be stitched on the sewing machine or by hand.) Mask now measures 7 in. x 8 in.
- Put three pleats on 7 inch end, lower pleat deeper than the other two, to allow for chin.
- Width at end after pleats are laid—3 1/2 inches.
- Attach a tape 12 inches long to each of the four corners. (Tape may be 1/4 1/2 or 3/8 inch wide)
- Place a black thread in center of mask to designate the outside. Use fine gauge or cheesecloth.
- Fold once. Tie in packages of ten. Place ten packages in twenty-five pound bag.

### STOCK MEN TO MEET.

The Burns Cattle & Horse Growers Association will hold a meeting in Burns at the Commercial Club Rooms on Tuesday, Nov. 26 at 1 o'clock p. m. All members are urged to be present.

E. C. REYNVAAN, President.

## Liberty Bonds Stored Without Cost

Liberty Bond owners are invited to use the vaults of the Harney County National for the safe-keeping of their Bonds without charge.

It is not necessary that you have an account here to take advantage of this offer. Leave your Bonds and get a receipt. You can withdraw one or all of them at any time without obligation. You can open a savings account with the proceeds of the first coupon.

United States Depository

The **Harney County National Bank of Burns, Oregon**  
"YOUR HOME INSTITUTION"

The Times-Herald force is limited this week because the quarantine will not permit Mrs. Vera Gibbs coming in to her work and we have to do the best we can.

### MANY RODENTS KILLED IN MONTANA

Rodent-control work in Montana during the past season has saved \$2,760,000 worth of farm crops at a cost of \$82,800, according to the report of the Montana extension specialist in rodent control. The Bureau of Biological Survey, which cooperates with the State agencies, furnished trained leadership and contributed \$12,000 from its emergency appropriation toward the cost, and Montana farmers paid the remaining \$70,800. Work was carried on in 25 counties, and 275 tons of poisoned oats were prepared in accordance with the Bureau of Biological Survey formula. Great numbers of ground squirrels and prairie-dogs were destroyed. The increasing demand for the work, according to the report of the State specialist, has secured it a prominent place on the programs of work of the county agents and has made easy the introduction of other lines of agricultural improvement work.

### CANDIDATE FOR SHERIFF

Because of repeated requests from friends and tax payers of this county I have consented to become a candidate for sheriff at the November election. Having served in that office in this county for four terms I feel that I am competent to fill it and if elected I promise to enforce all laws to the best of my ability.

A. K. RICHARDSON.

### POTATO WART MENACE HANGS OVER INDUSTRY

Potato wart disease has invaded some eastern potato states, and the menace hangs over the potato industry in Oregon.

"The potato industry of the country is endangered by the wart disease which has developed in the east from shipments of poor quality potatoes from Europe in 1912," says Prof. H. P. Barrs, of the department of plant pathology. It is feared that other shipments not traced may have resulted in the introduction of the disease into other sections. Potato growers of Oregon as well as those of other states are requested by the government to send suspected specimens to the agricultural college for examination that prompt steps may be taken to head off the trouble before it becomes well established.

"The disease causes irregular warty outgrowths on the tubers, which enlarge until the entire potato may be changed into a black and worthless mass. The young galls are whitish or greenish resembling a cauliflower head.

"In severe cases the whole crop may be practically destroyed. The disease is highly destructive in Europe. So far no cases have been reported in Oregon."

Don't Invite A cold or the Grip.

If you feel "stuffed up," bloated, bilious, languid or have sick headache, sour stomach, coated tongue, bad breath or other condition caused by slowed up digestion, a Foley Cathartic Tablet will give prompt relief. It is a gentle, wholesome, thoroughly cleansing physic that leaves no bad after-effects.—Sold by Reed Bros.
