Albers' Flapjack Flour

THE RETURNED SOLDIER AND THE CITIZEN.

(Contributed)

The whole program of Reconstruction and Readjustment—Is one that revolves around the question of labor. What can we do to furnish employment to the returned and returning soldier—

And at the same time keep those who have employment at work also. There is little use in asking Oregon manufacturers and employers—

To take on more men, if they are already loaded with their full requirements?

If our factories can sell only the goods already being made—

And the demand does not increase for their products—

How can more people be given work?

It is a question that every citizen can answer and be of practical help. Buy goods that our Oregon factories are making—

Increase the demand for our products and the demand for men to make them increases at the same time.

Oregon manufacturers employ Oregon citizen and our factories are better in many ways—

Then why be found elsewhere—

And to fall to buy the products is to discredit our citizens as being capable of turning out products equal to other places.

It is not a question of sympathy, subs or subsidies—

It is simply a practical question that every citizen of Oregon has in his or her hands to answer and adjust.

according to reports made by co-operating farmers, a saving in crops valued at \$1,251,553 was the result of this organized effort.

In addition to co-operative work done on private lands approximately 100,000 acres of vacant federal lands adjacent to farms were treated with poison furnished by the bureau of biological survey, thus preventing infestation to a large extent.

"It is planned to conduct organized campaigns against rodent pests during the coming season in practically every agriculture county in the state, in an effort to check the loss in crops and to eventually rid the state of the pests.

"As a suggestion by the campaigns which already have been conducted effectively in the more important features essential to ultimate success are co-operation of all agencies involved including farmers, local organizations, county, state and federal officials; leadership trained and experienced in methods of rodent control and in organization; a unit plan to systematize activities and cover a sufficiently large territory to prevent reinfestation; financial support to procure supplies in large quantities; and legal provision for the extermination of pests upon neglected areas.

The things that pass from one country to another, evidently, are the bills. What about all the letters that have been lost from France to us and from us to France?

Surely the almighty dollar is the most important thing after all if the human, sentimental side of the war is to be crowded out in this manner while the other really secondary things are pushed through without a single loss or delay.

The trouble with us is that we don't complain enough. There should have been complaint after complaint drowning the intelligence office until we should have received some satisfaction instead of the old worn out phrase: "Well it's war times, you know."

Don't Fool Yourself.

A man suffering from backache, rheumatic pains, stiff joints or sore muscles may laugh and say these symptoms of kidney trouble "don't amount to anything." It is folly to ignore Nature's warnings. Foley Kidney Pills give quick relief in kidney or bladder troubles and "it is better to be safe than sorry." Sold by Reed Bros.
