EBERT PULLED LAST PROP FOR PEACE.

Here is the man who pulled the last prop from under Hunism at home. It is Herr Ebert, German Socialist leader, who told the Kaiser and his military leaders that unless they accepted the allied armistice terms in their entirety as offered by General Foch that the German Socialists would not guarantee that there would not be revolutions at home—the kind that brought Austria's end.

SCHOOLS MAY OPEN ON MONDAY, DEC. 2

No New Cases of Influenza Seen Reported in the Last 24 Hours And Improvement in Situation Looked for Within Short Time

The Times-Herald is informed by a member of the board that the schools of this city will not open before the first week in December at least. Spanish influenza still prevails and has spread since last week therefore it is not considered expedient to attempt to raise the present quarantine regulations before that time.

The Times-Herald had a telephone conversation with Dr. Smith this morning and while there has been but one case reported in the last 24 hours there are several suffering from influenza and cases are being heard of out in the country. Several of the country cases have been brought to town for medical treatment and nursing which increases the risk and exposure. Dr. Smith believes that the situation may be definitely considered within the next three or four days, but after that it is considered best by the school authorities to wait a time before resuming school.

The same circumstances will govern the opening of the churches, colleges, etc. to regular services and meetings.

FORMER HARNEY COUNTY BOY KILLED IN ACTION

Word has been received by Mr. and Mrs. C. S. Johnson, of Ontario that their son Elbert C. Johnson had died in action in France on Oct. the 3rd. This brief message "killed in action", was all the details given them.

Elbert Johnson was called from Ontario but reported for duty at Portland on the 24th of June, 1918 and was inducted at Camp Lewis then after three weeks transferred to Camp Kearny later from there to Camp Mills from where he sailed for France on the eleventh of August.

He was in Co. C. 158th Inf. but was transferred some time in September to the 111th Machine Gun Co.

He leaves besides his father and mother of Ontario, his wife and little daughter Marjorie, who are with Mrs. Johnson's parents in Portland. Besides these he has a brother Emmett Johnson in France and two sisters Mrs. Edd Ward of Drewsey and Mrs. Harvey Long of Ontario.

Elbert Johnson was born Aug. 12, 1895 at Burns and moved to Ontario in the spring of 1913. He was married on the 28th of July 1917 to Miss Florence VanValkenburg of Payette, but formerly of Burns.

The actual signing of the armistice and the cessation of war at the eleventh hour on the eleventh day of the eleventh month will be a matter of history and a date long remembered by the entire world. We should change our Thanksgiving day to conform to this date and make it a world holiday.

The weather has become rather chilly.

COUNCIL OF DEFENSE AIDS WAR WORK DRIVE

Unanswerable and Unavoidable Obligation of Home People to Preserve Welfare of Men Who Crossed Over to Fight For Us.

The following message was received from D. M. Reynolds, of the National Council of Defense, Washington, D. C., with request that it be released for publication in all papers in the State of Oregon:

"Governor B. Clarkson, Acting Director of the Council of National Defense and in charge of State Council activities, has asked the united support of the one hundred eighty thousand four hundred units of the council of defense system throughout the country for The United War Work Campaign. Clarkson has telegraphed all State Councils as follows:

"I earnestly ask the great council of defense system to use all of its vigor throughout its more than one hundred eighty thousand units in almost every community of the nation in support of The United War Work Campaign. In these tremendous days, when out of the ashes of empire new aspirations and hopes are arising for all civilized peoples, we who have stayed at home have an unanswerable and unavoidable obligation to preserve the welfare of the men who have crossed half a world to fight for us. These men are a part of the promise of the coming years for America. Anything that we can do to maintain the freshness of their outlook, to conserve their usefulness to their native land, to show our gratitude for what they have offered to lay down for us and for the decent principles of mankind, we are in simple honor bound to do. America's task in the war is not done until her men come home again. When you give to your own flesh and blood, but are strengthening the pulse beats of the national heart. Therefore, carry on and do your utmost to make this wise and noble campaign an overwhelming success."

THE UNITED WAR WORK CAMPAIGN.

(Wm. Farre Four-Minute Man.)
The war is over, but the duty of the people toward the boys serving the country at home and abroad is not—furthermore, it will not be for a long time to come and who, but the selfseeker will refuse to give to those boys every comfort and pleasure within his power, with a heart full of thanksgiving for what they have sacrificed and done.

"Self seekers caring for themselves alone.

To duty, honor, gratitude are blind; but remember the day of accounting is yet to come, the only sacrifice most of us have been called upon to make is using "a little substitute flour" and "limited sugar rations". When the boys come home and each of them are handed a verified list showing the name of every individual in the County, what they have done to sustain the morals of the boys and, when the balance sheet is "final"—the man who has been allowed to stay at

FESS BOOMED FOR SPEAKERSHIP

Friends of Congressman Simeon D. Fess of Ohio have launched a boom to make him speaker of the House of Representatives. Results in the recent elections will likely cause a warm contest for the speakership and give Champ Clark another battle almost as stirring as his last congressional race in Missouri.

RED CROSS WORK GOES ON FOLLOWING PEACE

Cessation of War Reveal Picture of Misery in Europe Such as World has Never Seen Before. Continue as America's Agent.

The following message received Nov. 9th from the War Council of the American Red Cross and George E. Scott, General Manager, is of vital interest to all of us:

"On February 10 last year nearly six weeks before the United States declared war National Red Cross Headquarters advised its chapters to prepare for war. That which has followed in the record of the Red Cross in helping to win this war and to relieve the suffering growing out of it, constitutes something of which every American citizen has a right to be proud. Every American Red Cross worker must feel a sense of gratitude in having had a share in it all.

"The moment is now come to prepare for peace. Actual peace may come at any moment; it may be deferred for some time. Until peace is really here there can be no relaxation in any Red Cross effort incident to active hostilities.

"But with peace, let no one suppose that the work of the Red Cross is finished. Millions of American boys are still under arms. Thousands of them are sick or wounded. Owing to the shortage in shipping, it may take a year or more to bring our boys home from France. But whatever the time, our protecting arms must be about them and their families over the whole period which must elapse before the normal life of peace can be resumed.

"Our soldiers and sailors are enlisted until the commander in chief tells them there is no more work for them to do in the war. Let every Red Cross member and worker show our returning soldiers and sailors that to care for their health, welfare and happiness, we are enlisted for no less a period than they are.

"The cessation of war will reveal a picture of misery such as the world has never seen before, especially in the many countries which cannot help themselves. The American people will expect the Red Cross to continue to act as their agent in repairing broken spirits and broken bodies. Peace terms and peace conditions will determine how we may best minister to the vast stricken areas which have been harrowed by war, and in this great act of mercy, the heart and spirit of the American people must continue to be mobilized through the American Red Cross.

"On behalf of the War Council, we accordingly ask each member of our splendid body of workers throughout the land to bear in mind the solemn obligation which rests upon each one to "Carry on" we cannot abate one instant in our efforts or in our spirit. There will be an abundance of work to do, and specific advices will be given, but even at the moment of peace let no Red Cross worker falter.

"Our spirits must now call us to show that it is not the roar of cannon or the blood of our own alone that directs our activities, but that a great people will continue to respond greatly and freely to its obligations and opportunity to serve mankind."

Sincerely yours,
C. D. STIMSON,
Division Manager.

Mrs. Frank Triska has been assisting in nursing the influenza patients at the Island Ranch. She reports all improving.

J. G. Cawfield is assisting at the Clerk's office at the court house during the enforced absence of Billie Carroll who is an influenza victim.

Died—H. T. Suhr, aged about 70 years, at the county hospital yesterday. The funeral was conducted today by Rev. George Wrad of the Nazarene church at the cemetery. Deceased was a native of Germany.

H. H. Keech, familiarly known as "Daddy" recently received a letter from his son-in-law, Mr. Joy, stating that Mrs. Joy had died of Spanish influenza and that he and two children were in the hospital sick with it. The family has been in Washington for some time but they formerly resided at Lawen.
