

May Resume Our Berlin Trip, To Quell Revolt

"On to Berlin" is not yet a dead phrase in this war. Revolution within Germany has reached such a stage that allied leaders admit that it is not outside the range of possibilities but that our troops may yet have to march on Berlin to restore order. The Ebert government has sent government troops against the Leibrecht revolution rioters—known as the Reds and the report is current in Berlin that the allies are going to march on the capital. OBITUARY.

Raleigh Sharp Moore, son of C. A. Moore, died at the home near Elitzen, Oregon Jan. 2, 1919.

He was born in Dundorn, Saskatchewan, Canada August the 6th 1896, coming to Harney County with his parents in 1914, where they have resided ever since.

Raleigh was favorite with all who knew him. He was a bright and studious boy in school always trying to do the right thing and was very thorough in all his studies readily leading his classmates. He was a pupil who was not content with half learned lessons, and always learned a lesson thorough before he was content to pass on to another.

Although he was never in robust health, he was always happy and cheerful and was very considerate for the feelings of others, a firm believer in fair play and never took advantage of an opponent.

All through his sickness, which lasted six weeks, he never complained of his suffering but was always bright and cheerful and was always hopeful for the future.

He will be missed by the pupils and teacher of Pioneer school as well as others of his many acquaintances.

He was laid to rest on the family homestead, Friday evening at 3 o'clock Jan. 3, 1919.

Dear parents, we tender to you the sincere sympathy of the neighborhood in your sad bereavement, and may your sorrow be softened by the thought that Raleigh, "is not dead but sleepeth."

MARKET REPORT JAN. 14, 1919.

Monday and Tuesday brought 130 cars of stock to the Portland Union Stock yards. Trading on Monday was exceptionally brisk, cattle prices as a whole just about holding their

own with both seller & buyer satisfied with returns, the cattle were a good lot in all grades.

The hog market was more than well supplied on Monday with 4900 head. The supply was considerable in excess of the demand and the market fell to 17.00 as the top, this was quite a drop from last week when hogs sold at \$17.90 by W. W. Edgington, of Gold Hill, Ore., but by Tuesday the bulk of the hogs were sold.

Lack of "jazz" has prevailed in the sheep market for the last few days, the market remaining generally steady with the exception of a bunch of 257 prime lambs selling at \$13.75 Monday, which were of a very good market for some little time to come.

Cattle receipts for this week to date 1700 head; with prices as follows: Prime steers \$13.00-14.00; Good to choice steers \$11.50-12.50; Medium to good steers \$10.50-11.50; Fair to good steers \$9.50-10.50; common to fair steers \$8.00-9.00; Choice cows & heifers \$7.00-8.00; Good to choice cows & heifers \$10.00-11.00; Medium to good cows & heifers \$8.75-9.75; Fair to medium cows & heifers \$7.00-8.00; Canners \$4.00-5.00; Bulk \$6.50-8.50; Calves \$9.00-13.50.

Hog receipts for the week to date 4900 head; prices as follows: Prime mixed \$16.75-17.00; Medium mixed \$14.50-16.75; Rough heavy \$15.00-16.00; Pigs \$14.00-15.25.

Sheep receipts to date for the week 3250 head; prices as follows: Prime lambs \$12.00-13.75; Fair to medium lambs \$9.00-11.00; Yearlings \$10.00-11.50; Wethers \$9.00-10.00; Ewes \$6.00-8.00.

The Kaiser had best wait until that weeping season comes when "April showers bring May flowers" before he passes on, because, it is not at all probable that anyone else will bring him any.

LAYERS NEED ANIMAL FEED

Chickens eat a large amount of animal matter in the form of insects, worms, and other low forms of animal life when allowed to range at will. If the poultry keeper is to get the best results from his fowls in winter he must furnish a substitute for this class of feed.

For this purpose green cut bone, meat or fish scraps, and animal meal may be used. Green cut bone is usually fed by itself, while the scraps and meal may be readily mixed with the mash. Cut bone consists of greens or fresh bone sliced or shaved into thin pieces by a bone cutter. Bones fresh from the butcher have more or less meat adhering, and the more of such meat the better, for the combination of bone and meat is excellent for producing eggs. Where a good supply of fresh bone can be obtained regularly it is very useful, but it can not be kept sweet for such long periods as the scraps and animal meal. Green cut bone should be fed carefully and in a sweet condition, otherwise bowel trouble may result. One pound a day is sufficient for 20 hens, but not over one-half pound be fed to that number when first beginning to feed it. From one-half to three-fourths pound of animal meal or meat scraps may be fed to 12 or 15 hens. Any form of meat is likely to loosen the bowels of the hen when first fed, and the hens should be watched carefully and not fed too much. After the fowls have become accustomed to the animal meal or meat scraps it may be kept constantly before them.

Page's Sweet Shop has a supply lettuce, sweet potatoes and cranberries on hand at all times. Fresh fish every Friday.

HOME INDUSTRY FACTS

Who can say—man or woman—"Bigger payrolls in Oregon mean nothing to me?" There is no one who does not benefit in some way from the circulation of payroll money. It adds to the joys and softens the sorrows of life—and in doing so travels through the whole community.

The way to make more of it in Oregon is to USE HOME PRODUCTS.

"BEST INVESTMENT I HAVE EVER MADE"

Contractor Wouldn't Take Five Hundred Dollars For Good Tanlac Did Him.

"I just want to say right now that I wouldn't take five hundred dollars for the good that first bottle of Tanlac did me, for I feel like it has given me a new lease on life." said C. E. Nelson, a contracting carpenter living at 7728 63rd Ave., Southeast, Portland, Ore., recently.

"Following a serious accident four months ago," he continued, "which laid me up for eight or nine weeks, I lost my appetite, and my stomach got all out of order. What little I did manage to eat would sour and form gas, which would cramp and pain me until I could hardly stand it. Then my kidneys went back on me, and my back hurt so bad I couldn't find a comfortable position. They said I had rheumatism or 'lumbago', then my right leg, below the knee, got to hurting me, and at times I couldn't stand on my feet or get up when down. I was constipated all the time and suffered a great deal with headache. Nobody knows how I really did suffer, because I just can't describe it, and as nothing seemed to do me any good I had become discouraged about my condition.

"I finally sent down and got a bottle of Tanlac, as I had read so much about it, and it was about the best investment I ever made. My appetite came bounding back after my first few doses, and by the time my second bottle was gone, my stomach trouble was almost gone, too. I am now eating any and everything I want and it don't hurt me the least bit, and my kidneys and back are greatly improved. At

AH, YANKEE HORSES DRINK FROM RHINE

The first drink from the Rhine went to a horse, "Von Hindenburg," ridden by Capt. M. H. Latham of the American first division in the army of occupation. This photo was taken at Boppard, Germany, December 10. Captain Latham says he named his horse Von Hindenburg on account of its stubborn disposition.

the time I started on Tanlac I had to use crutches in order to get about, but I don't need them now at all, and have thrown them aside. I have gained several pounds in weight, and can just feel myself getting stronger every day. I have gone back to work already, and I never lose an opportunity to speak a good word for Tanlac."

Tanlac is sold in Burns by Reed Bros. and in Crane by Vale Trading Co.

The man who swore off smoking on New Year's has by this time extricated his dear old pipe from the snowdrift to which in the first fine frenzy of resolution he consigned it.
