

MEN FROM OREGON OFFICIALLY HELD NATION'S CLEANEST

Surgeon-General Blue Wires Fact is Disclosed in First 1,000,000 Camp Reports.

Only Fifty-nine Hundredths of One Per Cent Found to Have Venereal Disease on Arrival at Cantonments.

Surgeon-General's Official Telegram

Oregon Social Hygiene Society, 720 Selling Bldg., Portland.

A tabulation of one million reports first received from camp surgeons throughout the country shows that Oregon leads the country with a rate of fifty-nine hundredths of one per cent found to have a venereal disease on arriving in camp. It is hoped that Oregon can continue vigorous measures in combating venereal diseases during the period of demobilization and thereafter.

RUPERT BLUE.

Oregon men, called to the colors during the greatest of all wars, were physically the cleanest in the entire United States Army.

Such is not the mere boast of any citizen of this state, backed only by a high sense of local pride, but it is the established record of the United States Army, communicated to the Oregon Social Hygiene Society by Rupert Blue, Surgeon-General, thus giving it the greatest possible weight.

As will be seen by perusal of the foregoing telegram from Surgeon-General Blue, a tabulation of 1,000,000 of the first reports received from camp surgeons places Oregon in the lead with a rate of fifty-nine hundredths of one per cent (which means less than six men to the thousand), or, compared with another wire from him, this state's standing is but a fraction lower than 18 times ahead of the state with the highest per cent of infection, which was eight and nine-tenths per cent (eighty-nine men to the thousand).

This constitutes one of the grandest and proudest records of the whole war period and, great as has been this state's part in all patriotic endeavors, nothing could fill the hearts of its people with a higher degree of pride than the official acknowledgment from the National Capital that Oregon's men stood far and away above all others in clean manhood.

"That the work of the Oregon Social Hygiene Society, carried forward for but seven years, should produce such magnificent results, is a subject of the most gratifying kind to the entire Board," said Executive Secretary Cummins. "Every one of the men who have worked so hard to bring about the result regard this official notification from the Surgeon-General as a complete vindication of the program sought to be carried forward in this state. That the public will respond to sane, clear facts, rightly presented, is also demonstrated beyond doubt. Educators, who have assisted greatly in the work, may well feel that young men under their tutelage will absorb the benefit to be derived from information along physiological lines, rightly administered. Parents must now see plainly that their children should have the truth as to their physical beings and that, having this, untold good will result."

"Future generations, following, are bound to demonstrate the benefits of Oregon's clean manhood, as set forth officially," commented A. F. Flegel, president of the Society. "This record cannot be overestimated. It is a glorious achievement."

"The full significance of the official announcement from Dr. Blue is difficult to grasp," said Adolphe Wolfe, treasurer of the Society. "Dealing as it does with human life and morals, it is, in a larger sense, more important than many other achievements, not to detract one whit from any of them. At the outset, many good people doubted the ability of the Oregon Social Hygiene Society to accomplish worth-while results. I think now, however, no further comment need be had. Surgeon-General Blue's telegram is sufficient."

Lieutenant-Colonel P. C. Field, division surgeon of the 91st Division at Camp Lewis, has officially credited the splendid record made by Oregon men to the educational work that has been and is being done by the Oregon Social Hygiene Society.

Now that the war is over what will the American destroyers find to destroy.

Mr. Sugar-Bowl, a friend long withdrawn from the public eye, is with us again.

Defeated Germans Pray—Back in Fatherland

Here is one of the picture scoops of the year. It is the first exclusive picture out of Germany since the armistice was signed and the defeated Germany armies started home. This photo was taken at Hunzigen, Germany, on the Alsace side of the Rhine as Hun troops stopped for noon mass. The two men and two women in the foreground are American Red Cross workers who have now arrived in Berlin.
